

REQUEST FOR PROPOSALS, DECEMBER 04, 2018

WASTEWATER TREATMENT PLANT EXPANSION – PROJECT 1
FOR THE
CITY OF IDAHO SPRINGS

Fischer Construction, Inc. is the Construction Manager At Risk (CMAR) for the City of Idaho Springs (Owner) Wastewater Treatment Plant Expansion – Project 1 (Project). The CMAR is soliciting proposals for suppliers of the equipment for the Project. The CMAR is also soliciting proposals for all subcontractors and materials needed for Project 1. Project 1 includes a new headworks, aerobic digestion tanks, influent equalization, and relocation of the City's dewatering facilities at the City's existing wastewater treatment plant (WWTP). A general list of the equipment and subcontractors needed is provided below and the project manual is attached:

Equipment

1. Center Flow Band Screen and Washer Compactor
2. Grit Removal System
 - a. Grit Classifier
 - b. Vortex Grit Removal System
3. Influent Flow Measurement Flume
4. Non-Clog Centrifugal Pumps
5. Rotary Lobe Sludge Pumps
6. Rotary Lobe Blowers
7. Automatic Samplers
8. Coarse Bubble Aeration for the Aerobic Digesters and Pre-Equalization Tank
9. Mechanical Mixers for the Aerobic Digesters

Electronic proposals shall be received until 2:00 pm, local time, Tuesday December 18th, 2018 at:
