

Clear Creek Fire Authority

Post Office Box 507
Dumont, Colorado 80436

Clear Creek Fire Authority is a partner with the City of Idaho springs in providing Fire Safety Code Enforcement to protect the citizens of Idaho Springs and the visitors that support our business community. As a partner, we are part of the plan review process for construction projects within the City of Idaho Springs. Following is information to assist you in the process.

We are available for preliminary field visit and/or discussion of your project prior to plan submittal. As with the Building Department, we believe it can be beneficial to both sides to look at feasibility of ideas prior to project initiation. A quick phone call can help decide best direction to proceed.

A CCFA Permit is required for all Tenant finishes, remodels or alterations to existing buildings, new construction, Fire detection and suppression systems. **EXCEPTION: 1 and 2 family Dwellings.**

CCFA requires 2 sets of any plans you submit to the City with inclusion of all City required information for our review and approval for issuance of a CCFA Permit.

Required review materials must be delivered directly to our office or can be e-mailed.

Our physical address is: 308 County Rd. 308 in Dumont, ½ mile West of the Exit 235 intersection.

Our Mail address is: CCFA P.O. Box 507 Dumont, CO 80436
