LAW ENFORCEMENT CODE OF ETHICS

Law Enforcement Code of Ethics

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accept unreasonable personal gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

200.3.2 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or

special assignment (e.g., canine, SWAT), any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.3 ORDERS

Members shall respond to and make a good faith and reasonable effort to comply with lawful orders of superior officers and other proper authority.

200.3.4 UNLAWFUL AND CONFLICTING ORDERS

No member is required to obey any order that outwardly appears to be in direct conflict with any federal law, state law or local ordinance. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or confer with a higher authority. Responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with an order that is in conflict with a previous order, department policy or other directive, shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the order is intended to countermand the previous order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting order after having given the issuing supervisor the opportunity to correct the conflict are not held accountable for disobedience of the order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Departmental Directive and Special Orders

201.1 PURPOSE AND SCOPE

Departmental Directives and Special Orders establish interdepartmental communication that may be used by the Chief of Police to make immediate changes to policy and procedure. Departmental Directives will immediately modify or change and supersede sections of this manual to which they pertain.

201.1.1 DEPARTMENTAL DIRECTIVE PROTOCOL

Departmental Directives will be incorporated into the manual, as required upon approval of the staff. Departmental Directives will modify existing policies or create a new policy as appropriate and will be rescinded upon incorporation into the manual.

All existing Departmental Directives have now been incorporated in the updated Policy Manual as of the revision date listed below.

Any Departmental Directives issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number "01." For example, 11-01 signifies the first Departmental Directive for the year 2011.

201.1.2 SPECIAL ORDERS PROTOCOL

Special Orders establish a temporary policy or procedure on a given subject for a specific length of time. Special Orders are issued to the organization as a whole, to a section, to a unit or to an individual. Special Orders become inoperative with the passing of the incident or situation that caused the order to be issued.

201.2 RESPONSIBILITIES

201.2.1 STAFF

The staff shall review and approve revisions of the Policy Manual, which will incorporate changes originally made by a Departmental Directive.

201.2.2 CHIEF OF POLICE

The Chief of Police or the authorized designee shall issue all Departmental Directives and Special Orders.

201.3 ACCEPTANCE OF DEPARTMENTAL DIRECTIVE

All employees are required to read and obtain any necessary clarification of all Departmental Directive. All employees are required to acknowledge in writing the receipt and review of any new Departmental Directive. Signed acknowledgement forms and/or e-mail receipts showing an employee's acknowledgement will be maintained by the Chief of Police.

Emergency Management Plan

202.1 PURPOSE AND SCOPE

In compliance with the State of Colorado Emergency Operations Plan, the City has prepared or adopted an Emergency Operations Plan (CRS § 24-33.5-707). This plan provides guidance and is to be used by all work groups and employees in the event of a major disaster, civil disturbance, mass arrest or other emergency event. The plan provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated.

202.2 ACTIVATING THE EMERGENCY OPERATIONS PLAN

The Emergency Operations Plan can be activated in a number of ways. For the Police Department, the Chief of Police or the highest ranking official on-duty may activate the Emergency Operations Plan in response to a major emergency.

202.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Idaho Springs Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

202.3 LOCATION OF THE EMERGENCY OPERATIONS PLAN

Copies of the plan are available in Administration, the Supervisor's office and in Dispatch. All supervisors should familiarize themselves with the Emergency Operations Plan and the roles personnel will play when the plan is implemented.

The State of Colorado Emergency Operations Plan and additional regional information can be found on the Colorado Office of Emergency Management website.

202.4 UPDATING THE PLAN

The Chief of Police or the authorized designee shall review and update, if necessary, the Emergency Operations Plan at least once every two years to ensure it conforms to any revisions made by the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS), and that any needed revisions are appropriately addressed.

202.5 PLAN REVIEW

At least once every two years, the Department should conduct a review of the Emergency Operations Plan and responses, incorporating a full or partial exercise, tabletop or command staff discussion.

202.6 PLAN TRAINING

The Department shall provide training in the Emergency Operations Plan for all supervisors and other appropriate personnel. All supervisors should familiarize themselves with the Emergency Operations Plan and the roles police personnel will play when the plan is activated.

Electronic Mail

203.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (email) system provided by the Department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties. It is to be used in accordance with generally accepted business practices and current law. Messages transmitted over the email system must only be those that involve official business activities or that contain information essential to employees for the accomplishment of business-related tasks and/or communications directly related to the business, administration or practices of the Department.

203.2 EMAIL RIGHT OF PRIVACY

All email messages, including attachments, transmitted over the department networks or through a web browser accessing the department system are considered department records and therefore are the property of the Department. The Department reserves the right to access, audit and disclose for any lawful reason, all messages, including attachments, transmitted or received through its email system or placed into its storage.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternate method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

203.3 RESTRICTIONS ON USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business-related items that are of particular interest to all users. All email is subject to review and scrutiny with regard to appropriate content or violation of any prohibitions. In the event that a user has questions about sending a particular email communication, the user should seek prior approval from the Chief of Police or a Supervisor. Personal advertisements or announcements are not permitted.

It is a violation of this policy to transmit a message under another user's name or email address or to use the password of another to log into the system. Users are required to log off the network or secure the workstation when the computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password.

Administrative Communications

204.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

204.2 MEMORANDUMS

Memorandums may be issued periodically by the Chief of Police or the authorized designee to announce and document all promotions, transfers, hiring of new personnel, separations, individual and group awards and commendations or other changes in status.

204.3 CORRESPONDENCE

To ensure that the letterhead and name of the Department are not misused, all official external correspondence shall be on Department letterhead. All Department letterhead shall bear the signature element of the Chief of Police. Official correspondence and use of letterhead requires approval of a supervisor. Department letterhead may not be used for personal purposes.

Internal correspondence should use appropriate memorandum forms. These may be from line employee to employee, supervisor to employee or any combination of employees.

204.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police or the authorized designee or a Supervisor.

204.5 OTHER COMMUNICATIONS

Departmental Directives and other communications necessary to ensure the effective operation of the Department shall be issued by the Chief of Police or the authorized designee or Supervisors.

Supervision Staffing Levels

205.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against its need and inherent managerial right to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet the operational requirements of the Department.

205.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in scheduling at least one supervisor on-duty whenever possible. The Chief of Police will ensure that at least one supervisor is available during each shift. If supervisors are off-duty one will be designated as the on-call supervisor.

205.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, an officer may be used as a supervisor in place of the a higher ranking sworn member..

With prior authorization from the Patrol Supervisor, an officer may act as the Supervisor **for a limited period of time.**

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Serious bodily injury - An injury that presents a substantial risk of death, a substantial risk of serious permanent disfigurement, a substantial risk of protracted loss or impairment of the function of any part or organ of the body, or breaks, fractures, or burns of the second or third degree.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force

The Idaho Springs Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force.

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor, as soon as feasible.

300.2.2 ADDITIONAL INTERVENTION AND REPORTING

When possible, An officer shall also intervene to prevent or stop another peace officer from using physical force that exceeds the degree of force permitted by CRS § 18-1-707.

An on-duty officer who witnesses another peace officer using force in excess of that permitted by CRS § 18-1-707 shall report such use of force in writing to the officer's immediate supervisor. Such report shall be within 10 days of the occurrence and include the date, time, and place of the occurrence; the identities, if known, and description of the participants; a description of the events and the force used; and must be included with all other reports of the incident (CRS § 18-8-802).

An officer shall intervene to prevent or stop another peace officer from using or directing the use of ketamine to effect an arrest, detention, restraint, transport, or punishment; to prevent the escape from custody; or to facilitate ease and convenience in the law enforcement encounter and report the intervention as required by CRS § 18-8-805 and 4 CCR 901-1:17.

300.2.3 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 DE-ESCALATION OF POTENTIAL FORCE ENCOUNTERS

When safe and reasonable under the totality of circumstances, officers shall use de-escalation techniques to reduce the likelihood for force and increase the likelihood of voluntary compliance. Nothing in this de-escalation policy requires an officer to place themselves in harm's way to attempt to de-escalate a situation. Recognizing that circumstances may rapidly change, officers may need to abandon de-escalation efforts after they have commenced. Understanding that no policy can realistically predict every situation an officer might encounter, the Department recognizes that each officer must be entrusted with well-reasoned discretion in determining the reasonable deescalation techniques to use in a situation. This de-escalation policy is intended to complement, not replace or supersede, other portions of the ISPD Policy Manual or specific officer training that addresses de-escalation.

300.2.1 ASSESSMENT AND DE-ESCALATION As officers arrive on the scene, observe conditions, and interact with the persons there, they should continue to gather additional relevant information and facts. These assessments, along with reasonable inferences help to develop an understanding of the totality of the circumstances of the incident.

(a) Assessing Risks and Benefits – After an officer has gathered sufficient information to ascertain anticipated threats at the scene, they shall consider whether de-escalation is appropriate. Factors that should be considered are:

1. whether the officer believes the search, arrest or transportation must be undertaken immediately;
2. what risks and benefits may be associated with delaying immediate action;
3. what contingencies may arise;
4. whether the situation requires a supervisor's response;
5. whether other officers may be needed on the scene, including special units, such as CIT or CINT;
6. whether other resources (e.g. less-lethal weaponry, special equipment, or other emergency professionals, interpreters or other persons) are needed; and
7. other factor(s) relevant to assessing risks, benefits and contingencies.

Having completed the above outlined assessment the officers shall, if reasonable, identify and employ appropriate de-escalation techniques.

(b) Use of De-escalation Techniques – Employing de-escalation techniques may involve securing additional resources, tactical repositioning, and employing verbal persuasion.

1. Securing Additional Resources -- Officers may utilize additional resources which are reasonably calculated to lessen or possibly eliminate the need to respond to resistance in a situation. To the extent possible and reasonable, in light of the totality of the circumstances, officers should avoid physical confrontation until such time as additional resources have arrived to assist. Additional resources may include:

- (a) less lethal weaponry;
- (b) additional officers;
- (c) officers with special training, such as CIT or CINT; or
- (d) any other persons whose presence may help de-escalate the situation (e.g., emergency medical professionals, interpreters, or supportive family members).

2. Tactical Repositioning -- To delay or avoid physical confrontation, officers may wish to employ any one or more of the following tactical repositioning measures, to the extent possible and reasonable in light of the totality of circumstances:

- (a) maintain safe physical distance from the subject;

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force

(b) maintain cover behind existing or assembled physical barriers; or

(c) communicate from a location that is concealed from the subject.

3. Verbal Persuasion -- To the extent possible and reasonable under the totality of the circumstances officers may use one or more of the following verbal techniques to try to calm an agitated subject and promote rational decisions.

(a) Treat the subject with dignity and respect, the way the officer would wish to be treated if they stood in the subject's shoes;

(b) Listen to the subject's side of the story and permit them to express frustration;

(c) Explain what the officer is doing, what the subject can do, and what needs to happen;

(d) Explain why the officer is taking a specific action, again permitting the subject to respond and acknowledging their perspective;

(e) If possible, provide the subject with alternatives, even though those alternatives may be limited;

(f) Advise the subject of the consequences for noncompliance;

(g) Offer reasonable, professional advice if it is expected to help; or

(h) Provide the subject with reasonably sufficient time within which to respond to directive

300.4 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.4.1 USE OF FORCE TO EFFECT AN ARREST

An officer should apply nonviolent means, when possible, and may use physical force only if nonviolent means would be ineffective to effect an arrest, prevent an escape, or prevent an imminent threat of injury to officers or others (CRS § 18-1-707).

Officers should only use that degree of force consistent with the minimization of injury to others (CRS § 18-1-707).

Officers shall not apply force in excess of the force permitted by CRS § 18-1-707 to a person who has been rendered incapable of resisting arrest (CRS § 18-8-803).

300.4.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force

- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

The United States Supreme Court established the objectively reasonable standard for intentional use of force in the **Graham v Connor** decision. The Supreme Court addressed the fact that evaluating police use of force should not occur through the lens of 20/20 hindsight, instead the use of force should be evaluated using the facts and circumstances as reasonably believed by the officer at the time the force was used. The following factors were to be used to determine objective reasonableness:

- (a) The severity of the crime at issue.
- (b) Is there an immediate threat posed by the suspect if they are not immediately apprehended?
- (c) The officer's reasonable perception of whether the suspect is actively attempting to evade or resist the officer.

300.4.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.4.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Idaho Springs Police Department for this specific purpose.

300.4.5 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force

the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.4.6 PROHIBITION ON CHOKEHOLDS

An officer is prohibited from using a chokehold upon another person. A chokehold is defined as a method by which a person applies sufficient pressure to a person to make breathing difficult or impossible. It also includes pressure to stop the flow of blood to the brain via the carotid arteries (CRS § 18-1-707).

There is only one exception to the choke hold prohibition. In situations where an officer is fighting for their life that officer may use any objectively reasonable defensive force to protect themselves from an assailant.

300.5 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts or that doing so would unduly place officers or other persons at risk of injury or death (CRS § 18-1-707).

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.5.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force

there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.6 DISPLAY OF FIREARMS

Firearms may be readied for use in situations where it is anticipated they may be required. Firearms shall not be displayed or pointed in a threatening or intimidating fashion unless it is objectively reasonable to believe there is a substantial risk that the situation may escalate to the point where deadly force would be permitted. Firearms shall be secured or re-holstered as soon as reasonably practicable when it is determined that deadly force is no longer necessary.

The sighting or aiming a any firearm at a person will be documented in the criminal report and a Use of Force Report.

300.7 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.7.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.8 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force

or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.9 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force

3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.9.1 SUPERVISOR RESPONSIBILITY

The Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues. The Chief of Police will also review all use of force incidents.

300.10 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

300.11 USE OF FORCE ANALYSIS

At least annually, the Chief of Police will review use of force trends within the agency including:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Idaho Springs Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Idaho Springs Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Chief of Police will convene the Use of Force Review Board as necessary. It will be the responsibility of the supervisor of the involved employee to notify the Chief of Police of any incidents requiring board review. The involved employee's supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Chief of Police should select four Use of Force Review Board members from the following, as appropriate:

- A member of City Council
- Commanding officer in the involved member's chain of command
- Chief of Police from an outside law enforcement agency

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Use of Force Review Boards

- Non-administrative supervisor
- Department Detective
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be

Idaho Springs Police Department

forwarded to the involved employee's Supervisor. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Idaho Springs Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Idaho Springs Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons, waist chains or handcuffs behind the body.

No person who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Handcuffing and Restraints

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless the juvenile is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure themselves, injure the officer, or damage property.

An officer working as a school resource officer or responding to a public school or school-sanctioned event shall not handcuff any juvenile unless the juvenile poses a threat to self or others or during transport after arrest (CRS § 26-20-111).

302.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS TO ARRESTED PARTIES

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety. Department values mandate that persons taken into custody will not be abused, and the individual rights of prisoners must be protected at all times. Until arrested persons are accepted at the booking facility, their care and custody shall be the responsibility of the arresting/transporting officers.

Suspects being arrested and transported in police vehicles shall be handcuffed or otherwise restrained. In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Handcuffing and Restraints

distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

Officers should refrain from placing subjects with spit hoods on the ground on their stomachs but where possible and behaviors allow should have the subject in a sitting or when escorted in a standing position.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Handcuffing and Restraints

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

302.9 TRAINING

Subject to available resources, the Chief of Police should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.

Idaho Springs Police Department

- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Idaho Springs Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 SUPERVISOR RESPONSIBILITIES

The Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 FIREARMS INSTRUCTOR RESPONSIBILITIES

The Firearms Instructor shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Firearms Instructor or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Firearms Instructor for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Supervisor, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 FN 303

The FN 303 is a semi-automatic less-lethal weapon platform designed and manufactured by Fabrique Nationale de Herstal. The FN303's projectiles have been specifically designed to break up on impact. Typical operating scenarios include:

- Domestic violence intervention
- Marking violent suspects
- Building surveillance
- Suicidal Parties

The FN 303 uses compressed air to fire projectiles from a 15-round drum magazine. The FN 303 fires a spherical, fin-stabilized projectile. The forward half of the sphere is a non-toxic granulated bismuth shell designed to fragment on impact. The rear half of the sphere contains one of several color-coded liquid payloads:

- **Training/Impact (clear)** - non-toxic glycol base with no additives, used for training and when the impact sting is the preferred deterrent.
- **Permanent paint (yellow)** - latex-based polymer paint used to mark suspects for later identification.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Control Devices and Techniques

- **Washable paint (pink)** - water-soluble fluorescent pink pigment in glycol base, similar to standard paintball filling, used to mark suspects short-term.
- **Oleoresin capsicum (orange)** - glycol base mixed with 10% OC (pepper spray) at 5 million SHU, used to incapacitate targets.

This weapon platform is intended only to be used when two officers or more are handling the call, as only weapon platform will be deployed by any officer, one with less lethal and the other with lethal cover or hands on as needed. Only certified personnel will deploy this weapon platform.

303.8 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in, violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.8.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.8.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

303.8.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

303.9 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.10 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.10.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.10.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Control Devices and Techniques

- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.10.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10.4 PROTEST OR DEMONSTRATION CONSIDERATIONS

In response to protests or demonstrations, officers should not discharge kinetic energy projectiles in a manner that intentionally targets the head, neck, pelvis, or back of any person (CRS § 24-31-905).

Officers shall not indiscriminately discharge kinetic energy projectiles into a crowd (CRS § 24-31-905).

Control Devices and Techniques

303.11 TRAINING FOR CONTROL DEVICES

The Chief of Police shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

303.12 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

303.13 ADDITIONAL CHEMICAL AGENT DEPLOYMENT CONSIDERATIONS

In response to a protest or demonstration, officers shall not use any chemical agents, including pepper spray or tear gas, without first issuing an order to disperse. The order shall be given in a reasonably sufficient manner to be heard, and repeated if necessary, and followed by sufficient time and space to allow compliance with the order (CRS § 24-31-905).

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

304.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training may be issued and may carry the CED.

The Firearms Instructor should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

Officers who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.
- (c) Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

304.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Firearms Instructor for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

304.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Conducted Energy Device

be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

304.6.1 CED REPORT FORM

As applicable based on the device type, items that shall be included in the CED report form are:

- (a) The brand, model, and serial number of the CED and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the CED was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Chief of Police should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Chief of Police should also conduct audits of CED device data

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Conducted Energy Device

downloaded to an approved location and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Firearms Instructor and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

304.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Chief of Police. All training and proficiency for CEDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Chief of Police is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Chief of Police should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (g) De-escalation techniques.

- (h) Restraint techniques that do not impair respiration following the application of the CED.
- (i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.
- (j) Proper tactics and techniques related to multiple applications of CEDs.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.3 CONTROL OF INVESTIGATIONS

The Colorado Bureau of Investigation will be requested to perform the criminal investigation of officer-involved shootings and deaths.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.3.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Idaho Springs Police Department would control the investigation if the suspect's crime occurred in Idaho Springs, however the Colorado Bureau of Investigation may also be requested to investigate.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

305.3.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be investigated by the Colorado Bureau of Investigation. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Officer-Involved Shootings and Deaths

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.3.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.4 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.4.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved ISPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.4.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved ISPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any ISPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Supervisor and Dispatch. If feasible, sensitive information should be communicated over secure networks.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Officer-Involved Shootings and Deaths

- (d) Take command of and secure the incident scene with additional ISPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved ISPD officer should be given an administrative order not to discuss the incident with other involved officers or ISPD members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.4.3 SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Supervisor shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police or a Supervisor.

All outside inquiries about the incident shall be directed to the Chief of Police.

305.4.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- ISPD Supervisor
- Outside agency investigators (if appropriate)
- Psychological/peer support personnel
- Law Enforcement Chaplain (if necessary)
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
- City Administrator of Idaho Springs

305.4.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 - 1. Involved ISPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - 2. Requests from involved non-ISPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Officer-Involved Shootings and Deaths

- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved ISPD officer. A licensed psychotherapist may also be provided to any other affected ISPD members, upon request.
 - 1. Interviews with a licensed psychotherapist will be considered privileged.
 - 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 - 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
 - 4. Communications between the involved officer and a peer support member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved ISPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death or appropriate duty reassignment as agreed upon by the involved officer and the Department to allow the officer to receive services and manage the impact of the incident on the officer and the officer's family and significant others. It shall be the responsibility of the Supervisor to make schedule adjustments to accommodate such leave.

305.5 CRIMINAL INVESTIGATION

The Colorado Bureau of Investigation is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) ISPD supervisors or personnel should not participate directly in any voluntary interview of ISPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If a formal interview is required, it will not be done until the involved officer has had **two** sleep cycles as is recommended by the Force Science Institute.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Officer-Involved Shootings and Deaths

1. An exception may be made to obtain enough information to complete a Probable Cause Affidavit in order to affect the arrest of the suspect.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.5.1 REPORTS BY INVOLVED ISPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved ISPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved ISPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved ISPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.5.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Officer-Involved Shootings and Deaths

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.5.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Section supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Section supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Supervisor.

305.5.4 MULTI-AGENCY INVESTIGATION

Officer-involved shootings that result in injury or death or other uses of force by an officer that result in death shall be investigated by a multi-agency team. The multi-agency team shall include at least one other police or sheriff's agency or the Colorado Bureau of Investigation. The Chief of Police or the authorized designee shall ensure this protocol is posted on the Idaho Springs Police Department website and is available to the public upon request (CRS § 16-2.5-301).

305.6 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved ISPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Chief of Police and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies (see the Personnel Complaints Policy) and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - (a) Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - (b) If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - (c) Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - (d) The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - (e) The Chief of Police shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - (f) Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 - (g) Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.7 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

305.9 DEBRIEFING

Following an officer-involved shooting or death, the Idaho Springs Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

305.9.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.10 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Supervisor, Investigation Supervisor and Chief of Police in the event of inquiries from the media.

No involved ISPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Supervisor.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

305.11 POST-INCIDENT SERVICES FOR FAMILY

The family members and significant others of an officer who has been involved in a shooting or deadly use of force should be provided, as department resources reasonably allow (CRS § 16-2.5-403):

- (a) At least one confidential post-incident meeting with a qualified mental health professional (CRS § 16-2.5-402) in a timely manner following the incident, including through telehealth services.
- (b) Ongoing confidential mental health services from a qualified mental health professional (CRS § 16-2.5-402) as needed, including through telehealth services.
- (c) Peer support, including department peer support or online or telehealth peer support.

305.12 PROTOCOLS FOR RETURN TO DUTY

The Department shall take steps to facilitate returning department members back to their duty assignments following their involvement in a shooting or deadly use of force, taking into consideration the Department's size and resources (CRS § 16-2.5-403).

305.12.1 REINTEGRATION

Taking into account that involved officers may experience psychological, physical, or emotional reactions, the Department shall implement a reintegration plan that considers having the officer:

- (a) Return to the scene of the incident.
- (b) Fire the officer's weapon at the range.
- (c) Participate in graded re-entry with a companion officer or peer support officer of the officer's choosing.

305.12.2 ONGOING SUPPORTIVE MENTAL HEALTH SERVICES

An officer who has been involved in a shooting or deadly use of force shall be provided ongoing supportive mental health services, including confidential follow-up by a qualified mental health professional (CRS § 16-2.5-402), either in person or through telehealth services.

305.13 POLICY REVIEW

The Department should review this policy biennially and make any necessary updates to reflect current best practices and available resources (CRS § 16-2.5-403).

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

306.1.1 AUTHORIZATION TO CARRY FIREARMS

306.2 POLICY

The Idaho Springs Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

306.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Firearms Instructor. All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Supervisor. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

306.3.1 SHOTGUNS

306.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

306.4.1 REPAIRS AND MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Firearms Instructor.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Firearms Instructor.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Firearms Instructor.

306.4.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

306.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Firearms Instructor. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

306.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Firearms Instructor. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

306.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Firearms Instructor. Members shall not dry fire or practice quick draws except as instructed by the Firearms Instructor or other firearms training staff.

- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Firearms Instructor approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Firearms Instructor will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

306.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

306.6.2 QUALIFICATION STANDARDS

The qualification standards, including the score required for qualification, target type, timing, distance and other conditions, are noted in an attachment to this policy. In addition to the range course qualification, members must achieve a passing score on any written tests based on the training provided.

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Supervisor or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or a recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. Officers should follow their training to identify animal behaviors that may reasonably put local law enforcement officers or other individuals in imminent danger, in addition to animal behaviors that do not reasonably suggest or pose an imminent danger.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device (CED), oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

Subject to safety concerns or other exigent circumstances, officers should consider alternatives to the use of firearms. Such alternatives include using the officer's CED or allowing the owner to control or remove the animal from the immediate area.

306.7.2 INJURED ANIMALS

Officers may euthanize an animal when, in his/her judgment and in the opinion of a licensed veterinarian, the animal is experiencing extreme pain or suffering or is severely injured, disabled or diseased past recovery and where other dispositions are impractical. In the event a licensed veterinarian is not available, the animal may be euthanized at the request of the owner or by the written certificate of two persons called to view the animal (CRS § 35-42-110).

Injured wildlife may be euthanized whenever the officer determines that no other reasonable action would be practical, humane or effective for the rehabilitation of the wildlife (2 CCR 406-14:1405).

306.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.7.4 NEGLIGENT DISCHARGE

If firearm discharge is the result of negligence, the involved officer shall undergo remedial firearms training and qualification as determined by the Firearms Instructor.

306.8 FIREARMS INSTRUCTOR DUTIES

The range will be under the exclusive control of the Firearms Instructor. All members attending will follow the directions of the Firearms Instructor. The Firearms Instructor will maintain a roster of all members attending the range and will submit the roster to the Chief of Police after each range date. Failure of any member to sign in and out with the Firearms Instructor may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Firearms Instructor has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Firearms Instructor has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Firearms Instructor.

The Firearms Instructor has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Firearms Instructor shall complete and submit to the Chief of Police documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Firearms Instructor should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Chief of Police.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Idaho Springs Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Idaho Springs Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Idaho Springs Police Department an NLETS message

containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and should include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Idaho Springs Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

306.11 TRAINING

In addition to general training regarding the use of firearms, the Chief of Police shall ensure that training is provided on encounters with dogs in the course of duty as required by CRS § 29-5-112. At a minimum, the training must cover the policies and procedures adopted by this department.

306.11.1 ADDITIONAL REQUIREMENTS

Before being authorized to carry any firearm, members will be given access to and receive training on this policy and the Use of Force Policy. Each member shall acknowledge that he/she has been provided access to and has had the opportunity to review and understand both policies.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public and fleeing suspects.

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicle pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers (CRS § 42-4-108).

307.1.1 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall and come to a stop.

Ramming - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's emergency signal to stop.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

307.2 POLICY

It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

307.3 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by law (CRS § 42-4-213).

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property:

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit (CRS § 42-4-108(2)(c)).
- (c) Disregard regulations governing direction of movement or turning in specified directions.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others (CRS § 42-4-108).
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (d) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (e) Whether weather, traffic and road conditions unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as aircraft assistance.
- (l) Whether the pursuing vehicle is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered when deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

307.4 PURSUIT UNITS

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three police department vehicles (two units and a supervisor). However, the number of vehicles involved will vary with the circumstances.

An officer or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

307.4.1 MOTORCYCLES

When involved in a pursuit, police department motorcycles should be replaced by marked emergency vehicles as soon as practicable.

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit (CRS § 42-4-213). Officers in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

307.4.3 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close enough to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

The primary unit should notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including the license plate number, if known.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.
- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

307.4.4 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing officer is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing officer once the subject has been stopped.

307.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 1. Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

2. Pursuing officers should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
1. Request assistance from available air support.
 2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
 3. Request other officers to observe exits available to the suspect.
- (d) Notify the Colorado State Patrol or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing officer and with a clear understanding of the maneuver process between the involved officers.

307.5.1 PURSUIT TRAILING

In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

307.5.2 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

307.5.3 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the police department vehicle.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

Non-pursuing members needed at the pursuit termination point should respond in a nonemergency manner, observing the rules of the road.

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

307.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

- (a) Immediately notifying involved officers and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Supervisor is notified of the pursuit, as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (j) Controlling and managing Idaho Springs Police Department officers when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit as required.

307.6.1 SUPERVISOR RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Supervisor shall review all pertinent reports for content and forward them to the Supervisor.

307.7 DISPATCH

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

307.7.1 RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- (a) Clearing the radio channel of nonemergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

307.8 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.8.1 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.8.2 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to Department policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result

in the driver attempting to flee in the vehicle. Because of the potential risk involved, this technique should only be employed by officers who have received training in such tactics and after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers or other members of the public.
 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 4. The target vehicle is stopped or traveling at a low speed.
 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the PIT will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:
1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
- If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
- (d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box in a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (e) Tire deflation devices should be deployed only when it is reasonably apparent that only the pursued vehicle will be affected by their use. Prior to the deployment of spike strips, the officer shall notify pursuing units and the supervisor of the intent and location. Officers should carefully consider the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle. If

Idaho Springs Police Department

the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor, and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risk of injury or death to occupants of the pursued vehicle, officers or other members of the public.

307.8.3 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans to contain and capture the suspect.

307.9 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

307.9.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Idaho Springs Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The roles and responsibilities of officers at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

307.9.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Officers from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, an officer from this department may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Idaho Springs Police Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Supervisor should review a request for assistance from another agency. The Supervisor or supervisor, after considering the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing agency by officers of this department will conclude at the City limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, officers shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.9.3 OTHER CONSIDERATIONS

Assistance to an outside pursuing agency by officers from this department shall be provided in accordance with any agreements or memorandums of understanding in place that address vehicle pursuit assistance.

307.10 COLORADO ASSOCIATION OF CHIEF'S OF POLICE INTER-JURISDICTIONAL PURSUIT GUIDELINES AND PROCEDURES

The intent of these guidelines and procedures is to set forth agreed upon best practices by the Colorado Association of Chief's of Police; *they are not intended to supersede departmental policy of any jurisdiction.*

307.10.1 STATEMENT OF PURPOSE

The law enforcement executives of the Colorado Association of Chief's of Police recognize that the fundamental duty of our law enforcement agencies is the protection and safety of our community and of our citizens. This duty includes the obligation to attempt the apprehension of persons who endanger the public by taking flight to avoid prosecution. However, at times, the danger presented by the pursuit itself can exceed the public safety value of immediate apprehension. Under such circumstances, the public safety is paramount.

It is expected that all peace officers will interpret the detailed pursuit procedures of their individual agencies in light of this duty and that they will evaluate the need to interrupt unlawful flight against the risks to public safety. This expected evaluation includes the decision to initiate the pursuit and continues during the pursuit.

There may be situations in which the escape of the suspect may create a greater risk to the safety of the public than the risks inherent in the pursuit. In these situations, extraordinary means may be used to bring the pursuit to a conclusion as rapidly as possible.

The intent of these guidelines and procedures is to set forth agreed upon best practices; they are not intended to supersede departmental policy of any jurisdiction.

307.10.2 DEFINITIONS

Pursuit (To include Fresh Pursuit) - Pursuit shall mean an active attempt by an officer (operating a department vehicle) to apprehend an operator of a motor vehicle who, having been given a visual and audible signal by the officer directing such operator to bring the vehicle to a stop, fails to obey such direction, and either increases vehicle speed, extinguishes the vehicle's lights, or makes some other overt action designed to avoid apprehension.

Emergency Operation - Emergency operation shall mean the act of driving a marked or unmarked vehicle with the emergency lights and siren in operation while in pursuit of a suspect in accordance with the Colorado Motor Vehicle Code, or applicable municipal ordinance.

Primary Vehicle - Primary vehicle shall mean the vehicle driven by the officer initiating a pursuit, or another vehicle which takes the lead vehicle position.

Secondary Vehicle - Secondary vehicle shall mean a vehicle which becomes involved in a pursuit immediately following the primary vehicle and acting as the primary vehicle's back up.

Officer - Officer shall mean any commissioned peace officer, recruit, or sworn employee in the State of Colorado, regardless of specific title, e.g., Sheriff, Deputy, etc., as defined in C.R.S. 16-2.5-101.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

Communications Section - Communications section shall mean that component of the primary jurisdiction responsible for broadcasting messages to law enforcement vehicles on police frequencies, for receiving such messages from vehicles and monitoring messages between vehicles; the communications section is commonly called "dispatch."

Supervisor - Supervisor shall mean a commissioned peace officer of the rank of Sergeant or of higher rank or, in the absence of a Sergeant or higher-ranking officer, the designated officer in charge.

Originating Jurisdiction - Originating jurisdiction shall mean the jurisdiction within which a pursuit originates.

Primary Jurisdiction - Primary jurisdiction shall mean the jurisdiction of the officer driving the primary vehicle.

Receiving Jurisdiction - Receiving jurisdiction shall mean a jurisdiction which is entered by a pursuit which began in the originating jurisdiction.

307.10.3 INTRA-JURISDICTIONAL PURSUIT GUIDELINES

Law enforcement officers, whenever possible, should consider alternative methods of apprehending suspects when it is likely that a vehicle pursuit will occur. The discretionary decision to initiate and continue a pursuit should be based upon factors such as the seriousness of the suspected crime, probability of later apprehension, traffic and roadway conditions, time of day, type of area where the pursuit occurs, or other factors that an officer would normally consider when evaluating the circumstances knowing that the immediate apprehension of a suspect may be outweighed by the risks imposed on the public's safety.

If a pursuit is initiated, officers shall use visual and audible warning devices (lights and siren) and should attempt to notify the communications section of their department of relevant facts about the chase, such as location, direction of travel, description of suspect vehicle, number of occupants, reason for the pursuit, speed, and other similar factors that may be relevant.

A fully marked patrol car is the most suitable vehicle to conduct a pursuit. If an unmarked car or special purpose vehicle is used, it should be used only until relieved by a marked car.

- Officers are expected to exercise a standard of care consistent with Colorado State law, C.R.S. 42-4-108, specifically: "(4) The provisions of this section shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others."
- Normally, only two vehicles should be directly involved in a pursuit. Directly involved, as used here, means following behind the pursued vehicle in close proximity. A supervisor may authorize such additional units as may be necessary to control the course of the pursuit or the point of conclusion.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

- The decision to pursue is not irreversible and officers must continually evaluate whether the seriousness of the crime justifies continuing the pursuit. A pursuit may be stopped at any point the officer or supervisor feels that it is too dangerous to continue.

307.10.4 SUPERVISORY ROLE DURING THE INTRA-JURISDICTIONAL PURSUIT

The supervisor in charge during a pursuit has the authority and responsibility to monitor the progress of the pursuit, evaluate the circumstances known to the supervisor at the time, and make a decision to allow the pursuit to continue or to order the pursuit to be discontinued.

307.10.5 INTER-JURISDICTIONAL PURSUITS

(a) NOTIFICATIONS

1. Notification After Entry and After Discontinuance / Conclusion:

- (a) Whenever a pursuit enters a receiving jurisdiction, the communications section of the originating jurisdiction shall, as soon as practicable, notify the receiving jurisdiction of the existence of the pursuit and the reason for the pursuit, and shall keep the receiving jurisdiction apprised of the status of the pursuit.
- (b) When a pursuit is discontinued or reaches conclusion, all units should be so advised immediately.

(b) PROCEDURAL GUIDELINES

(a) Supervisory Responsibilities in Police Vehicle Pursuits:

- (a) A supervisor from the originating jurisdiction and each primary jurisdiction should respond to the scene of conclusion or discontinuance of the pursuit, unless otherwise instructed by the receiving jurisdiction.
- (b) Each participating jurisdiction shall gather, and shall provide upon request to each other participating jurisdiction involved, information concerning the circumstances of their participation and the names of any of their officers participating in the pursuit.

(b) Number of Vehicles:

- (a) Any participating vehicle from a receiving jurisdiction involved, once relieved by another vehicle, should discontinue its participation as soon as practicable after leaving its jurisdiction unless circumstances dictate otherwise, or unless otherwise requested by the primary jurisdiction; however, the decision to discontinue participation may be the most appropriate course of action, depending on the circumstances.

(c) Pursuits Entering a Receiving Jurisdiction:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Pursuits

- (a) Officers in a receiving jurisdiction should not become directly involved in a pursuit originating in another jurisdiction, if the pursuit does not meet their criteria. The receiving jurisdiction may assign officers to assist with measures such as traffic control, to render assistance at the conclusion or discontinuation point, or to monitor the progress of the pursuit.
- (b) At no time does this preclude a receiving jurisdiction from participating in the pursuit, if the pursuit meets the receiving jurisdictions criteria and participation has been authorized by a supervisor from the receiving jurisdiction. The primary jurisdiction will be advised of the assistance provided.
- (c) The overall command of a pursuit shall rest with the primary jurisdiction.
- (d) Methods of Stopping Pursued Vehicles:
 - (a) When a pursuit has entered a receiving jurisdiction, the primary jurisdiction should attempt to notify the receiving jurisdiction, in advance if possible, of any method to be used by the primary jurisdiction to stop the pursued vehicle.
 - (b) The primary jurisdiction supervisor can request assistance from the receiving jurisdiction in deploying tactics to stop the suspect vehicle.
 - (c) If exigent circumstances exist, a supervisor from the receiving jurisdiction may deploy tactics to assist in stopping the suspect vehicle.
- (e) Tactics at the Conclusion of the Pursuit:
 - (a) Regardless of the tactics used to terminate a pursuit, the receiving jurisdiction shall direct and coordinate the actions of officers covering the point of termination. Any foot pursuits, perimeter control and investigation of crimes committed during or at the termination of the pursuit will be the responsibility of the jurisdiction in which it occurs. Care and caution should always be utilized at the conclusion of the pursuit.
- (f) Investigation / Jurisdiction at Conclusion:
 - (a) The on-scene supervisor of the originating jurisdiction shall be responsible for processing the arrest of any suspects and for coordinating the investigation. However, if there was a more serious violation in another jurisdiction, the on-scene supervisor from that jurisdiction shall assume the responsibility for coordinating the immediate investigation. Nothing herein shall preclude the investigation of any accident, criminal act, or other incident, which occurred during the course of the pursuit by any jurisdiction in which such an incident occurred.

307.11 PURSUIT INTERVENTION

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

307.11.1 WHEN USE IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

307.11.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.11.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public's safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic should only be employed by properly trained officers and after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers or others.
 - 2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
 - 3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
 - 4. The suspect vehicle is stopped or traveling at a low speed.
 - 5. Only law enforcement vehicles should be used in this tactic.

- (b) The PIT is limited to use by properly trained officers with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
 - 1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 - 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.
- (d) Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. Officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (e) Tire deflation devices should be deployed only after notification of pursuing officers and the supervisor of the intent and location of the intended deployment, and in a manner that:
 - 1. Should reasonably only affect the pursued vehicle.
 - 2. Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
 - 3. Takes into account the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle.
 - 4. Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or the public.

307.12 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

307.13 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

- (a) The primary pursuing officer shall complete appropriate crime/arrest reports.
- (b) The primary pursuing officer or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:
 - 1. Date and time of the pursuit.

Vehicle Pursuits

- (e) Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

307.14 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all officers will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

307.15 POLICY REVIEW

Officers of this department shall certify in writing that they have received, read and understand this policy initially, upon any amendments and whenever training on the policy is provided.

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

308.2 RESPONSE TO CALLS

Officers responding to any call shall proceed with due regard for the safety of all persons and property.

Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

Officers responding to a call as an emergency response shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (CRS § 42-4-108(3) and CRS § 42-4-213).

Responding with emergency lights and siren does not relieve the an officer of the duty to drive with due regard for the safety of all persons and property and does not protect the officer from the consequences of reckless disregard for the safety of others (CRS § 42-4-108(4)).

The use of any other warning equipment without emergency lights and siren does not generally provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Officers should only respond to a call as an emergency response when so dispatched or when responding to circumstances the officer reasonably believes involves the potential for immediate danger to persons or property. Examples of such circumstances MAY include:

- An officer who requires urgent assistance.
- A burglary in process that appears to involve a threat to any person's safety.
- A robbery in progress.
- A person brandishing a weapon.
- An apparent homicide.
- A suicide in progress.
- A fight, riot or other large disturbance involving or injuries.
- An assault or other violence in progress.
- A domestic dispute where injury is reasonably believed to be imminent, or has just occurred and the suspect is present.
- A kidnapping in progress.
- A traffic collision or other event involving a serious injury or the possibility of injury that may reasonably require immediate medical aid.

Officer Response to Calls

308.3 REQUESTING EMERGENCY ASSISTANCE

Officers may request emergency assistance when they reasonably believe that there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
-

Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify Dispatch.

308.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to a call with an emergency response. The Chief of Police or field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

308.4 INITIATING EMERGENCY CALL RESPONSE

If an officer believes an emergency response to any call is appropriate, the officer shall immediately notify Dispatch. An emergency response of more than one unit should initiate notification of and coordination by Dispatch to avoid any unanticipated intersecting of response routes.

308.5 RESPONSIBILITIES OF THE RESPONDING OFFICER

Officers shall exercise sound judgment and care with due regard for life and property when responding to a call with an emergency response. During a call involving an emergency response officers may (CRS § 42-4-108(2)):

- (a) Disregard regulations governing parking or standing when using a warning lamp.
- (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- (c) Exceed any speed limits provided this does not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

The decision to continue as an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Officer Response to Calls

Upon determining that an emergency response is appropriate, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at an emergency response scene should determine whether to increase or reduce the level of the response and notify Dispatch of their determination. Any subsequent change in the appropriate response level should be communicated to Dispatch by the officer in charge of the scene unless a supervisor assumes this responsibility.

308.5.1 EMERGENCY RESPONSE SPECIAL CONDITIONS

While performing certain emergency response tasks, the use of emergency lights or sirens may increase the danger to the responding officers or the public. In the following circumstances, officers may consider the appropriateness of an emergency response without siren, emergency lights or both:

- (a) An officer is attempting to confirm his/her suspicion that a driver has violated the traffic code and there is no other reasonable suspicion or probable cause to stop the driver (CRS § 42-4-108(3)).
- (b) An emergency response requires an element of stealth that would be defeated by the use of emergency lighting or siren. This response should use a siren and emergency lights until a stealth response without lights and siren is required, and the response should then continue accordingly.

Any emergency response without the use of emergency lights and siren shall be conducted with due regard for the safety of the public and property and the recognition that such a response may not provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Any emergency response without the use of lights or siren shall cease if the circumstances no longer warrant such a response.

308.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or when the available information reasonably indicates that the public is threatened with serious injury or death and an immediate law enforcement response is needed. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) If necessary under the circumstances immediately notify a Supervisor.
- (c) Confirm the location from which the unit is responding.
- (d) Notify and coordinate outside emergency services (e.g., fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communication during the emergency and if necessary coordinate assistance under the direction of the Chief of Police or field supervisor.

Officer Response to Calls

308.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Supervisor or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Chief of Police or the field supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly.

The officer shall notify the Chief of Police, field supervisor or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Body Worn Camera Systems

309.1 PURPOSE AND SCOPE

The use of Body Worn Camera (BWC) system provides an audio/video recording of events that employees encounter. These recordings can be useful for the documentation of evidence, the preparation of offense reports, and future court testimony. BWC systems can improve community relations and may deter inappropriate conduct by both the members of the public and the police department.

This policy covers the use of the Department issued BWC systems. This policy does not cover the use of surreptitious recording devices used in undercover operations.

309.2 DEPARTMENT ISSUED BODY WORN CAMERA

- (a) BWC equipment is to be used primarily by uniformed personnel (including the Code Enforcement Officer(s)) as authorized per assignment by the Department and must be used unless otherwise authorized by the patrol supervisor or chief. Employees equipped with a department issued BWC system must be trained in the operation of the equipment prior to its use. BWC equipment will be used in accordance with department training and the manufacturers' BWC operations manual.
- (b) Only department purchased and issued BWC equipment will be used.
- (c) Unless otherwise authorized by the Chief of Police or his/her designee, BWC's will be worn consistent with the training and manufacturer's recommendations, in regard to fields of view and officer safety.
 1. The BWC must be affixed to the clothing items so that functionality of the camera is not compromised in any way and the area to be recorded by the camera is the general area in front of the officer.
- (d) Prior to each shift, employees will ensure their BWC is adequately charged and is operating properly.
- (e) Employees will inspect the BWC to ensure there is no visible damage and the device is in good working order.
- (f) Employees who discover an operational defect with the BWC system will attempt to correct the system following the received training on the device (I.E.: turning off and on, etc.). If the BWC is found to have a physical defect or malfunction, the employee will notify a supervisor, and write up the device for service describing the events leading up to failure.
- (g) Employees shall not:
 1. Bypass or attempt to override the equipment.
 2. Erase, alter, or delete any recording produced by the BWC.

Body Worn Camera Systems

309.2.1 WHEN DEPARTMENT ISSUED BWC SYSTEM USE IS REQUIRED

This section is not intended to describe every possible situation where the system must be used. In some circumstances it may not be possible to capture images of an incident due to conditions or location of the camera, however the audio portion can be valuable evidence and is subject to the same activation requirements. The BWC will be activated in accordance with Colorado HB 21-1250:.

- (a) When responding to a call for service
- (b) When entering into a premises for the purposes of enforcing the law or in response to a call for service
- (c) During a welfare check
- (d) During ANY interaction with the public initiated by the peace officer, whether consensual or nonconsensual, for the purposes of enforcing the law or investigating possible violations of the law.
- (e) The BWC should be activated shortly before arriving at the scene.
- (f) The BWC should be activated when emergent response is necessary.
- (g) Officers that are issued a BWC will be required to utilize the BWC when engaging in Off-Duty LERE (Law Enforcement Related Employment) Overtime.
- (h) In addition to the required situations, employees may activate the system anytime they believe its use would be appropriate and/or valuable to document an incident.
- (i) There may be instances in which an officer is required to take immediate action to an event that occurs directly in front of them which may not allow time to activate their BWC. In those situations, it may be impractical or unreasonable for employees to activate their BWC system before taking police action. It is expected that once the immediacy of the situation is over, employees will activate their BWC system to record the remainder of the incident. Officers will need to articulate the reasoning for the delayed activation of their BWC.

309.2.2 WHEN DEPARTMENT ISSUED BWC SYSTEM DEACTIVATION IS AUTHORIZED

In accordance with Colorado HB 21-1250 a BWC may be turned off for the following reasons:

- (a) May turn off the BWC to avoid recording personal information that is not case related.
- (b) When working on an unrelated assignment
- (c) When there is a long break in the incident
- (d) When in an administrative, tactical, and management discussions when civilians are not present.

309.3 REVIEW OF ALL BWC SYSTEM RECORDINGS

This section outlines the review of department issued and personally owned BWC system recordings.

- (a) Recordings may be reviewed:
 - 1. By the employee to make sure the BWC system is working

2. By the employee to assist with the writing of a report, supplement, memorandum, or prior to making a statement about the incident.
 3. By authorized persons for the purpose of reviewing evidence
 4. By a supervisor investigating a specific act of employee conduct
 5. By authorized Department personnel participating in an official investigation, such as a personnel complaint, administrative inquiry, or a criminal investigation.
- (b) Recordings may be shown for the purpose of training. If an involved employee objects to showing a recording, his objection will be submitted to his supervisor or chief to determine if the training value outweighs the employee's objection.
- (c) In no event shall any recording be used or shown to ridicule or embarrass any employee.
- (d) Employees shall not obtain, attempt to obtain, or convert for their personal use or for the unauthorized use of another person, any information obtained by a BWC system.
- (e) Employees shall not make personal copies or attempt to upload recordings to social networking sites (e.g., You-Tube, Facebook).

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY

The Idaho Springs Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.

Domestic Violence

- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Section in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Domestic Violence

- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Domestic Violence

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.8.1 VERIFICATION OF TRIBAL PROTECTION ORDERS

If any party to a domestic dispute is a member of a tribe or consider themselves a Native American person, officers should ask whether there are any protection orders from a tribal court.

Officers should take reasonable steps to verify the protection order, including calling the relevant tribe's dispatch line, and not rely solely on National Crime Information Center or other databases.

310.9 LEGAL MANDATES AND RELEVANT LAWS

Colorado law provides for the following:

310.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) If an officer has probable cause to believe an offender has committed an offense of domestic violence, an arrest shall be made (CRS § 18-6-803.6).
- (b) An officer is not required to arrest both parties involved in an alleged act of domestic violence when both claim to have been victims of such domestic violence (CRS § 18-6-803.6). If an officer receives complaints of domestic violence from two or more

Idaho Springs Police Department

Idaho Springs PD Policy Manual

opposing persons, the officer shall evaluate each complaint separately to determine if a crime has been committed by one or more persons.

- (c) In determining whether a crime has been committed by one or more persons, the officer shall consider the following (CRS § 18-6-803.6):
 1. Any prior complaints of domestic violence.
 2. The relative severity of the injuries inflicted on each person.
 3. The likelihood of future injury to each person.
 4. The possibility that one of the persons acted in self-defense.
- (d) Unless impractical, if probable cause exists to believe an offender has violated a court order and that such offender had notice of the court order, an arrest shall be made (CRS § 18-6-803.5). If the circumstances make arrest impractical, the officer shall seek a warrant of arrest for the offender (CRS § 18-6-803.5).
- (e) If a restrained person is arrested for violating or attempting to violate any provision of a court order, the arresting officer shall make all reasonable efforts to contact the protected party to notify him/her of such arrest (CRS § 18-6-803.5).

310.9.2 REPORTS AND RECORDS

The Records Supervisor will maintain records on the number of domestic violence-related calls reported to the Idaho Springs Police Department and forward such records to the state as required (CRS § 18-6-803.9).

In the event that an individual is arrested by the Idaho Springs Police Department for violating a court order, the Records Supervisor shall forward to the issuing court a copy of the arrest report, a list of witnesses to the violation, and, if applicable, a list of any charges filed or requested against the restrained person. The Records Supervisor shall also ensure that a copy of the same information is provided to the protected party. The agency shall delete the address and telephone number of a witness from the list sent to the court upon request of such witness, and such address and telephone number shall not thereafter be made available to any person, except law enforcement officials and the prosecuting agency, without order of the court (CRS § 18-6-803.5).

If a restrained person is on bond in connection with a violation or attempted violation of a protection order in this or any other state and is subsequently arrested by the Idaho Springs Police Department for violating or attempting to violate a protection order, the Records Supervisor shall notify the prosecuting attorney so that a motion may be filed with the court that issued the prior bond for the revocation of the bond and for the issuance of a warrant, if appropriate (CRS § 18-6-803.5).

310.9.3 SERVICE OF COURT ORDERS

Officers responding to a domestic violence call who encounter a person named in a court order that has not been otherwise served shall serve the person with a copy of the order (CRS § 13-14-107).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Idaho Springs Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Idaho Springs Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and Department policy have been met.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Idaho Springs Police Department (34 USC § 11133).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. Juvenile non-offenders include a juvenile taken into protective custody for being under the influence or incapacitated by substances and clearly dangerous to the health and safety of the juvenile under CRS § 27-81-111, and any runaway taken into temporary custody under CRS § 19-3-401. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (CRS § 19-1-103(21); CRS § 19-1-103(88)). Juvenile offenders include juveniles taken into custody for possession of a handgun under CRS § 18-12-108.5 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Safety checks - Direct visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

312.2 POLICY

The Idaho Springs Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Idaho Springs Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

Temporary Custody of Juveniles

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Idaho Springs Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Idaho Springs Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Idaho Springs Police Department without authorization of the arresting officer's supervisor or the Supervisor. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable. In no event shall a juvenile be held beyond six hours from the time of his/her entry into the Idaho Springs Police Department (34 USC § 11133).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Idaho Springs Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Idaho Springs Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

312.4.4 REQUIREMENTS FOR CUSTODY OF JUVENILE OFFENDERS

A juvenile offender may be taken into temporary custody (CRS § 19-2.5-209):

- (a) When there are reasonable grounds to believe that the juvenile has committed a violation of a statute, ordinance, or court order that would subject an adult to an arrest.

Idaho Springs Police Department

(b) Pursuant to a lawful warrant issued by a court pursuant to CRS § 19-2.5-204.

A juvenile offender shall not be held longer than is reasonably necessary to obtain basic identification information and to contact the juvenile's parents, guardian, or legal custodian (CRS § 19-2.5-303).

The juvenile shall be released to the care of the juvenile's parents or other responsible adult unless a determination is made in accordance with CRS § 19-2.5-303 that the juvenile poses a substantial risk of flight from prosecution or of serious harm to others.

If the juvenile is not released to the care of the juvenile's parents or other responsible adult, the juvenile shall be taken directly to the court, a detention facility, or shelter designated by the court, or a preadjudication service program without unnecessary delay (CRS § 19-2.5-303).

As an alternative to taking a juvenile offender to a detention facility or shelter, an officer may, if authorized by policy of the court, serve a written promise to appear for juvenile proceedings upon the juvenile and the juvenile's parent, guardian, or legal custodian (CRS § 19-2.5-303).

When a juvenile is not released pending charges, the officer shall:

- Notify the screening team for the judicial district in which the juvenile was taken into custody (CRS § 19-2.5-303).
- Promptly provide to the court and to defense counsel the affidavit supporting probable cause for the arrest and a copy of the arrest report if available (CRS § 19-2.5-305).

312.4.5 PETTY OFFENSE TICKETS

Offenders 10 years of age or older who have committed an offense that would be a petty offense or municipal ordinance violation if committed by an adult may be issued a petty offense ticket. The Idaho Springs Police Department shall maintain annual data on the petty offense tickets issued, including the age, ethnicity, and gender of each juvenile ticketed and the disposition of each ticket (CRS § 19-2.5-208).

312.5 ADVISEMENTS

The screening team for the judicial district generally notifies the juvenile's parent, guardian, or legal custodian that, if the juvenile is placed in detention or a temporary holding facility, all parties have a right to a prompt hearing to determine whether the juvenile is to be further detained. The notification may be made to a person with whom the juvenile is residing if a parent, guardian, or legal custodian cannot be located. If the screening team is unable to make the notification, officers may make it (CRS § 19-2.5-303).

312.5.1 REPORTING

The Records Supervisor shall ensure incidents that result in a citation, summons, arrest or custody of a juvenile that occurs on public school grounds or vehicles, or at school activities or events are reported to the Division of Criminal Justice (DCJ) as required by CRS § 22-32-146. The reports shall be in the format provided by DCJ and include:

- (a) The juvenile's full name, date of birth, race, ethnicity and gender.

The Supervisor shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Idaho Springs Police Department shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

312.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Idaho Springs Police Department shall ensure the following:

- (b) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
 - 1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
 - 2. This does not apply to surreptitious and legally obtained recorded interrogations.
- (c) A member of the same sex will supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (d) Personal visual checks and significant incidents/activities are noted on the log.
- (e) There is reasonable access to toilets and wash basins.
- (f) Food is provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.

juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored in such a way as to protect the juvenile from abuse.

312.9.1 PREGNANT JUVENILES

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

312.10 PERSONAL PROPERTY

The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Temporary Custody of Adults Policy).

312.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody. Supervisor approval is required before placing a juvenile offender in secure custody (CRS § 19-2.5-305).

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to the juvenile or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. A member must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

312.12 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

In any case where a juvenile is taken into temporary custody, officers should not attempt to interview or interrogate an unemancipated juvenile offender or status offender unless one of the following occurs (CRS § 19-2.5-203):

- (a) A public defender or other counsel representing the juvenile is present.

 - 1. The juvenile's right to remain silent
 - 2. That any statements made may be used against the juvenile in a court of law
 - 3. The juvenile's right to the presence of an attorney during the interrogation
 - 4. The juvenile's right to have counsel appointed if the juvenile so requests at the time of the interrogation
- (c) The juvenile and the juvenile's parent, guardian, or legal or physical custodian have been fully advised of the juvenile's right and have expressly waived in writing the requirement that they be present during the juvenile's interrogation.

312.13 RESTRICTION ON FINGERPRINTING

312.15 VISITATION

Juveniles who are in temporary custody in the facility will be allowed initial visits at any time by the parents, guardians and/or attorneys. Subsequent visits shall be as unrestrictive as reasonably practicable.

312.16 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

Discriminatory Harassment

313.1 PURPOSE AND SCOPE

This policy is intended to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

313.2 POLICY

The Idaho Springs Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

313.3 DEFINITIONS

Definitions related to this policy include:

313.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

313.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

313.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

313.4 RESPONSIBILITIES

This policy applies to all department members. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the City Administrator, or the Mayor.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

313.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.

- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the City Administrator in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

313.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

313.4.3 RESPONSIBILITIES UPON RECEIPT OF COMPLAINT

Upon receipt or notification of a complaint filed with the Colorado Civil Rights Division, the Chief of Police or the authorized designee shall assign the complaint for action. The person assigned the complaint is responsible to ensure completion of the following (CRS § 24-34-301, et seq.):

- (a) Provide a written answer to the complaint within the time required after receiving it.
- (b) Supply and explain all relevant information, data, or papers upon request.
- (c) Respond to all telephone or mail inquiries from the Colorado Civil Rights Division.
- (d) Attend all meetings, hearings, or fact-finding conferences when requested.

313.4.4 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the City Administrator, or the Mayor for further information, direction, or clarification.

313.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

313.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

313.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The member assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but not be limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the City Administrator, or the Mayor.

313.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

313.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police or the authorized designee, the Mayor, or the City Administrator, depending on the ranks of the involved parties.
- Maintained in accordance with the established records retention schedule.

313.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

314.2 POLICY

The Idaho Springs Police Department will investigate all reported incidents of alleged criminal child abuse and ensure the county department of human or social services is notified as required by law.

Officers shall take into account accepted child-rearing practices of the culture in which the child participates, including but not limited to accepted work-related practices of agricultural communities, in determining abuse. Abuse does not include a reasonable exercise of parental

314.4 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Unless unavailable, the county department of human or social services shall be the agency responsible for the coordination of all investigations of all reports of known or suspected incidents of interfamilial abuse or neglect (CRS § 19-3-308).

This agency shall have the responsibility for the coordination and investigation of all reports of third-party abuse or neglect alleged to have been committed by persons 10 years of age or older (CRS § 19-3-308).

When the investigation involves a suspect who was acting in his/her official capacity as an employee of a school district, the investigating officer shall coordinate such investigation with any concurrent abuse investigation being conducted by the Department of Education or the school district to the extent that such coordination is possible and deemed appropriate (CRS § 19-3-308).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

314.5 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the county department of human or social services. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the county department of human or social services.

Child Abuse

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (CRS § 19-3-401):

- (a) When a court order has been issued authorizing the removal of a child.
- (b) Without a court order when the child is seriously endangered in his/her surroundings or seriously endangers others and immediate removal appears to be necessary for the child's protection or the protection of others.
 - 1. A child shall be removed from his/her home and placed in protective custody if an emergency exists because the child is seriously endangered, as described above, the safety or well-being of the child is immediately at issue, and there is no other reasonable way to protect the child without removing the child from his/her home.
- (c) Without a court order when an arrest warrant has been issued for the child's parent or guardian on the basis of an alleged violation of CRS § 18-3-304.
- (d) A seriously endangered newborn child (less than 72 hours old) may be detained in a hospital, without a warrant, by an officer upon the recommendation of the county department of human or social services, a physician, a registered nurse, a licensed practical nurse, or a physician's assistant, while an order of the court pursuant to CRS § 19-3-405(1) is being pursued. The newborn child must be released if a court order is denied.

314.5.1 COURT ORDERS

Unless already being addressed by the county department of human or social services, an officer should apply for a court order prior to taking a child into protective custody or as soon as practical thereafter when the officer (CRS § 19-3-405):

- (a) Believes that the circumstances or conditions of the child are such that continuing in his/her place of residence or in the care and custody of the person responsible for the child's care and custody would present a danger to that child's life or health in the reasonably foreseeable future.
- (b) Believes that the child is able to remain safely in his/her place of residence or in the care and custody of the person responsible for the child's care and custody only if certain emergency protection orders are entered.

314.5.2 RELATED NOTIFICATIONS

If the county department of human or social services is unable to take custody of a child, officers taking a child into protective custody shall (CRS § 19-3-402):

- (a) Deliver the child, without unnecessary delay, directly to the court or to a place designated by the court.
- (b) At the earliest opportunity, notify the court that the child has been taken into protective custody.

- (c) Promptly file a brief written report with the court and any agency or person so designated by the court stating the facts that led to the child being taken into custody and the reason why the child was not released.

Whenever a child is taken into temporary protective custody, the child's parent, guardian, or legal custodian shall be notified without unnecessary delay (CRS § 19-3-402(1)). The notification shall include information regarding the right to a hearing.

314.5.3 SAFE HAVEN ACT PROVISIONS

A parent is not guilty of child abuse as defined in CRS § 18-6-401 if the parent surrenders his/her newborn infant (72 hours old or younger) to an on-duty firefighter or staff member at a hospital or community clinic emergency center under the safe haven provisions of CRS § 19-3-304.5. A supervisor and the county department of human or social services should be notified without delay.

314.6 INTERVIEWS

314.6.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

314.6.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

314.7 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

Idaho Springs Police Department

Child Abuse

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

314.8 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

314.8.1 SUPERVISOR RESPONSIBILITIES

The Detective Section Supervisor should:

- (a) Work with professionals from the appropriate agencies, including the county department of human or social services, other law enforcement agencies, medical service providers, and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Section Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social, and other conditions that may affect the child.

314.8.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Section Supervisor so an interagency response can begin.

This includes the National Crime Information Center (NCIC), the Colorado Crime Information Center (CCIC), and the Colorado Bureau of Investigation (CBI).

315.2 POLICY

The Idaho Springs Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Idaho Springs Police Department gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

315.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The supervisor shall ensure the following forms and kits are developed and available:

- Missing person report form
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation
- Missing person school notification form

- Biological sample collection kits

315.4 ACCEPTANCE OF REPORTS

Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction.

315.5 INITIAL INVESTIGATION

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Standards of Conduct

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

320.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department involving one of its members or a member's duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.

Report Preparation

321.1 PURPOSE AND SCOPE

Report preparation is a major part of each employee's job. The purpose of reports is to document sufficient information to refresh the employee's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formal and on-the-job training.

321.1.1 REPORT PREPARATION

Employees should ensure that their reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty, unless permission to delay submission of the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads or arrest reports where the suspect remains in custody should not be delayed.

Handwritten reports must be prepared legibly. If the report is not prepared legibly, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, witnesses, all pertinent information seen, heard or assimilated by any other sense and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

321.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department-approved form unless otherwise approved by a supervisor.

Members at the scene of one of the above incidents should not refer the reporting party to an alternate means of reporting without authorization from a supervisor. Members may refer the victim to online victim assistance programs (e.g., Federal Communications Commission (FCC) website for identity theft, Internet Crime Complaint Center (IC3) website for computer crimes).

321.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all employees and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

321.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for Department consistency.

321.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

321.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction Form, stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practicable. 321.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. 321.6 ELECTRONIC SIGNATURES

The Idaho Springs Police Department has established an electronic signature procedure for use by all employees of the Idaho Springs Police Department. Media Relations

322.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

322.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. However, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Supervisors, Supervisors and the designated Chief of Police ([PIO]) may prepare and release information to the media in accordance with this policy and the applicable law.

322.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated Department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated Department media representative.
- (b) In situations involving multiple law enforcement agencies or other criminal justice agencies including, but not limited to, prosecutors and coroners, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

322.3 MEDIA ACCESS

Authorized members of the media should be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities. Access by the media is subject to the following conditions:

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the [PIO] or other designated spokesperson.

Media Relations

- (c) No member of this department shall be required to submit to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody shall not be permitted unless in compliance with a jail facility policy. Exceptions are only permitted with the approval of the Chief of Police and the express written consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the [PIO].

322.3.1 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Supervisor. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

322.3.2 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

322.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Supervisor. This log will consist of data classified as public and should generally contain:

- (a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

When in doubt, authorized and available legal counsel should be obtained.

322.5 RELEASE OF INFORMATION

The Department may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents or requests for public assistance in solving crimes or identifying suspects. This information may also be released through the department website or other electronic data sources.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

325.3.1 RECIPROCAL LAW ENFORCEMENT AGREEMENT

The Department may, at the discretion of the Chief of Police, establish an agreement for reciprocal law enforcement with another agency, including those of neighboring states, provided those agreements meet statutory requirements pursuant to CRS § 29-1-206 and CRS § 29-1-203.

325.3.2 TERMS OF AGREEMENT

Any reciprocal law enforcement agreement with another agency should include:

- (a) An estimate of the types, amounts and general location of aid and resources available from each involved agency.
- (b) Information on which agency will respond to calls for service by type of event.
- (c) A plan for interagency communication to ensure prompt and appropriate response.

Mutual Aid and Outside Agency Assistance

- (d) A strategy for providing backup support between jurisdictions.
- (e) Clear reporting and documentation requirements.
- (f) Guidelines concerning jurisdiction of prosecutors and courts.

325.3.3 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Idaho Springs Police Department shall notify his/her supervisor or the Supervisor and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

325.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor (CRS § 29-5-104). The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

325.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Supervisor.

325.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Supervisor or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Dispatch and the Supervisor to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Chief of Police should maintain documentation that the appropriate members have received the required training.

Adult Abuse

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Idaho Springs Police Department members as required by law.

326.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

326.2 POLICY

The Idaho Springs Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

326.3 MANDATORY NOTIFICATION

Members of the Idaho Springs Police Department should notify the county department of human or social services when the member (CRS § 26-3.1-102):

- (a) Observes the mistreatment or self-neglect of an at-risk adult.
- (b) Has reasonable cause to believe that an at-risk adult has been mistreated or is self-neglecting.
- (c) Has reasonable cause to believe that an at-risk adult is in imminent risk of mistreatment or self-neglect.

Cross reporting to social services is mandatory for at-risk adults who have an intellectual and developmental disability or are seventy years of age or older (CRS § 18-6.5-102; CRS § 18-6.5-108).

For purposes of notification, mistreatment includes abuse, neglect, exploitation, or any act by a person with a relationship to the at-risk adult even when it does not rise to the level of abuse, caretaker neglect, or exploitation but causes harm to the health, safety, or welfare of an at-risk adult (CRS § 26-3.1-101).

Notification is not required for someone who was merely present when a qualified person self-administered a prescribed medical aid-in-dying medication (CRS § 25-48-116).

326.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (CRS § 26-3.1-102; CRS § 18-6.5-108):

- (a) Notification should occur as soon as practicable.
- (b) Written report should be forwarded within 24 hours.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Adult Abuse

- (c) The report should contain the following, if known:
 - 1. The name, address, and age of the adult victim.
 - 2. The name and address of the adult's caretaker, if any.
 - 3. The nature and extent of any injuries.
 - 4. The nature and extent of the condition that may reasonably result in abuse.

326.4 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (j) Whether a death involved the Colorado End-of-Life Options Act (CRS § 25-48-119):
 - (a) Whether an individual knowingly or intentionally forged or altered a request for medical aid-in-dying medication to end an individual's life without the individual's authorization.
 - (b) Whether an individual knowingly or intentionally concealed or destroyed a rescission of a request for medical aid-in-dying medication.
 - (c) Whether an individual knowingly or intentionally coerced or exerted undue influence on a person with a terminal illness to request medical aid-in-dying medication or to destroy a rescission of a request for such medication.

Adult Abuse

An ombudsman should be called to the scene if the abuse occurred in a long-term care facility (CRS § 26-11.5-101 et seq.).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

326.5 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact the county department of human or social services. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to the county department of human or social services.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control or have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.6 INTERVIEWS

326.6.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.6.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Adult Abuse

1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

326.7 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, his/her guardian, or the agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, or agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.8 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.8.1 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Section supervisor so an interagency response can begin.

326.9 STATE MANDATES AND OTHER RELEVANT LAWS

Colorado requires or permits the following:

326.9.1 RECORDS SECTION RESPONSIBILITIES

The Records Section is responsible for (CRS § 26-3.1-102; CRS § 18-6.5-108):

- (a) Providing a copy of the adult abuse report to social services as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

326.9.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (CRS § 26-3.1-102).

Registered Offender Information

327.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Idaho Springs Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

327.2 POLICY

It is the policy of the Idaho Springs Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

327.3 REGISTRATION

The Detective Section Records Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the Records Supervisor or their designee shall ensure that the registration information is provided to the Colorado Bureau of Investigation (CBI) (CRS § 16-22-109; CRS § 16-22-110; CRS § 16-13-903).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

327.3.1 CONTENTS OF REGISTRATION

The registrant shall be required to complete the registration form provided by CBI.

Registration by a person who lacks a fixed residence shall be accepted unless it includes a location that would violate state law or local ordinance. The registrant shall be advised of any such violation and allowed five days to secure an alternate location (CRS § 16-22-108).

327.3.2 AUTOMATIC TERMINATION OF REGISTRATION

The Detective Section supervisor or the authorized designee shall notify a registrant whose duty to register has automatically terminated under CRS § 16-22-103 of the termination upon attempt to register. The Detective Section supervisor shall remove the registrant from the registry and notify CBI of the termination (CRS § 16-22-108).

327.4 MONITORING OF REGISTERED OFFENDERS

The The Records Supervisor with the assistance of the Patrol and Investigations Supervisor should establish a system to periodically, and at least once annually, verify that a registrant

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Registered Offender Information

remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
- (b) Review of information on CBI's Convicted Sex Offender Registry website.
- (c) Contact with a registrant's parole or probation officer if applicable.

Any discrepancies should be reported to the Records Supervisor/supervisor.

The Records Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to sworn personnel, including timely updates regarding new or relocated registrants.

327.4.1 MANDATORY CONFIRMATION

Following a registrant's first registration with the Department, the residence verification referenced above shall occur as soon as possible after the registration and annually thereafter. Residence confirmation shall occur quarterly if the registrant is a sexually violent predator (CRS § 16-22-109).

327.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisors. The supervisor should evaluate the request and forward the information to the Chief of Police or the authorized designee if warranted. A determination will be made by the Chief of Police or the authorized designee, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided with CBI's Convicted Sex Offender Registry website or the Idaho Springs Police Department's website.

The Records Supervisor shall release local registered offender information to residents in accordance with state law (CRS § 16-22-112; CRS § 24-72-301 et seq.) and in compliance with a Colorado Criminal Justice Records Act request.

327.5.1 RELEASE NOTIFICATIONS

Sex registrant information that is released shall include the written statement: "The Colorado sex offender registry includes only those persons who have been required by law to register and who are in compliance with the sex offender registration laws. Persons should not rely solely on the sex offender registry as a safeguard against perpetrators of sexual assault in their communities. The crime for which a person is convicted may not accurately reflect the level of risk." (CRS § 16-22-112(5))

Idaho Springs Police Department

Registered Offender Information

327.5.2 MANDATORY DISSEMINATION

The Department shall release local sex offender information to residents in accordance with Colorado law and the rules set forth by CBI. Information released shall include, at a minimum, the name, address or addresses, and aliases of the registrant; the registrant's date of birth; a photograph of the registrant, if requested and readily available; and the offense that led to the registration requirement and the date of the offense (CRS § 16-22-110; CRS § 16-22-112). Information concerning victims shall not be released.

The Department will also make the mandated community notifications regarding sexually violent predators. These community notifications shall only occur under the circumstances and in the manner specified by the Colorado Department of Public Safety's Sex Offender Management Board (SOMB) (CRS § 16-13-904; CRS § 16-13-905; CRS § 16-13-906).

327.5.3 DISCRETIONARY DISSEMINATION

The Department may also provide local sex offender information to any other person the Department determines warrants notification as permitted by law. If the Department elects not to release registrant information to a non-resident, the Department may submit a request from the non-resident to CBI (CRS § 16-22-112).

327.5.4 INFORMATION AVAILABLE VIA THE INTERNET

The Department may post the following registered offender information on its website only if the person is adjudicated or convicted of the offenses in CRS § 16-22-112:

- (a) Offender information, including the offender's name or aliases, photograph, sex, height, weight, name, address and offenses committed, as allowed by law
- (b) Educational information concerning protection from sex offenders that has been developed in conjunction with SOMB and a sexual assault victims' advocacy group, or a link to educational information included on the CBI website
- (c) A link to the National Sex Offender Public Website
- (d) A link to the CBI Convicted Sex Offender Registry website
- (e) A link to other law enforcement agencies

327.5.5 PURGE OF LOCAL SEX OFFENDER REGISTRY

When a court order discontinuing a registrant's duty to register is received by the Department, the Records Supervisor supervisor shall ensure that the registrant's registration information is removed from the Department's local sex offender registry (CRS § 16-22-113).

327.6 NOTIFICATION PRIOR TO RELEASE OR DISCHARGE

Notification of a registrant's release on parole will be made by the sentencing court, the probation department, community corrections, the county jail or the Colorado Department of Corrections (CDOC) (CRS § 16-22-106; CRS § 16-22-107).

Prior to registrants being discharged from the CDOC, this Department shall verify that (CRS § 16-22-107(4)(a)):

- (a) The address provided by the person is a residence.
- (b) The occupants or owners of the residence know of the person's history of unlawful sexual behavior.
- (c) The occupants or owners of the residence have agreed to allow the person to reside at the address.
- (d) If the registrant is being released on parole, the address complies with any conditions of the parole.

If any of the information required for verification is not true, the Records Supervisor shall notify the CDOC that the person provided false information concerning the address at which he/she intends to reside (CRS § 16-22-107(4)(b)).

327.6.1 CONFIDENTIAL INFORMATION

The forms completed by persons required to register pursuant to Colorado law shall be confidential and shall not be open to inspection by the public or any person other than law enforcement personnel except as provided by law (CRS § 16-22-109(4)).

Major Incident Notification

328.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

328.2 POLICY

The Idaho Springs Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

328.3 MINIMUM CRITERIA FOR NOTIFICATION

Major Incident Notification

328.4.1 STAFF NOTIFICATION

In the event an incident occurs as identified in the Minimum Criteria for Notification above, the Chief of Police shall be notified along with the affected Supervisor and the Detective Section Supervisor if that section is providing assistance.

328.4.2 DETECTIVE NOTIFICATION

If the incident requires that an officer or investigator respond from home, the immediate supervisor of the appropriate detail shall be contacted.

328.4.3 SUPERVISOR NOTIFICATION

In the event of a traffic fatality or major injury, the traffic sergeant shall be notified, who will then contact the appropriate investigator. The traffic sergeant will notify the traffic lieutenant.

328.4.4 CHIEF OF POLICE (PIO)

After members of the staff have been notified, the Chief of Police shall be called if it appears the media may have a significant interest in the incident.

Death Investigation

329.1 PURPOSE AND SCOPE

The investigation of cases involving death include those ranging from natural causes to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The importance of a thorough death investigation cannot be emphasized enough.

Death investigations shall be conducted pursuant to CRS § 30-10-606.

329.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases, unless the death is obvious (e.g., the person has been decapitated or the body is decomposed). Officers are not authorized to pronounce death unless they are also a Coroner, a Deputy Coroner or an appointed Coroner Investigator. A supervisor shall be notified in all death investigations.

329.2.1 CORONER REQUEST

The Coroner shall be called as soon as practicable after the scene is safe and secure in all deaths. Investigating officers shall investigate and work in cooperation with the Coroner involving any of the following circumstances (CRS § 30-10-606(1)):

- (a) The death is, or may be, unnatural, as a result of external influences, injury or violence.
 - 1. It is due to the influence of, or is the result of, intoxication by alcohol, drugs or poison.
 - 2. It is the result of an accident, including an accident at the workplace.
 - 3. It involves the unexpected or unexplained death of an infant or child.
- (b) There is no physician in attendance, or when the physician is at the scene but is unable to certify the cause of death.
- (c) The death occurs within 24 hours of admission to a hospital.
- (d) The death is the result of a criminal abortion, including any situation where such abortion may have been self-induced.
- (e) It is the result of a disease that may be hazardous or contagious, or may constitute a threat to the health of the public.
- (f) The death results from the action of a peace officer, or while the person was in the custody of law enforcement officials or incarcerated in a public institution.
- (g) The death was sudden, and happened to a person who was in apparent good health.
- (h) The body is unidentifiable, decomposed, charred or skeletonized.

Death Investigation

- (i) The death occurs under circumstances that the Coroner determines may warrant further inquiry in order to determine the cause and manner of death, or that requires further law enforcement investigation.

In cases involving any of the above mentioned circumstances, the body of the deceased shall not be removed from the place of death prior to the arrival of the Coroner. This restriction shall not apply if the Coroner grants permission for removal or removal is necessary to identify the victim, protect property from damage, preserve evidence, or protect life, health or safety.

When the Coroner arrives at the scene, law enforcement personnel shall make all reasonable accommodations to allow him/her to collect time-sensitive information.

If a suicide note is found at the place of death, investigating officers or the Coroner shall take custody of the note based on a prior agreement. If there is no prior agreement, investigating officers have the authority to take custody of the suicide note and shall provide a copy to the Coroner.

329.2.2 SEARCHING DEAD BODIES

The Coroner or an assistant and authorized investigators are generally the only persons permitted to move, handle or search a body. Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Coroner, the investigating officer shall first obtain verbal consent from the Coroner when practicable.

Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Coroner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner, a receipt shall be obtained. This receipt shall be attached to the death report.

329.2.3 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Coroner, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned officers may need to talk to the next-of-kin.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained.

329.2.4 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

Death Investigation

329.2.5 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. A Supervisor and the Chief of Police shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.

If the on-scene supervisor, through consultation with the Patrol Supervisor or Detective Section supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The assigned investigator investigating a homicide or a death under suspicious circumstances may, with the approval of his/her supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

329.2.6 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment may ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified by telephone or teletype with all pertinent information.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) To maintain uniformity in reporting, officers shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides (CRS § 16-5-103(4)).
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the fraud, usage of services or receipt of goods were acquired or occurred in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and Department of Motor Vehicles) with all known report numbers.
- (e) The reporting officer should inform victims of identity theft that an Order of Factual Innocence is available to help those who are wrongly linked to crimes (CRS § 16-5-103(2)(b)). A court may order identifying information contained in criminal justice records to show that the information is not accurate and does not reflect the perpetrator's identity because of identity theft. Information can be obtained by contacting the Department of Revenue.
- (f) Following supervisory review and Department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies and prosecution as circumstances dictate.

330.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access additional information on the official Colorado state government website.

Identity Theft

330.4 INFORMATION

The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can find FTC contact information online through its official website. Additional information may be found at the U.S. Department of Justice and/or FBI websites.

Private Persons Arrests

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for handling private person's arrests and detentions made pursuant to CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115.

331.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

331.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances (CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115):

- (a) For any crime that has been or is being committed or attempted in his/her presence
- (b) When directed by any peace officer to assist a peace officer
- (c) When there is reasonable information that the accused has been charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one year
 - 1. The accused shall be taken before a judge without unnecessary delay and a complaint must be made against the accused under oath by the private person making the arrest.

331.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person who has made a private person's arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest and protect the public safety.

Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual upon a misdemeanor citation or pending formal charges.

331.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a Witness Statement Form. If the person fails or refuses to do so, the arrested subject shall be released unless the officer has an independent reason to take the person into custody.

In addition to the Witness Statement Form (and any other related documents, such as citations and booking forms), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

332.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Idaho Springs Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

332.2 POLICY

It is the policy of the Idaho Springs Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

332.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Chief of Police.

The responsibilities of the LEP Coordinator include, but are not limited to:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Idaho Springs Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Supervisor and Dispatch. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

332.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

332.5 TYPES OF LEP ASSISTANCE AVAILABLE

Idaho Springs Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

332.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

332.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

332.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

332.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

332.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Idaho Springs Police Department

Limited English Proficiency Services

332.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

332.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

332.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Idaho Springs Police Department will take reasonable steps and will work with the Personnel Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

332.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Limited English Proficiency Services

or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

332.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

332.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance

Idaho Springs Police Department

Idaho Springs PD Policy Manual

of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

332.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

332.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

332.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Chief of Police shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Chief of Police shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

332.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

Communications with Persons with Disabilities

333.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

333.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids -These are used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), videophones (video relay service or VRS); use of taped text; use of qualified readers; or use of a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102). This includes a person who has a functional hearing loss of sufficient severity to prevent aural comprehension, even with the assistance of hearing aids (CRS § 13-90-202).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should have a valid certification of competency accepted by the Commission for the Deaf and Hard of Hearing (CRS § 13-90-202(8)).

333.2 POLICY

It is the policy of the Idaho Springs Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

333.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Supervisor or the authorized designee.

The responsibilities of the ADA Coordinator shall include but not be limited to:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Communications with Persons with Disabilities

- (a) Working with the City ADA coordinator regarding the Idaho Springs Police Department's efforts to ensure equal access to services, programs, and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs, and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Supervisor and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs, and activities.

333.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

333.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Idaho Springs Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

333.6 TYPES OF ASSISTANCE AVAILABLE

Idaho Springs Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Communications with Persons with Disabilities

333.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

333.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

333.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Communications with Persons with Disabilities

333.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

333.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

333.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

333.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

333.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speech-read by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

333.13.2 QUALIFIED INTERPRETER OR AUXILIARY SERVICE REQUIRED FOR VICTIMS AND WITNESSES

An officer shall make arrangements to provide a qualified interpreter or auxiliary service to assist in an interview or questioning of a victim or witness who is deaf or hard of hearing, or deaf-blind and uses sign language for effective communication (CRS § 13-90-204(1)(f)).

333.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing, deaf-blind, or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Communications with Persons with Disabilities

individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf, hard of hearing, or deaf-blind by a qualified interpreter or by providing a written *Miranda* warning card (CRS § 13-90-204(1)(d)).

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

333.14.1 WAIVER

Any waiver to a qualified interpreter or auxiliary service shall be in writing. The person may have access to counsel for advice and shall have actual, full knowledge of the right to effective communication (CRS § 13-90-208).

If there is no waiver, *Miranda* warnings shall be given by the interpreter prior to any attempt to interrogate or take a statement from the person (CRS § 13-90-204(1)(d)).

333.15 ARRESTS AND BOOKING

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

333.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Communications with Persons with Disabilities

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

333.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

333.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Chief of Police shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Chief of Police shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Pupil Arrest Reporting

334.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

334.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested on school grounds and during school hours, the arresting officer shall include in the report the necessary information to ensure that the Records Section notifies the chief administrative officer of the school or the appropriate designee of the arrest of a pupil.

If the arrest involved alcohol or a controlled substance, the Records Section shall ensure the chemical abuse pre-assessment team of the school is notified regarding the arrest, as allowed by law.

334.2.1 PUPIL ARREST AFTER NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school may reduce disruption to school operations and other students.

334.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the officer or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

334.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting officer's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the officer, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.

Biological Samples

335.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

335.2 POLICY

The Idaho Springs Police Department will assist in the expeditious collection of required biological samples from arrestees and offenders in accordance with the laws of this state and with as little reliance on force as practicable.

335.3 PERSONS SUBJECT TO DNA COLLECTION

The following persons must submit a biological sample (CRS § 16-23-103; CRS § 16-11-102.4):

- (a) Every adult arrested for a felony offense, as part of the booking process, or who is charged with a felony by an indictment, information or felony complaint
- (b) In all other cases, upon the adult's first appearance in court following the filing of charges, when a court requires the adult to submit a sample to the investigating agency responsible for fingerprinting pursuant to CRS § 16-21-104
- (c) Persons who have been convicted and are required to submit a sample under CRS § 16-11-102.4

335.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall attempt to obtain the sample in accordance with this policy.

335.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to CRS § 16-23-103 or CRS § 16-11-102.4.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the person's criminal history. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use the designated collection kit provided by the Colorado Bureau of Investigation (CBI) to perform the collection and take steps to avoid cross contamination.

Biological Samples

335.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if available.

The supervisor shall review and approve any plan to use force and be present to document the process.

335.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule.

335.6 LEGAL MANDATES AND RELEVANT LAWS

Colorado law provides for the following:

335.6.1 LITIGATION

The Chief of Police or the authorized designee shall immediately notify the Colorado Attorney General's Office in the event this department is named in a lawsuit involving the DNA database.

335.6.2 FORWARDING BIOLOGICAL SAMPLES

All biological samples and related materials shall be promptly forwarded to CBI using CBI material, labels and instructions for prompt analysis (CRS § 16-23-103(6); CRS § 16-23-104).

Child and Dependent Adult Safety

336.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

336.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Idaho Springs Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

336.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases, this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Child and Dependent Adult Safety

336.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the Department of Human Services, if appropriate.
- (e) Notify the field supervisor or Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be documented in the associated report.

336.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee should be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

Child and Dependent Adult Safety

336.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
1. Name
 2. Sex
 3. Age
 4. Special needs (e.g., medical, mental health)
 5. How, where and with whom or which agency the child was placed
 6. Identities and contact information for other potential caregivers
 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
1. Name
 2. Sex
 3. Age
 4. Whether he/she reasonably appears able to care for him/herself
 5. Disposition or placement information if he/she is unable to care for him/herself

336.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

336.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

336.5 TRAINING

The Chief of Police is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

337.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Idaho Springs Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

337.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

Service animals also include assistance dogs that are in the process of being trained and are accompanied by a trainer (CRS § 24-34-803).

337.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items, or follow daily routines.

337.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Service Animals

service animals with the same courtesy and respect that the Idaho Springs Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with the disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Off-Duty Law Enforcement Actions

338.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Idaho Springs Police Department with respect to taking law enforcement action while off-duty.

338.2 POLICY

Officers generally should not initiate law enforcement action while off-duty. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers are not expected to place themselves in unreasonable peril. However, any certified member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death or significant property damage may take reasonable action to minimize the threat.

338.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and Department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty, officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment. The carrying of firearms is prohibited while under the influence of alcohol or a controlled substance (CRS § 18-12-106(d)).

338.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, oleoresin capsicum (OC) spray or a baton.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible, instead of immediately intervening.

338.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Idaho Springs Police Department officer until acknowledged. Official identification should also be displayed.

338.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

338.4.3 RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

338.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

338.5 REPORTING

Any officer, prior to taking any off-duty enforcement action, shall notify and receive approval of a supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the Idaho Springs Police Department). If prior contact is not reasonably possible, an officer shall notify the applicable local law enforcement agency as soon as reasonably practicable. The Supervisor shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of patrol within the Department to ensure intraorganizational cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles. They will patrol assigned jurisdictional areas of Idaho Springs, identify community needs, provide support and assistance to the community, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours a day seven days a week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities, such as residential inspections, business inspections and community presentations.
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and problem-solving activities, such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the patrol and other sections within the Department, as well as other government agencies.
- (h) The application of resources to specific problems or situations within the community that may be improved or resolved by Community Oriented Policing and problem-solving strategies.
- (i) Traffic direction and control.
- (j) Response to disasters, civic unrest and natural emergencies.

400.1.2 TERRORISM

The Office of Preparedness and Security (OPS) coordinates Colorado's response to terrorism (CRS § 24-33.5-1601(1)(g); CRS § 24-33.5-1606).

It is the goal of the Idaho Springs Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI).

Patrol Function

The supervisor should forward the information as soon as practicable to the OPS Colorado Information Analysis Center.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intraorganizational cooperation and information flow between the various sections of the Idaho Springs Police Department.

400.2.1 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed for retention or follow-up investigation.

400.2.2 PATROL BRIEFINGS

Patrol personnel and supervisors are expected to share information on a regular and recurring manner. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits and at shift change.

400.2.3 BULLETIN BOARDS

A bulletin board will be kept in a designated location for display of suspect information, investigative reports, photographs and new directed patrols and vacation checks. New Departmental Directives will be made available through e-distribution or discussed at briefings and shift meetings.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. The Chief of Police, their designee or supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention. It is the goal of the Idaho Springs Police Department to maintain a non-intusive posture during celebratory events which are sanctioned or sponsored by the city while facilitating safety and order.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Idaho Springs Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (CRS § 24-31-309).

401.2 POLICY

The Idaho Springs Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of racial- or bias-based profiling to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

Officers shall provide, without being asked, a business card to any person who was detained in a traffic stop and was not cited or arrested. The business card shall include identifying information including, but not limited to, the officer's name, division, precinct and badge or other identification number and a telephone number that may be used, if necessary, to report any comments, either positive or negative, regarding the traffic stop (CRS § 24-31-309(4)(a)).

Supervisors should ensure that the identity of a person filing a bias-based profiling complaint is kept confidential to the extent permitted by law or unless necessary for further processing of the complaint (CRS § 24-31-309).

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
 - 1. Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Data Terminal, (MDT) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 STATE REPORTING

The information shall be made available to the public but shall not include the names of officers or the names of persons alleging profiling (CRS § 24-31-309).

401.8 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Chief of Police.

All certified members will attend regular training on the subject of bias-based policing (CRS § 24-31-309). All newly employed officers should receive a copy of this policy and initial training on the subject of bias-based policing.

SWAT

403.1 PURPOSE AND SCOPE

The SWAT (SWAT) is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appears to be necessary. The Idaho Springs Police Department participates in an interagency collateral duty (less than full-time) SWAT team.

403.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the SWAT are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a law enforcement response vary greatly from incident to incident, and because such events often demand on-scene evaluation, the Operational Policy outlined in this section serves as a guideline to Department personnel, allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

403.1.2 SWAT TEAM DEFINED

SWAT team - A designated unit of law enforcement officers, including a multijurisdictional team, that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

403.2 LEVELS OF CAPABILITY/TRAINING

403.2.1 LEVEL I

Level I SWAT team - Is a basic team capable of providing containment and intervention with critical incidents that exceed the training and resources available to line-level officers. This does not include ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g. active shooter response). Generally, 5 percent of the basic team's on-duty time should be devoted to training.

403.2.2 LEVEL II

Level II SWAT team - Is an intermediate level team capable of providing containment and intervention. These teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At least 5 percent of their on-duty time should be devoted to training, with supplemental training for tactical capabilities above the Level I team.

403.2.3 LEVEL III

Level III SWAT team - Is an advanced level team whose personnel function as a full-time unit. Generally, 25 percent of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

403.3 POLICY

It is the policy of this department to maintain a collateral duty SWAT team element and to provide the equipment, manpower and training necessary to participate in an interagency collateral duty SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and control
- (b) Containment
- (c) Entry/apprehension/rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

403.3.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of interagency SWAT missions and operations that are appropriate to this department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT commander or the authorized designee.

403.3.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures that should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing
- (b) Team organization and function
- (c) Personnel selection and retention criteria
- (d) Training and required competencies
- (e) Procedures for activation and deployment
- (f) Command and control issues, including a clearly defined command structure
- (g) Multi-agency response
- (h) Extrajurisdictional response
- (i) Specialized functions and supporting resources

403.3.3 OPERATIONAL PROCEDURES

This department shall participate in the development of a separate written set of operational procedures, in accordance with its level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association's Suggested SWAT Best Practices. Because such procedures are specific to SWAT members and will outline tactical and officer safety issues, they are classified as confidential security data and are not included within this policy. The operational procedures should include, at minimum, the following elements:

- (a) Personnel responsible for developing an operational or tactical plan should be designated prior to, and/or during SWAT operations (time permitting).
 1. All SWAT team members should have an understanding of operational planning.
 2. SWAT team training should consider planning for both spontaneous and planned events.
 3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
- (b) Plans for mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
 1. When reasonably possible, briefings should include the specialized units and supporting resources.
- (c) Protocols for a sustained operation should be developed. These may include relief, rotation of personnel and augmentation of resources.
- (d) A generic checklist to be worked through prior to initiating a tactical action should be developed. This will provide a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
- (e) The appropriate role for a trained negotiator should be defined, including decision-making authority and identification of any non-negotiable items.
- (f) A standard method of determining whether a warrant should be regarded as high risk should be developed.
- (g) A method for deciding how best to serve a high-risk warrant should be developed, with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (h) The elements of post-incident scene management should include:
 1. Documentation of the incident.
 2. Transition to investigations and/or other units.
 3. Debriefing after every deployment of the SWAT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments. It also helps to identify training needs and reinforces sound risk management practices.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

SWAT

- (b) Debriefing should not be conducted until involved officers have had the opportunity to individually complete the necessary reports or provide formal statements.
- (c) To maintain candor and a meaningful exchange, debriefing will generally not be recorded.
- (d) When appropriate, debriefing should include specialized units and resources.
 - (i) Sound risk management analysis should be included.
 - (j) Standardization of equipment should be addressed.

403.4 TRAINING NEEDS ASSESSMENT

The SWAT/SWAT commander shall conduct an annual SWAT training needs assessment to ensure that training is conducted within team capabilities and department policy.

403.4.1 INITIAL TRAINING

SWAT team members and SWAT supervisors/team leaders should not be deployed until successful completion of an approved basic SWAT course or its equivalent.

- (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content or topics meet or exceed requirements determined by the Department.

403.4.2 UPDATED TRAINING

Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training every 24 months.

403.4.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level. This is to ensure that personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the team.

Command personnel who may assume incident command responsibilities should attend a SWAT or critical incident commander course or its equivalent. SWAT command personnel should attend a SWAT commander or tactical commander course or its equivalent that has been approved by the department.

403.4.4 SWAT ONGOING TRAINING

Training shall be coordinated by the SWAT commander. The SWAT commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise, in addition to specialized training. Training shall consist of the following:

Idaho Springs Police Department

SWAT

- (a) Each SWAT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- (c) Those members who are on vacation, ill or are on limited duty status with a medical provider's note of approval on the test date shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member who fails to arrange for and perform the physical fitness test within the 30-day period shall be considered as having failed to attain a qualifying score for that test period.
- (d) Quarterly each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT basic drill for the handgun. Failure to qualify will require the officer to seek remedial training from a Firearms Instructor approved by the SWAT commander. Team members who fail to qualify will not be used in SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.
- (e) Quarterly each SWAT team member shall perform a mandatory SWAT qualification course for any specialty weapon issued to or used by the officer during SWAT operations. Failure to qualify will require the officer to seek remedial training from a Firearms Instructor approved by the SWAT commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

403.4.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

403.4.6 SCENARIO-BASED TRAINING

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

403.4.8 ANNUAL TEAM TRAINING

The SWAT commander shall ensure that team training and readiness and deployment exercises are conducted at least annually.

403.5 UNIFORMS, EQUIPMENT AND FIREARMS

403.5.1 UNIFORMS

SWAT teams from this department should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

403.5.2 EQUIPMENT

SWAT teams from this department should be adequately equipped to meet the specific mission identified by the Department.

403.5.3 FIREARMS

Weapons and equipment used by SWAT, the specialized units and the supporting resources should be department-issued or approved, including any modifications, additions or attachments.

403.5.4 OPERATIONAL READINESS INSPECTION

The commander of the SWAT shall appoint a SWAT supervisor to perform an operational readiness inspection of all unit equipment at least quarterly. The result of the inspection will be forwarded to the SWAT commander. The inspection will include personal equipment issued to members of the unit as well as special use equipment maintained for periodic or occasional use in the SWAT vehicle.

403.6 MANAGEMENT/SUPERVISION OF SWAT

The commander of the SWAT shall be selected by the Chief of Police upon recommendation of the staff.

A minimum of one training day per quarter will be required to provide the opportunity for role playing and situational training to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the team shall be conducted by the team supervisor. Performance and efficiency levels established by the team supervisor will be met and maintained by all team members. Any

403.8 SWAT TEAM ADMINISTRATIVE PROCEDURES

The SWAT team was established to provide a skilled and trained team that may be deployed during events requiring specialized tactics, in situations where suspects have taken hostages and/or barricaded themselves, as well as prolonged or predictable situations in which persons who are armed or suspected of being armed pose a danger to themselves or others.

The following procedures serve as directives for the administrative operation of the SWAT team.

403.8.1 SELECTION OF PERSONNEL

Interested certified personnel who are off probation shall submit a request to their appropriate Supervisor, a copy of which will be forwarded to the SWAT commander and other SWAT supervisors. - (f) Participants who are not law enforcement officers shall not be permitted to accompany the department member into a private residence without the express consent of the resident or other authorized person.

The member assigned to provide a ride-along shall advise the [dispatcher] that a ride-along participant is present in the vehicle before going into service. An officer with a ride-along participant should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit and, if feasible, let the participant out of the vehicle in a well-lit public place. The [dispatcher] will be advised of the situation and as soon as practicable have another department member respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride, or is otherwise inappropriate, should be immediately reported to the Supervisor. The member should enter comments regarding the reasons for terminating the ride-along on the waiver form.

Upon completion of the ride-along, the member shall return the waiver form to the Supervisor.

Hazardous Material Response

405.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees and others as a result of their exposure. To comply with applicable law, the following represents the policy of this department.

405.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous material - A substance which by its nature, containment and reactivity, has the capability of inflicting harm to people, other living organisms, property or the environment during exposure. Hazardous materials are characterized as being toxic, corrosive, flammable, explosive, oxidizing, asphyxiating, pathogenic, allergenic, biohazardous, or radioactive and pose a threat to health when improperly managed.

405.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When employees come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potential hazardous material from a safe distance.
- (b) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (c) Wear personal protective gear, being cognizant that some hazardous material may quickly volatilize into a form which is readily inhaled.
- (d) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars/spotting scopes) if they are available. Identification can be determined by:
 1. Placards and use of the Emergency Response Guidebook.
 2. Driver's statements or shipping documents from the person transporting the material.

Hazardous Material Response

3. Information obtained from any involved person with knowledge regarding the hazardous material.
- (e) Obtain information from any involved party who has knowledge regarding the hazardous material. Information should include:
 1. The identity of the material.
 2. How to secure and contain the material.
 3. Any other information to protect the safety of those present, the community and the environment.
 - (f) Notify the appropriate fire department. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
 - (g) Provide first aid to injured parties if it can be done safely and without contamination.
 - (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
 - (i) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.
 - (j) Establish a decontamination area when needed.
 - (k) Contact the local Colorado State Patrol Dispatch to request assistance from the Colorado State Patrol Hazardous Materials Unit.
 - (l) If available, activate reverse 9-1-1 calling to the affected area.

405.3 REPORTING EXPOSURE

Department personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum, which shall be forwarded via chain of command to the Chief of Police as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report.

405.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 SECTION TITLE

406.3 POLICY

It is the policy of the Idaho Springs Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.4 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.5 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

406.6 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.6.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

Hostage and Barricade Incidents

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

406.2 POLICY

It is the policy of the Idaho Springs Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

406.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

406.3.1 EMERGENCY COMMUNICATIONS

Any department member supervising a hostage or barricade situation in this jurisdiction may order a security employee of a communications or internet access provider to cut, reroute or divert telephone lines or a cellular or digital communications signal to prevent the suspect from communicating with any person other than a law enforcement officer (CRS § 18-9-312).

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Hostage and Barricade Incidents

Any department member supervising a hostage or barricade situation may also order a telecommunication provider to disclose location information of any hostage's or other named person's telecommunications device if the supervising member reasonably believes that the time required to obtain a court order would increase the risk of death or serious bodily injury to the hostage or any person with the named person (CRS § 18-9-312). The supervising member shall ensure that a court order is obtained within 48 hours of the initial request for the location information (CRS § 18-9-312).

406.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

406.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

Hostage and Barricade Incidents

- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Chief of Police.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

406.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Chief of Police.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

406.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander (IC) until properly relieved. This includes requesting a SWAT response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the department Chief of Police or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

406.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the IC's decision, with input from the SWAT Commander, whether to deploy the SWAT during a hostage or barricade situation. Once the IC authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The IC shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT. The IC and the SWAT Commander or the authorized designee shall maintain communications at all times.

406.6.1 REPORTING

Unless otherwise relieved by a supervisor or IC, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

407.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, suspected explosive devices, suspicious packages or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

407.2 POLICY

It is the policy of the Idaho Springs Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

407.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Supervisor is immediately advised and informed of the details. This will enable the Supervisor to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

407.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

407.4.1 IDAHO SPRINGS POLICE DEPARTMENT FACILITY

If the bomb threat is against the Idaho Springs Police Department facility, the Supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

407.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Idaho Springs Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Supervisor deems appropriate.

407.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Response to Bomb Calls

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

407.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Idaho Springs, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 1. No evacuation of personnel and no search for a device.
 2. Search for a device without evacuation of personnel.
 3. Evacuation of personnel without a search for a device.
 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

407.5.1 ASSISTANCE

The Supervisor should be notified when police assistance is requested. The Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Supervisor determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Response to Bomb Calls

1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

407.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 1. Two-way radios
 2. Cell phones
 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Supervisor including:
 1. The time of discovery.
 2. The exact location of the device.
 3. A full description of the device (e.g., size, shape, markings, construction).
 4. The anticipated danger zone and perimeter.

407.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

407.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

407.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

407.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

407.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Supervisor should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Civil Commitments

408.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (CRS § 27-65-106; CRS § 27-65-107).

408.2 POLICY

It is the policy of the Idaho Springs Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

408.3 AUTHORITY

Officers may take a person into protective custody:

- (a) When the officer has probable cause to believe that a person is either gravely disabled or an imminent danger to self or others due to a mental health disorder (CRS § 27-65-106).
 1. The officer should transport the person to a designated or approved facility for a 72-hour treatment and evaluation.
- (b) When the officer has probable cause to believe that a person is experiencing a behavioral health crisis and in immediate need of professional intervention to prevent harm to self or others (CRS § 27-65-107).
 1. The officer should consult with a behavioral health crisis response team, if available, and transport the person to a designated or approved outpatient mental health facility or other clinically appropriate facility.
 2. The officer should provide the person to be transported an opportunity to make a telephone call, absent any safety concerns.

If an appropriate facility is not available, officers should take the person to an emergency medical services facility, as defined by CRS § 27-65-102 (CRS § 27-65-106; CRS § 27-65-107).

408.3.1 DETENTION

Detention of a person under this policy does not constitute an arrest. When a person is taken into custody, that person shall not be detained in the jail, lockup, or other place used for the confinement of persons charged with an offense (CRS § 27-65-106).

408.3.2 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a voluntary application.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Civil Commitments

- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

408.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

408.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, supervisor notification is required.

408.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

408.7 DOCUMENTATION

The officer shall complete an application for emergency admission, provide it to the facility staff member assigned to that patient, and retain a copy of the application for inclusion in the case report (CRS § 27-65-106; CRS § 27-65-107).

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Civil Commitments

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

408.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody for a civil commitment should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

408.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officer should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

408.10 TRAINING

This department will endeavor to provide department-approved training on interaction with persons with mental health disorders, behavioral health crises, on civil commitments, and crisis intervention.

Summons Releases

409.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Idaho Springs Police Department with guidance on when to release adults who are suspected offenders on a summons for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

409.2 RELEASE

A suspected offender may be released on issuance of a summons as follows:

- (a) For a misdemeanor or petty offense when the officer is satisfied that the person will comply with the requirements of the summons (CRS § 16-3-105).
- (b) For a civil infraction (CRS § 16-2.3-103).
- (c) For certain traffic violations punishable as a misdemeanor, petty offense, or misdemeanor traffic offense in accordance with CRS § 42-4-1707.
- (d) For the crimes described in CRS § 24-4.1-302(1) and for certain felonies when the local district attorney has approved criteria for the issuance of a summons unless any of the following apply (CRS § 16-5-206):
 1. There is a reasonable likelihood that the person will not appear.
 2. The person has had a felony arrest in the preceding five years.
 3. There is an allegation that the person used a deadly weapon (e.g., firearm, knife, bludgeon, any other weapon capable of producing death or serious bodily injury) in the commission of the crime.
 4. The person has an outstanding arrest warrant.

In addition, for civil infractions and certain parking violations, the officer may give the offender a penalty assessment notice and release the offender upon its terms (CRS § 16-2-201; CRS § 16-2.3-102; CRS § 42-4-1701(5)(a)). The penalty assessment notice must be a summons and complaint that contains the information required by CRS § 16-2-201, CRS § 16-2.3-102, or CRS § 42-4-1707.

409.3 PROHIBITIONS

The release of a suspected offender on a summons is not permitted for felony offenses, except when local district attorney has approved criteria for the issuance of a summons for non-violent offenses pursuant to CRS § 16-5-206 (CRS § 16-3-105).

See the Domestic Violence Policy for release restrictions related to those investigations.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Summons Releases

409.3.1 PROHIBITIONS IN CERTAIN NON-VIOLENT OFFENSES

A summons otherwise authorized pursuant to procedures approved by the local district attorney shall not be issued in lieu of a custodial arrest when an officer reasonably believes that any of the following apply (CRS § 16-5-206):

- (a) There is a reasonable likelihood that the person will not appear in court.
- (b) The defendant has had a felony arrest during the preceding five years.
- (c) There is an allegation that the defendant used a deadly weapon (e.g., firearm, knife, bludgeon, any other weapon capable of producing death or serious bodily injury) in the commission of the crime.
- (d) The person has an outstanding arrest warrant.

409.4 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense (CRS § 16-3-105).
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

409.5 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. However, most state statute sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.

409.6 POLICY

The Idaho Springs Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a summons, when authorized to do so.

Foreign Diplomatic and Consular Representatives

410.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Idaho Springs Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

410.2 POLICY

The Idaho Springs Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

410.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Rapid Response and Deployment

411.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

411.2 POLICY

The Idaho Springs Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

411.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Rapid Response and Deployment

- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

411.4 PLANNING

The Patrol Supervisor should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

411.5 TRAINING

The Chief of Police should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

411.6 CONSIDERATIONS

When dealing with a crisis situation members should:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Rapid Response and Deployment

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

Immigration Violations

412.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Idaho Springs Police Department relating to immigration and interacting with federal immigration officials.

412.2 POLICY

It is the policy of the Idaho Springs Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

412.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Colorado constitutions.

412.4 DETENTIONS

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

Immigration Violations

412.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

412.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

412.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

412.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

412.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

412.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Immigration Violations

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the supervisor assigned to oversee the handling of any related case (CRS § 24-4.1-405). The supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted (CRS § 24-4.1-403).
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner in accordance with CRS § 24-4.1-402.
 - (a) The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

412.8.1 TIME FRAME FOR COMPLETION

The supervisor should ensure that the certification for the U visa is processed within 90 days of the request, unless the victim is in federal immigration removal proceedings or a family member would become ineligible for U nonimmigrant status within 60 days, in which case the certification shall be executed within 30 days of receipt of the request (CRS § 24-4.1-402).

412.8.2 APPROVAL OR DENIAL OF CERTIFICATION

If certification is approved, the supervisor, at no charge, shall return the signed certification form with reports relevant to the approval to the requestor (CRS § 24-4.1-403).

If certification is denied, the supervisor shall inform the requestor in writing regarding the reason for the denial as provided in CRS § 24-4.1-403.

412.8.3 RELEASE OF INFORMATION

Personal identifying information or information regarding the citizenship or immigration status of any victim of criminal activity or trafficking who is requesting a certification shall not be disclosed except when allowed by law (CRS § 24-4.1-404) (see also the Records Maintenance and Release Policy for additional guidance).

412.8.4 DOCUMENTATION AND REPORTING

The supervisor shall keep written documentation regarding the number of certification forms that are (CRS § 24-4.1-406):

- (a) Requested by a victim.
- (b) Signed.
- (c) Denied and for what reason.
- (d) Decided outside of the statutory timelines.

412.9 TRAINING

The Chief of Police should ensure that officers receive training by reviewing this policy on a periodic basis.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

413.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours a day, seven days a week. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

413.1.1 BROKEN WATER LINES

The City's responsibility ends at the shut off valve. Any break or malfunction in the water system from the shut off valve to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve. If a break occurs on the City side of the shut off valve, emergency personnel should be called as soon as practicable by Dispatch.

413.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company should be promptly notified, as appropriate.

413.1.3 RESERVOIRS, PUMPS AND WELLS

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

413.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by Dispatch.

413.2 TRAFFIC SIGNAL MAINTENANCE

The City of Idaho Springs contracts with a private company to furnish maintenance for all traffic signals within the City, other than those maintained by the Colorado Department of Transportation (CDOT).

413.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the officer will advise Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

414.2 POLICY

It is the policy of the Idaho Springs Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

414.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

414.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

414.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

414.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Coroner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

414.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.

- (d) Evacuation chutes, ballistic parachute systems and composite materials.

414.8 DOCUMENTATION

All aircraft accidents occurring within the City of Idaho Springs shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of ISPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

414.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

414.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

414.9 MEDIA RELATIONS

The Chief of Police ([PIO]) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

The FTO is an experienced officer trained in the art of supervising, training and evaluating entry level and lateral police officers in the application of their previously acquired knowledge and skills.

415.2.1 SELECTION PROCESS

FTOs will be selected based on the following requirements:

- (a) Desire to be an FTO
- (b) Minimum of four years of patrol experience, two of which shall be with this department
- (c) Demonstrated ability as a positive role model
- (d) Participate and pass an internal oral interview selection process
- (e) Evaluation by supervisors and current FTOs

415.3 TRAINEE DEFINED

Trainee - Any entry level or lateral police officer newly appointed to the Idaho Springs Police Department, who has successfully completed a POST-approved basic academy and possesses a Colorado POST Basic Certificate within one year of commencing employment as a peace officer.

415.4 REQUIRED TRAINING

Entry level officers shall be required to successfully complete the Field Training Program.

The training period for lateral officers may be modified depending on the trainee's demonstrated performance and level of experience.

The required training will take place on at least two different shifts and with at least two different FTOs if reasonably possible.

415.4.1 FIELD TRAINING MANUAL

Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and skills necessary to properly function as an officer with the Idaho Springs Police Department. The officer shall become knowledgeable

of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations of the Idaho Springs Police Department.

415.5 EVALUATIONS

Evaluations are an important component of the training process and shall be completed as outlined below.

415.5.1 FIELD TRAINING OFFICER

- (a) FTOs shall complete and submit a written evaluation on the performance of their assigned trainee to their immediate supervisor on a daily basis.
- (b) FTOs shall review the Daily Trainee Performance Evaluations with the trainee each day.
- (c) A detailed end-of-phase performance evaluation on the assigned trainee shall be completed by the FTO at the end of each phase of training.
- (d) FTOs shall be responsible for signing off on all completed topics contained in the Field Training Manual, noting the method of learning and evaluating the performance of the assigned trainee.

- (a) Daily Trainee Performance Evaluations
- (b) End of phase evaluations

Obtaining Air Support Assistance

416.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

416.2 REQUEST FOR AIR SUPPORT ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made.

416.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Supervisor or the authorized designee will call the closest agency having air support available. The Supervisor will apprise that agency of the specific details of the incident prompting the request.

416.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement air support may be requested under any of the following conditions:

- (a) When the aircraft is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard
- (c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When an aircraft is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits
- (f) Pre-planned events or actions that require air support
- (g) When the Supervisor or equivalent authority determines a reasonable need exists

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

417.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

417.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Consensual search - A search performed by an officer following the voluntary consent of the person being searched, or the person having control of the place or item being searched.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

417.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Contacts and Temporary Detentions

suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Idaho Springs Police Department to strengthen community involvement, community awareness, and problem identification.

417.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the [officer_deputy] should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

417.3 CONSENSUAL SEARCHES

An officer may conduct a consensual search of a person who is not under arrest, and any effects of the person or a vehicle as follows (CRS § 16-3-310):

- (a) The person has apparent or actual authority to provide permission to search the vehicle or effects, if any.
- (b) The person is informed that he/she is being asked to voluntarily consent to a search.
- (c) The person is informed that he/she has the right to refuse the request to search.
- (d) The person voluntarily provides consent.

When asking for consent, officers should explain the scope of the search. Officers should stop a consent search if the person withdraws consent.

Officers should, whenever practicable, obtain written consent. If written consent is not possible, the officer should record any verbal consent.

417.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the **officer's** training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to (see also CRS § 16-3-103(2)):

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

417.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

417.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

417.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

Contacts and Temporary Detentions

417.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Supervisor should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Supervisor will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

417.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken. Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

417.6 POLICY

The Idaho Springs Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

417.7 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Contacts and Temporary Detentions

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

418.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Idaho Springs Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

418.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

418.2 POLICY

The Idaho Springs Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

418.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The Chief of Police should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

418.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Criminal Organizations

with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

418.3.2 CRIMINAL GANG INVESTIGATIVE DATA SYSTEM

It is the designated supervisor's responsibility to approve the entry of any information into a criminal intelligence system operated by the Colorado Bureau of Investigation (CRS § 24-33.5-415.3(3); CRS § 24-33.5-412(1)(i)). Entries into such a database shall be based upon criteria established by statute.

418.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

418.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

418.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Criminal Organizations

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

418.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Chief of Police to train members to identify information that may be particularly relevant for inclusion.

418.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

418.7 CRIMINAL STREET GANGS

The Chief of Police should ensure that there are an appropriate number of department members who can:

- (a) Coordinate with other agencies in the region regarding criminal street gang crimes and information.

418.8 TRAINING

The Chief of Police should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Criminal Organizations

- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Mobile Audio Video

419.1 PURPOSE AND SCOPE

The Idaho Springs Police Department may equip patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems if installed.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel, certified or civilian, trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who possess a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

419.2 POLICY

It is the policy of the Idaho Springs Police Department to use mobile audio and video technology to more effectively fulfill the Department's mission and to ensure these systems are used securely and efficiently.

419.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment.

In the event an officer works at a remote location and reports in only periodically, multiple recording media may be issued. Only Idaho Springs Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

419.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

419.4.1 REQUIRED ACTIVATION OF THE MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes its use would be appropriate and/or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. DVVI/DUI investigations including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify Dispatch
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls
 - 2. Disturbance of peace calls

Idaho Springs Police Department

Idaho Springs PD Policy Manual

3. Offenses involving violence or weapons
 - (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
 - (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

419.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive or in other similar situations.

419.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

419.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Dispatch.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 1. The tracking number of the MAV system media.
 2. The date it was issued.
 3. The law enforcement operator or the vehicle to which it was issued.
 4. The date submitted.
 5. Law enforcement operators submitting the media.
 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Mobile Audio Video

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of surveillance regarding the conversations or actions of an officer.

419.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media in pristine condition.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment.
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value

Idaho Springs Police Department

- (k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection.

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Supervisor. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

419.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

419.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence, will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

419.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

419.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Idaho Springs Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

419.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Mobile Audio Video

- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside a MAV-equipped law enforcement vehicle in order to intentionally interfere with the capability of the MAV system to record audio data.
- (g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

419.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secured location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

419.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Mobile Data Terminal Use

420.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch.

420.2 POLICY

Idaho Springs Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

420.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

420.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Supervisors.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

420.4.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio (CRS § 42-4-201).

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Mobile Data Terminal Use

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

At no time when the vehicle is in motion should the display be viewed by the driver for visual entertainment, including Internet browsing or the use of social media or email.

420.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

420.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT when the vehicle is not in motion.

420.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Supervisor are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

420.6 EQUIPMENT CONSIDERATIONS

420.6.1 MALFUNCTIONING MDT

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

Idaho Springs PD Policy Manual

Mobile Data Terminal Use

420.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

Portable Audio/Video Recorders

421.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this Department while in the performance of their duties. Portable audio/video recording devices include all recording systems, whether body-worn, hand-held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Idaho Springs Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

421.2 POLICY

The Idaho Springs Police Department should provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public (CRS § 24-31-902).

421.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

421.4 ACTIVATION OF THE AUDIO/VIDEO RECORDER

This policy is not intended to describe every possible situation in which the recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including but not limited to traffic violations and all crime interdiction stops
- (c) Self-initiated activity in which an officer would normally notify Dispatch
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same

Idaho Springs Police Department

criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize the member's safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

421.4.1 SURREPTITIOUS USE OF THE AUDIO/VIDEO RECORDER

Colorado law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (CRS § 18-9-303).

Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

421.4.2 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that the member's direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing, during discussions when civilians are not present, or when inside a jail with a functioning camera system (CRS § 24-31-902).

421.4.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

421.4.4 EXAMPLES

The recorder should be deactivated when any of the following apply:

- (a) When a crime victim requests not to be recorded
- (b) In situations where medical or patient privacy is warranted
- (c) When on the premises of any public or private elementary or secondary school, unless the member is responding to an imminent threat to life or health where there is potential for enforcement or criminal investigation
- (d) When an individual requests to remain anonymous or is a confidential informant
- (e) When personal information is being relayed that is not case related
- (f) When discussing administrative, tactical or management issues

421.5 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Supervisor. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

421.6 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure, but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

421.6.1 RETENTION REQUIREMENTS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

421.7 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

421.8 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for:

- (a) Establishing procedures for the security, storage and maintenance of data and recordings.
- (b) Establishing procedures for accessing data and recordings.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging or marking events.

421.9 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days (CRS § 24-31-902).

421.9.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

Medical Marijuana

422.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under Colorado's medical marijuana laws.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Allowed amount of marijuana - No more marijuana than is medically necessary to address a debilitating or disabling medical condition. Though the amount may be greater, anything at or below the following amount qualifies as an allowed amount (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106):

- (a) No more than 2 ounces of a usable form of marijuana
- (b) No more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana

Medical use - The acquisition, possession, production, use or transportation of marijuana or paraphernalia related to the administration of such marijuana to address the symptoms or effects of a patient's debilitating or disabling medical condition, which may be authorized only after a diagnosis of the patient's debilitating or disabling medical condition by a physician (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106).

Patient - A person who has a debilitating or disabling medical condition (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106).

Primary caregiver - A person, other than the patient and the patient's physician, who is 18 years of age or older and has significant responsibility for managing the well-being of a patient who has a debilitating or disabling medical condition (Colo. Const. art. XVIII, § 14). A primary caregiver may have one or more relationships with a patient, including as (CRS § 25-1.5-106):

- (a) A parent of a child and anyone who assists that parent with caregiver responsibilities, including cultivation and transportation.
- (b) An advising caregiver who advises a patient on which medical marijuana products to use and how to dose them, and does not possess, provide, cultivate or transport marijuana on behalf of the patient.
- (c) A transporting caregiver who purchases and transports marijuana to a patient who is homebound.
- (d) A cultivating caregiver who grows marijuana for a patient.

Registry Identification Card(RIC) - That document, issued by the Colorado Department of Public Health and Environment, that identifies a patient authorized to engage in the medical use of

marijuana and such patient's primary caregiver, if one has been designated (Colo. Const. art. XVIII, § 14).

Usable form of marijuana - The seeds, leaves, buds and flowers of the plant (genus) cannabis, and any mixture or preparation thereof, which are appropriate for medical use. It does not include the plant's stalks, stems and roots.

422.2 POLICY

It is the policy of the Idaho Springs Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Colorado medical marijuana laws are intended to provide protection from prosecution to those who acquire, possess, manufacture, produce, use, sell, distribute, dispense or transport marijuana for debilitating or disabling medical conditions. However, Colorado medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Idaho Springs Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Colorado law and the resources of the Department.

422.3 INVESTIGATION

Investigations involving the acquisition, possession, manufacture, production, use, sale, distribution, dispensing or transportation of marijuana generally fall into one of the following categories:

- (a) Investigations when no person makes a medicinal claim
- (b) Investigations when a medical-use claim is made by an adult who has not been issued a RIC
- (c) Investigations when a medical-use claim is made by an adult who has been issued a RIC
- (d) Investigations when a medical-use claim is made by a juvenile

422.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is being used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use of marijuana under the Colorado Constitution (Colo. Const. art. XVIII, § 16). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant as to whether the marijuana was possessed or produced for medicinal purposes.

422.3.2 INVESTIGATIONS INVOLVING A MEDICAL-USE CLAIM BY AN ADULT WHO HAS NOT BEEN ISSUED A RIC

An adult making a medical-use claim, either as a patient or primary caregiver, should not be arrested for a marijuana-related offense when:

- (a) The patient (Colo. Const. art. XVIII, § 14(2); CRS § 25-1.5-106):
 1. Was previously diagnosed by a physician as having a debilitating or disabling medical condition.
 2. Was advised by his/her physician, in the context of a bona fide physician-patient relationship, that the patient might benefit from the medical use of marijuana in connection with a debilitating or disabling medical condition.
 3. Was collectively in possession of an allowed amount of marijuana.
- (b) The amount is permitted for personal use of marijuana under the Colorado Constitution (Colo. Const. art. XVIII, § 16).

A copy of an application submitted to the Colorado Department of Public Health and Environment, including the written documentation and proof of the date of mailing or other transmission of the written documentation, shall be accorded the same legal effect as a RIC until such time as the patient receives notice that the application has been denied (Colo. Const. art. XVIII, § 14(3)(d)).

422.3.3 INVESTIGATIONS INVOLVING A MEDICAL-USE CLAIM BY AN ADULT WHO HAS BEEN ISSUED A RIC

An adult making a medical-use claim, either as a patient or primary caregiver, shall not be arrested for a marijuana-related offense when all of the following exist (Colo. Const. art. XVIII, § 14(2); CRS § 25-1.5-106):

- (a) The patient or primary caregiver is in lawful possession of a RIC.
- (b) The marijuana in question is for medical use.
- (c) The patient or primary caregiver is in possession of no more than 2 ounces of a usable form of marijuana and no more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana.

A patient or primary caregiver in lawful possession of a RIC should not be arrested for any quantity of marijuana above the specified amounts of marijuana (2 ounces, six plants) if the amount is no more than is medically necessary to address a debilitating or disabling medical condition.

Evidence that an extended amount is medically necessary may include a voluntary disclosure by the patient in his/her registration information that he/she intends to cultivate more than six plants for his/her own medical use (CRS § 25-1.5-106).

422.3.4 INVESTIGATIONS RELATED TO A MEDICAL-USE CLAIM BY A JUVENILE

A juvenile under the age of 18 shall not be arrested for a marijuana-related offense if all of the following conditions exist (Colo. Const. art. XVIII, § 14(6); CRS § 25-1.5-106):

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Medical Marijuana

- (a) The juvenile is in lawful possession of a RIC.
- (b) The juvenile and parental primary caregiver collectively possess no more than an allowed amount of marijuana.
- (c) The parental primary caregiver controls the acquisition, dosage and frequency of use of the marijuana.

422.3.5 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production or use:

- (a) Officers shall immediately notify the Colorado Department of Public Health and Environment when any person in possession of a RIC has been determined by a court of law to have willfully violated the provisions of medical marijuana laws or has pleaded guilty to such an offense (Colo. Const. art. XVIII, § 14(3); CRS § 25-1.5-106).
- (b) Because enforcement of medical marijuana laws can be complex, time-consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 - 4. Any other relevant factors exist, such as limited available department resources and time constraints.
- (c) Whenever the initial investigation reveals an amount of marijuana greater than that specified by law, officers should consider:
 - 1. The amount of marijuana recommended by a medical professional to be ingested.
 - 2. The quality of the marijuana.
 - 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 - 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 - 5. Other factors such as the climate and whether the marijuana is being cultivated indoors or outdoors.
- (d) Before proceeding with enforcement related to a locally approved business that cultivates, manufactures or sells medical marijuana or medical marijuana-infused products, officers should consider conferring with appropriate legal counsel.
- (e) Primary caregivers must be registered to cultivate or transport marijuana and have supporting receipts when transporting the marijuana. Officers may report a primary

caregiver to the state licensing authority if the primary caregiver fails to provide proper documentation showing that he/she has registered (CRS § 25-1.5-106).

1. Primary caregivers have additional registration requirements if they grow 37 or more plants. Additionally, primary caregivers may not grow 100 or more plants (CRS § 25-1.5-106).

422.3.6 EXCEPTIONS

Officers may take enforcement action against a patient or primary caregiver who (Colo. Const. art. XVIII, § 14(5); CRS § 25-1.5-106):

- (a) Engages in the medical use of marijuana in a way that endangers the health or well-being of any person.
- (b) Unlawfully engages in the medical use of marijuana in plain view of, or in a place open to, the general public (CRS § 44-10-702).
- (c) Undertakes any task while under the influence of medical marijuana, when doing so would constitute negligence or professional malpractice.
- (d) Possesses or uses non-smokable medical marijuana without authorization on school grounds, in a school bus, or at a school-sponsored event (CRS § 22-1-119.3; CRS § 25-1.5-106).
- (e) Possesses or uses smokable medical marijuana on school grounds, in a school bus, or at a school-sponsored event (CRS § 22-1-119.3; CRS § 25-1.5-106).
- (f) Engages in the use of medical marijuana in a correctional facility, community corrections facility, or in a vehicle, aircraft, or motorboat.
- (g) Engages in the use of medical marijuana while sentenced to jail/prison.
- (h) Operates, navigates, or is in actual physical control of any vehicle, aircraft, or motorboat while under the influence of medical marijuana.
- (i) Manufactures marijuana concentrate in an unregulated environment using an inherently hazardous substance (CRS § 18-18-406.6).
- (j) Grows or possesses on residential property more than the number of marijuana plants as set forth in CRS § 25-1.5-106.

422.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

422.5 EVIDENCE

422.5.1 MEMBER RESPONSIBILITIES

The investigating member should advise the receiving Property and Evidence Section member when marijuana may be the subject of a medical claim.

422.5.2 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section Supervisor shall ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not harmed, neglected, injured or destroyed (Colo. Const. art. XVIII, § 14(2)(e)).

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section Supervisor should follow the Property and Evidence Policy and related procedures.

The Property and Evidence Section Supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Section Supervisor.

Foot Pursuit Policy

423.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

423.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

423.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Foot Pursuit Policy

- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

423.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Foot Pursuit Policy

- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

423.5 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

423.6 RESPONSIBILITIES IN FOOT PURSUITS

423.6.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Foot Pursuit Policy

- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

423.6.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

423.6.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

423.6.4 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.

- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

Homeless Persons

424.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Idaho Springs Police Department recognizes that members of the homeless community are often in need of special protection and services. The Idaho Springs Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following policy when serving the homeless community.

424.1.1 POLICY

It is the policy of the Idaho Springs Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

424.2 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals, counseling and summons and release in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

424.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special consideration for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Homeless Persons

- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

424.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in cleanup operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appear to belong to a homeless person should not remove or destroy such property and should inform a supervisor if such property appears to involve a trespass, is blight to the community or is the subject of a complaint.

424.4 MENTAL HEALTH DISORDERS AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental health disorder or a mental impairment. Officers shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention.

When a mental health disorder hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

424.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to

Idaho Springs Police Department

notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

425.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

425.2 POLICY

The Idaho Springs Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

425.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

425.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Idaho Springs Police Department

Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

425.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

425.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa; CRS § 16-3-311):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - (a) Before obtaining consent, the member shall provide the person with his/her identification, agency name and the reason the information is requested.
 - (b) If the person voluntarily provides his/her device or media to the member, the search of the device or media shall be limited to the

Idaho Springs Police Department

relevant recording and the device or media returned as soon as practicable.

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department device.
3. Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

425.6.1 SEARCH WARRANTS

When a member seizes a recording device or media without the person's consent or without a search warrant, a search warrant for the recording shall be sought within 72 hours of the seizure (CRS § 16-3-311).

First Amendment Assemblies

426.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

426.2 POLICY

The Idaho Springs Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

426.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, loitering and disrupting lawful assembly. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

426.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

426.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

426.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

426.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

426.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

426.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

426.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

426.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER ® devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

426.8 ARRESTS

The Idaho Springs Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Summons Releases Policy).

426.9 MEDIA RELATIONS

The Chief of Police should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

426.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

426.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

426.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

426.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Medical Aid and Response

427.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

427.2 POLICY

It is the policy of the Idaho Springs Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

427.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel regarding whether to transport the person for treatment.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Medical Aid and Response

427.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

427.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where a mental health disorder may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

427.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Idaho Springs Police Department

Medical Aid and Response

Arrestees who appear to have a serious medical issue should be transported by ambulance.

427.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

427.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

It will be the responsibility of the Clear Creek Fire Authority to pre-plan specific landing areas and oversee all air ambulance operations

In the event ISPD is requested to assist the landing of an air ambulance, one department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Emergency lights should be turned off to minimize visual impacts to the pilots. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

427.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member should use an AED only after the member has received the required training (CRS § 13-21-108.1).

427.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Chief of Police who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Medical Aid and Response

Any member who uses an AED shall contact Dispatch as soon as possible and request response by EMS (CRS § 13-21-108.1).

427.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

427.8.3 AED TRAINING AND MAINTENANCE

The Chief of Police should ensure appropriate training that includes training in CPR and AED use is provided to members authorized to use an AED (CRS § 13-21-108.1).

The Chief of Police is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's operational guidelines, and will retain records of all maintenance and testing in accordance with the established records retention schedule (CRS § 13-21-108.1).

427.9 ADMINISTRATION OF OPIATE ANTAGONIST

Only members authorized by the Clear Creek County Emergency Medical Services and the Department may possess or administer an opiate antagonist such as naloxone hydrochloride or any similarly acting drug for the treatment of a drug overdose. The medication shall be administered in accordance with written protocol specified by the medical professional who prescribed the overdose medication for use by the member (CRS § 12-30-110; CRS § 12-255-128).

427.9.1 OPIATE ANTAGONIST USER RESPONSIBILITIES

Members who are qualified to administer an opiate antagonist should handle, store, and administer the medication consistent with their training.

Any member who administers an opiate antagonist should contact Dispatch as soon as possible and request response by EMS (CRS § 12-30-110; CRS § 12-255-128; CRS § 12-280-123).

427.9.2 OPIATE ANTAGONIST REPORTING

Any member administering an opiate antagonist should detail its use in an appropriate report.

The Chief of Police will ensure that the Records Supervisor is provided enough information to meet applicable state reporting requirements.

427.9.3 OPIATE ANTAGONIST TRAINING

The Chief of Police should ensure training is provided to members authorized to administer an opiate antagonist.

The Chief of Police should coordinate training with the prescribing medical professional (CRS § 12-30-110; CRS § 12-255-128; CRS § 12-280-123).

427.10 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the

officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

427.11 FIRST AID TRAINING

Subject to available resources, the Chief of Police should ensure officers receive periodic first aid training appropriate for their position.

Mental Health Crisis Intervention Incidents

428.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

428.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental health disorder despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

428.2 POLICY

The Idaho Springs Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

428.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental health disorder
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Mental Health Crisis Intervention Incidents

428.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Supervisor to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources to guide department interaction with those who may be suffering from a mental health disorder or who appear to be in a mental health crisis (CRS § 30-10-527; CRS § 31-30-109).

428.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

428.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Mental Health Crisis Intervention Incidents

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

428.7 INCIDENT ORIENTATION

When responding to an incident that may involve a mental health disorder or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

428.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).

- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Supervisor.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

428.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

428.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

428.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

428.11 EVALUATION

The Supervisor designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

428.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

Civil Disputes

431.1 PURPOSE AND SCOPE

This policy provides members of the Idaho Springs Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Colorado law.

431.2 POLICY

The Idaho Springs Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

431.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

431.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

431.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

431.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

431.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 DEPLOYMENT

Enforcement efforts may include such techniques as geographic/temporal assignment of department members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving, and a variety of educational activities. These activities should incorporate methods that are suitable to the situation; timed to events, seasons, past traffic problems or locations; and, whenever practicable, preceded by enforcement activities.

Several factors are considered in the development of deployment schedules for department members. State and local data on traffic accidents are a valuable resource. Factors for analysis include but are not limited to:

- Location.
- Time.
- Day.
- Violation factors.
- Requests from the public.
- Construction zones.
- School zones.
- Special events.

Department members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and also will consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions (CRS § 42-4-101 and CRS § 42-4-104):

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS AND STOPS WITHOUT CITATION OR ARREST

Warnings should be considered in minor traffic infractions and substituted for arrests or citations when circumstances warrant. Circumstances that do not result in a citation or arrest require providing a business card in compliance with the law, as outlined in the Bias-Based Policing Policy.

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court
- (d) The court contact information

500.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the place specified in the summons, complaint or penalty assessment notice is a county court within the county in which the offense is alleged to have been committed (CRS § 42-4-1707(5)).

500.3.4 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses. These physical arrest cases usually deal with but are not limited to (CRS § 42-4-1705(1)):

- (a) Vehicular homicide.
- (b) Driving under the influence of alcohol/drugs.
- (c) Hit-and-run resulting in serious injury or death.
- (d) Hit-and-run resulting in damage to any vehicle or property.
- (e) Reasonable cause to believe the violator may leave the state.

500.4 SUSPENDED OR REVOKED DRIVER'S LICENSE

If an officer contacts a traffic violator also driving on a suspended or revoked license, the officer should issue a traffic citation or make an arrest as appropriate.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (Federal Manual on Uniform Traffic Control Devices, 23 CFR 655.601).

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Traffic Function and Responsibility

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used anytime a plainclothes officer might benefit from being readily identified as an officer.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in each patrol and investigation unit.

500.6 POLICY

It is the policy of the Idaho Springs Police Department to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Department will be driven by such factors as the location and/or number of traffic accidents, civilian complaints, traffic volume, traffic conditions, and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

Traffic Accident Response and Reporting

501.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic accidents, providing aid and assistance, documentation of the incident and identification of criminal activity. The Idaho Springs Police Department prepares traffic accident reports in compliance with CRS § 42-4-1606 and as a public service makes traffic accident information available to the public.

501.2 CALL RESPONSE

Officers should respond without delay when dispatched to a traffic accident. A traffic accident with injuries reported may include an emergency response if the officer reasonably believes such a response is appropriate.

501.2.1 RESPONSE CONSIDERATIONS

An officer responding to and upon arrival at an accident, should consider the following:

- (a) The most appropriate route to the incident
- (b) Proper placement of the emergency vehicle to provide protection for officers and the scene
- (c) Potential for involvement of hazardous materials
- (d) Additional support that may be necessary (e.g., traffic control, medical aid, HAZMAT, ambulance, tow vehicles and airship landing)
- (e) Providing first aid to any injured parties if it can be done safely, and obtaining medical assistance as necessary
- (f) Traffic control and protection of the scene
- (g) Clearance of the roadway

501.3 ACCIDENT INVESTIGATION

Investigation of traffic collisions should include, at minimum, the following:

- (a) Identification and interview of all involved parties
- (b) Identification and interview of any witnesses
- (c) Determination if any crime has occurred and taking appropriate enforcement action
- (d) Identification and protection of items of apparent evidentiary value
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on appropriate report forms

501.4 TAKING ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of Colorado law led to the accident. On public roadways or public property

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Traffic Accident Response and Reporting

officers will issue a traffic citation or a misdemeanor citation to the offending driver. A citation will be issued if the collision occurred on private property and one of the following violations was committed: Careless Driving, Reckless Driving, DUI, Hit & Run. Officers may arrest a person when there is probable cause to believe that an offense was committed by the person to be arrested (CRS § 16-3-102). Deviation from this policy requires supervisory approval.

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.5 NOTIFICATION OF SUPERVISOR

In the event of a serious injury or death-related traffic accident, the officer or supervisor shall notify the Chief of Police.

501.6 NOTIFICATION OF NEXT OF KIN

If a traffic accident causes a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's next of kin or coordinate such notification with the Coroner, department chaplain or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic accident should not be released until notification is made to the victim's next of kin.

Vehicle Towing and Release Policy

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Idaho Springs Police Department and under the authority of CRS § 42-4-1803.

502.2 RESPONSIBILITIES

The responsibilities of those employees storing or impounding a vehicle are as follows.

502.2.1 COMPLETION OF VEHICLE IMPOUND/STORAGE FORM

Department members requesting towing of a vehicle shall complete a vehicle impound/storage form that includes written authorization pursuant to CRS § 42-4-1803(1)(b) for the tow truck operator to possess the vehicle and a description of property within the vehicle. A copy is to be given to the tow truck operator and the original is to be submitted to the Records Section as soon as practicable after the vehicle is stored.

Approved storage forms shall be promptly placed into the case file so that they are immediately available for release or for information should inquiries be made.

502.2.2 REMOVAL OF A VEHICLE DISABLED IN A TRAFFIC ACCIDENT

When a vehicle has been involved in a traffic accident and must be removed from the scene, the officer shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to Dispatch. When there is no preferred company requested, the City's contract towing company shall be dispatched to the scene.

If the owner is incapacitated or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in an accident, the officer shall request the dispatcher to call the City's contract towing company. The officer will then conduct an inventory and store the vehicle using a vehicle impound/storage form.

502.2.3 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with parking regulations.

502.2.4 RECORDS SECTION RESPONSIBILITY

Approved vehicle impound/storage forms shall be promptly filed so that they are immediately available for release or review should inquiries be made.

Records Section personnel should promptly enter pertinent data from a completed vehicle impound/storage form into the Motor Vehicle Verification System to determine if the vehicle has been reported stolen (CRS § 42-4-1804). No later than 10 working days after a vehicle has been towed by this department, Records Section personnel shall report the towing and related information to the Department of Revenue, Motor Vehicle Division as required by CRS § 42-4-1804(1)(b).

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Towing and Release Policy

Records Section personnel or authorized designee shall make a good faith attempt to notify the owner or lien holder of abandoned vehicles within 10 working days after receipt of a vehicle impound/storage form pursuant to (CRS § 42-4-1804(4)(a) and CRS § 42-4-1804(4)(b)). The notice shall inform the owner that he/she can request a hearing concerning the legality of the towing of the abandoned motor vehicle (CRS § 42-4-1804(4)(c)).

The Records Section or authorized designee should use the notice forms available from the Department of Revenue, Motor Vehicle Division when sending required notices to the owners or lien holders of stolen or abandoned vehicles (CRS § 42-4-1804(5)).

502.3 TOWING SERVICES

The City of Idaho Springs periodically selects one company to act as official tow services and awards a contract. The company will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

502.4 TOWING AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. However, a vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed. For example, a vehicle shall be towed if it would present a traffic hazard or if it would be in jeopardy of theft or damage if left at the scene in a high-crime area.

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest
- Situations where the vehicle was not used to further the offense for which the occupant was arrested or is not subject to forfeiture proceedings
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene

In such cases, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages.

Idaho Springs Police Department

Vehicle Towing and Release Policy

502.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in police custody, to provide for the safety of officers and the public, and to protect the Department against fraudulent claims of lost, stolen or damaged property.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside, other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

502.6 PRESERVATION OF EVIDENCE

An officer removing a vehicle pursuant to CRS § 42-4-1803, who has probable cause to believe that the vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or tends to show that a particular person has committed a criminal offense, should ensure that all legally required and reasonably necessary efforts to preserve the evidence, including but not limited to, safe storage, are taken until the evidence is released to the owner or otherwise disposed of according to law.

502.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, an officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property.

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle impound or storage hearings (CRS § 42-4-1804(4)(d)).

503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Department a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent to determine if probable cause existed for the removal and placement of the vehicle.

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must not be the person who directed the storage or impound of the vehicle.

503.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. Hearings on impoundments for excessive parking violations are governed by City Code section 15-9 in lieu of this Policy. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on an impounded or stored vehicle shall be submitted in writing within 10 days of the date appearing on the notice (CRS § 42-4-1804(4)(d)). The City Administrator will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing.

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a mediation or reduction of the period the vehicle is impounded.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision, and that the inquiring party may pursue further civil remedies if desired.
 1. If mitigating circumstances are found to be relevant, the hearing officer may make reasonable adjustments to the impound period, storage or assessment fees as warranted.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Vehicle Impound Hearings

- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be at the Department's expense.
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Supervisor. The hearing officer will recommend to the appropriate Supervisor that the fees paid by the registered or legal owner of the vehicle in question or the owner's agent be reimbursed by the Department.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The Idaho Springs Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Colorado's impaired driving laws.

504.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Supervisor will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Colorado or another jurisdiction.

504.4 FIELD TESTS

The Supervisor should identify the standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

504.5 CHEMICAL TESTS

A person implies consent under Colorado law to a chemical test or tests, and to providing the associated chemical sample, when an officer has probable cause to believe that the person was driving a motor vehicle in violation of CRS § 42-4-1301 (DUI, DUI per se, DWAI, or UDD) (CRS § 42-4-1301.1).

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Impaired Driving

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence). Generally, a person may request either a test of his/her blood or breath for determining alcohol content (CRS § 42-4-1301.1). However, if a person under the age of 21 is suspected of underage drinking and driving (UDD), the person may only submit to a breath test.

If a person is suspected of aggravated vehicular unlawful termination of a pregnancy, the type of test or tests shall be determined by the officer (CRS § 18-3.5-108).

For purposes of determining drug content within a person's system, officers may select the most appropriate and viable test of the of the person's blood, saliva and urine. The arrestee is required to take and complete the selected test or tests (CRS § 42-4-1301.1; CRS § 18-3.5-108).

504.5.2 BREATH SAMPLES

The Supervisor should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Supervisor.

504.5.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (CRS § 42-4-1301.1). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Impaired Driving

504.5.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

504.5.5 STATUTORY NOTIFICATIONS

Officers requesting a sample from a person suspected of DUI should inform the person that failure to submit to testing may result in the revocation of his/her license.

504.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (CRS § 42-4-1301.1).
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

504.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of revocation upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person and issue the person a seven day temporary permit unless the person already possesses one (CRS § 42-2-126).

504.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.
- (c) Exigent circumstances exist and the officer has probable cause to believe the person committed any of the following offenses (CRS § 42-4-1301.1):
 - 1. Criminally negligent homicide
 - 2. Vehicular homicide
 - 3. Assault in the third degree

4. Vehicular assault

504.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted. Officers may physically restrain a person for the purpose of obtaining a sample only in cases of criminally negligent homicide, vehicular homicide, assault in the third degree, vehicular assault or aggravated vehicular unlawful termination of pregnancy (CRS § 42-4-1301.1; CRS § 18-3.5-108).
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

An officer may request that a person provide a breath sample for a preliminary screening test when the officer (CRS § 42-4-1301):

- (a) Has reason to believe the person was driving a motor vehicle while under the influence or impaired by alcohol and,
- (b) Has advised the person that he/she may refuse or agree to provide the preliminary breath sample.

If the person is under the age of 21, the officer may conduct a preliminary screening test, without the person's consent, if there is a reasonable belief the person has consumed alcohol (CRS § 42-4-1301).

An officer may use the results of the preliminary test in determining whether probable cause exists to believe the person was DUI and whether to administer additional testing (CRS § 42-4-1301).

504.7.2 COLLECTING SAMPLES

Arrestee samples shall be collected and processed in accordance with standards set by the Department of Public Health and Environment (5 CCR 1005-2:1 et seq.).

504.7.3 TIME TO COLLECT SAMPLE

If an officer requests that a person submit to a blood or breath test to determine the alcohol content of the person's blood or breath, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1).

If an officer requests that a person submit to a blood, saliva or urine test to determine the drug content within the person's system, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1).

504.7.4 NOTICE TO COMMERCIAL MOTOR VEHICLE DRIVER

Officers investigating a driver of a commercial motor vehicle license for DUI shall advise the person that a refusal to submit to a chemical test shall result in an out-of-service order for a period of 24 hours and a revocation of the privilege to operate a commercial motor vehicle for one year (CRS § 42-4-1301.1).

504.7.5 OFFICER RESPONSIBILITIES

An officer believing that a person should be subject to license revocation as a result of DUI shall forward the following to the Division of Motor Vehicles (DMV) on the forms prescribed by the DMV (CRS § 42-2-126):

504.7.6 EXTRAORDINARY CIRCUMSTANCES

If an officer requests a person to submit to a chemical test and subsequently determines that there are extraordinary circumstances that prevent the completion of the test elected by the person within the two-hour time period, the officer shall inform the person of such circumstances and request and direct the person to take and complete the other test. The person shall then be required to take and complete, and to cooperate in the completing of, the other test. Extraordinary circumstances include but are not limited to weather related delays, high call volume affecting medical personnel, malfunctioning breath test equipment and other circumstances that preclude the timely collection of a sample (CRS § 42-4-1301.1).

504.7.7 UNCONSCIOUS OR DECEASED PERSONS

If an officer believes a person to be DUI and the person cannot submit to a chemical test because the person is unconscious, hospitalized, or undergoing medical treatment, the officer may (CRS § 18-3.5-108; CRS § 42-4-1301.1):

- (a) Have access to and analyze any blood, urine, or saliva that was obtained and not utilized by the health care provider.

In addition, the blood or urine sample of any deceased driver or pedestrian at least 15 years of age shall be tested for alcohol, drug, and carbon monoxide concentration following the procedures established by the Department of Public Health and Environment (CRS § 42-4-1301.1; CRS § 42-4-1304).

504.7.8 MEDICAL MARIJUANA REGISTRY IDENTIFICATION CARD

Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Chief of Police should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

505.2 RESPONSIBILITIES

Employees of this department shall use the approved traffic citation for all traffic offense citations.

The Chief of Police shall be responsible for the development and design of all Department traffic citations in compliance with state law (CRS § 42-4-1707).

The Records Section is responsible for the supply and accounting of all traffic citations issued to employees of this department. Citations will be kept in a secure location and issued to officers by the Records Section staff. Officers will sign for the citations when issued.

505.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Supervisor. Upon a review of the circumstances involving the issuance of the traffic citation, the Supervisor may request that the Chief of Police recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request that the court dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Chief of Police for review.

505.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Supervisor.

505.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Court Clerk. The Court Clerk shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

505.6 DISPOSITION OF TRAFFIC CITATIONS

Upon separation from employment with this department, all employees who were issued traffic citation books shall return any unused citations to the Records Section.

505.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to local regulations (CRS § 43-2-135(1)(g) and CRS § 42-4-110(1)). A parking violation may be appealed by filing a request with the court and posting fees as required.

505.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles vary from the procedure for adults (CRS § 42-4-1707(1)(b)). The juvenile's age, place of residency and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

The Idaho Springs Police Department has adopted this policy regarding providing assistance to motorists in disabled vehicles within this organization's jurisdiction.

506.2 OFFICER RESPONSIBILITIES

When an on-duty officer observes a disabled vehicle, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer or other department member to respond as soon as practicable.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by Department personnel will be contingent on the time of day, the location, the availability of Department resources and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety or to remove vehicles that are obstructing traffic pursuant to CRS § 42-4-1803(2) is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS

Investigation and Prosecution

entirety when the interrogation takes place at any Idaho Springs Police Department facility (CRS § 16-3-601) unless:

- (a) The individual requests that the interrogation not be recorded.
 - 1. The request must be made in writing or at the beginning of the recording.
- (b) The recording equipment fails.
- (c) Recording equipment is unavailable due to damage or other extraordinary circumstances.
- (d) Exigent circumstances prevent the recording of the interrogation.
- (e) The individual is interrogated outside the state of Colorado.

Any custodial interrogation of an individual who is suspected of having committed any other violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Section supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

Idaho Springs Police Department

Investigation and Prosecution

- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record-keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.7.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for

accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.8 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Supervisor or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Title 18, Article 3, Part 4 (Unlawful Sexual Behavior) of the Colorado Revised Statutes.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Idaho Springs Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART or other multidisciplinary investigative teams as applicable.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Sexual Assault Investigations

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Section supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 1. Initial response to sexual assaults.
 2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 1. Interviewing sexual assault victims.
 2. SART or multidisciplinary response team.
 3. Medical and legal aspects of sexual assault investigations.
 4. Serial crimes investigations.
 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (VICAP).
 6. Techniques for communicating with victims to minimize trauma.

601.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART or the multidisciplinary response team should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Sexual Assault Investigations

of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in a report.

Victims should be notified if forensic medical evidence has been submitted to an accredited crime laboratory (CRS § 24-4.1-302.5).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.7.1 TRUTH VERIFICATION EXAMINATIONS

Members of the Idaho Springs Police Department shall not ask or require a victim of a sex crime to submit to a truth verification examination as a condition for proceeding with a criminal investigation (34 USC § 10451; CRS § 18-3-407.5).

A truth verification examination shall only be conducted upon a victim with the victim's written informed consent that includes notice that he/she has the right to refuse to submit to the examination. In addition, the victim shall be informed orally with information about the potential use of the result of the examination (CRS § 18-3-407.5).

601.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault. Forensic medical evidence shall be collected if the victim requests the collection (CRS § 24-33.5-113; 8 CCR 1507-29).

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

No Idaho Springs Police Department member shall ask or require a sex crime victim to participate or cooperate in an investigation as a condition of receiving a forensic medical examination (CRS § 18-3-407.5).

601.8.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following (CRS § 24-33.5-113; 8 CCR 1507-29):

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Sexual Assault Investigations

- (a) Obtain the victim's written consent prior to collection of any forensic medical evidence, using the form required by the Department of Public Safety (DPS).
- (b) Submit evidence to the Colorado Bureau of Investigation or an accredited crime laboratory within 21 days, unless the victim withdraws consent.
- (c) Retrieve medical forensic evidence when contacted by a medical facility for appropriate retention (CRS § 18-3-407.5).

Forensic evidence associated with an anonymous report made pursuant to CRS § 12-240-139 shall not be submitted to a laboratory for testing (CRS § 18-3-407.5).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable (CRS § 24-4.1-302.5).

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

601.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Section supervisor.

Classification of a sexual assault as unfounded requires the Detective Section supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted the victim's original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

The assigned investigator should inform the victim of any change in status of the case, including cases that are closed or reopened (CRS § 24-4.1-302.5).

601.10 CASE REVIEW

The Detective Section supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART or multidisciplinary response team and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

602.2 ASSET SEIZURE AUTHORITY

An officer of this department may seize and hold property when there is probable cause to believe that property or articles are contraband and the seizure is incident to a lawful search or as directed by the court (CRS §16-13-308(1)(a)(I), CRS §16-13-309(3) and CRS § 16-13-504).

602.3 ASSET FORFEITURE PROCEDURE

Before seizing any currency, vehicle or personal property, a patrol officer should contact a supervisor. The following guidelines will be observed:

- (a) The seizing officer or the detective shall interview all involved persons concerning their possession of the seized assets, financial situation, employment, income and other resources. The interviewing officer shall ensure that *Miranda* warnings are given and waivers obtained before interviewing any person who is in custody.
- (b) A copy of all reports and all applicable asset forfeiture paperwork must be forwarded to a supervisor, for review.
- (c) Attempt to promptly determine all lien holders or all persons who may have a legal interest in the seized currency, vehicle or property for further contact, investigation and notification.

The property will be checked through NCIC/CCIC to determine if the property has been stolen. Reasonable diligence in securing the property is required.

The property will be booked as evidence on a separate property form, with the notation in the comment section of the property form, "Seized Subject to Forfeiture." No other evidence from the case should be booked on this form.

602.3.2 SEIZED CURRENCY

Currency seized subject to forfeiture will be counted in accordance with the Cash Handling, Security and Management Policy. The currency will be placed in a envelope with the denomination of the currency, totals of each denomination and the total amount of currency enclosed noted on the envelope. The officer counting and the employee verifying the money will initial and sign the envelope when sealed. If the currency will not fit into a standard money envelope, place the currency in a larger envelope or bag.

Currency seized will be given to and retained by a supervisor for deposit into the designated fund. If there is a need to book the currency into evidence/property, the currency will be booked on a single property form noting "Seized Subject to Forfeiture" in the comments section of the property form. The seizing officer shall notify the Chief of Police of the booked currency and the circumstances of the seizure as soon as possible.

Currency may be deposited in an interest-bearing account designated for holding seized currency if so ordered by the court upon motion of any party (CRS § 16-13-510).

602.3.3 SEIZED BOATS AND MOTOR VEHICLES

Vehicles, watercraft or aircraft seized subject to forfeiture will be taken to a designated storage facility appropriate for the storage of the item in a manner consistent with the Vehicle Towing and Release Policy. A seized vehicle should not be impounded. The officer seizing the vehicle shall notify a supervisor of the circumstances as soon as possible.

If the vehicle cannot be operated, a tow truck or trailer will be used to tow the boat or motor vehicle to the storage facility.

Personal property located in a seized boat or motor vehicle shall be removed and booked into property as either evidence or for safekeeping.

If a rented motor vehicle is seized, the Department shall notify the motor vehicle rental company of the seizure. A rented motor vehicle shall be returned to the rental company unless the vehicle must remain in custody for evidentiary purposes or if there is probable cause to believe the rental company had knowledge or notice of the criminal activity (CRS § 16-13-315(3) and CRS § 16-13-504(1.5)).

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Idaho Springs Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Idaho Springs Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

603.2 POLICY

The Idaho Springs Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

603.3.2 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Supervisor, Investigations supervisor or their authorized designees.
 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Informants

- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Idaho Springs Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigations supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Investigations supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Informants

- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigations. The Investigations supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Supervisor, Investigations supervisor or their authorized designees.

The Investigation Supervisor should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigations supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

603.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

- (a) Name and aliases
- (b) Date of birth
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
- (d) Photograph
- (e) Current home address and telephone numbers
- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability

Informants

1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
 - (j) Name of the officer initiating use of the informant
 - (k) Signed informant agreement
 - (l) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Investigations supervisor will discuss the above factors with the Patrol Supervisor and recommend the type and level of payment subject to approval by the Chief of Police.

603.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments of \$500 and under may be paid in cash from a Investigations buy/expense fund.
 1. The Investigations supervisor shall sign the voucher for cash payouts from the buy/expense fund.
- (b) Payments exceeding \$500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
 1. The check shall list the case numbers related to and supporting the payment.
 2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
 4. Authorization signatures from the Chief of Police and the Mayor are required for disbursement of the funds.
- (c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
 1. The cash transfer form shall include the following:

Informants

- (a) Date
 - (b) Payment amount
 - (c) Idaho Springs Police Department case number
 - (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
2. The cash transfer form shall be signed by the informant.
 3. The cash transfer form will be kept in the informant's file.

603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

603.6.3 AUDIT OF PAYMENTS

The Investigations supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (CRS § 16-1-109; CRS § 16-1-110).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Idaho Springs Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy (CRS § 16-1-110).

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Section supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time, and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification (CRS § 16-1-109).
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as they did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness (CRS § 16-1-109).
- (i) A signature line where the witness acknowledges understanding the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain they are of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary (CRS § 16-1-109).

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case (CRS § 16-1-110). Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report (CRS § 16-1-109).

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Eyewitness Identification

604.6.1 REPORTING TO COLORADO DIVISION OF CRIMINAL JUSTICE

The following statistical data regarding field identifications shall be reported to the Colorado Division of Criminal Justice as required by CRS § 24-31-903 (see the Records Section Procedures Policy) (CRS § 16-1-109):

- (a) Date, time, and location
- (b) Gender, age, and race of the subject and any eyewitness
- (c) Alleged crime
- (d) Outcome of the show-up

604.7 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup (CRS § 16-1-109).

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (CRS § 16-1-109).

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.

Idaho Springs Police Department

Eyewitness Identification

4. The quality of the lighting when the suspect was observed by the witness.
 5. Whether there were distracting noises or activity during the observation.
 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up shall not be handcuffed or in a patrol vehicle (CRS § 16-1-110).
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses shall only be permitted to view the subjects of the show-up one at a time (CRS § 16-1-110).
- (g) The person who is the subject of the show-up shall not be required to put on clothing worn by the suspect, to speak words uttered by the suspect, or to perform other actions mimicking those of the suspect (CRS § 16-1-110).
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

604.8.1 STATE FIELD IDENTIFICATION REQUIREMENTS

An officer conducting a field identification shall (CRS § 16-1-110):

- (a) Transport each witness separately to the location of the field identification.
- (b) Conduct the show-up in a well-lit location with an unobstructed view of the subject of the show-up.
- (c) Separate eyewitnesses from one another at the location of the show-up.
- (d) Provide verbal notification as required by CRS § 16-1-110(3)(d) to each witness prior to showing them the subject.
- (e) Ask the witness about their level of confidence when an identification is made and document the response in the witness's own words.
- (f) Use a body-worn camera to create a video of the entire show-up procedure.

Field identifications shall only be used (CRS § 16-1-110):

- (a) When a crime has been reported and:
 1. An officer, acting on reasonable suspicion, has detained the suspect of the crime within minutes of the commission of the crime and near the location of the crime.
 2. A live or photo lineup is not available as a means of identification given the circumstances.

Idaho Springs Police Department

Eyewitness Identification

3. A witness reasonably believes a subject can identified.
 - (b) To verify the identity of a person involved in an intimate relationship as defined in CRS § 18-6-800.3.
 - (c) To confirm the identity of a family member known to the witness.

If an eyewitness makes an identification at a show-up and the subject is arrested, additional attempts at identifying the subject shall be through a photographic or live lineup (CRS § 16-1-110).

604.9 PUBLIC ACCESS TO POLICY

This policy shall be made available to the public, without cost, upon request (CRS § 16-1-109).

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information - Information known or possessed by the Idaho Springs Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Idaho Springs Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Idaho Springs Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

605.4 DISCLOSURE OF PERSONNEL INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Brady Material Disclosure

officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in-camera review by the court.
 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

605.4.1 DISCLOSURE OF MISREPRESENTATIONS

The Chief of Police or the authorized designee shall notify the local district attorney within seven days of any sustained finding that an officer has made a knowing misrepresentation in any of the following (CRS § 24-33.5-114; CRS § 30-10-525; CRS § 31-30-107; CRS § 33-9-111):

- (a) Testimony or an affidavit provided in the scope of the officer's employment.
- (b) During the course of any internal investigation of the officer that relates to alleged criminal conduct, official misconduct or the excessive use of force.

605.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the

Idaho Springs Police Department

information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

605.7 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

Chapter 7 - Equipment

Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to properly care for Department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or Department property while performing their assigned duties. Certain procedures are required depending on the loss and ownership of the item.

700.2 DOCUMENTATION OF ISSUED PROPERTY

All property issued shall be documented in the appropriate property sheet or equipment log and receipt acknowledged by signature. Upon an employee's separation from the Department, all issued equipment shall be returned and documentation of the return signed by a supervisor.

700.2.1 CARE OF DEPARTMENT PROPERTY

Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of Department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of Department property may lead to discipline including, but not limited to, the cost of repair or replacement.

- (a) Employees shall promptly report, through the chain of command, any loss, damage to or unserviceable condition of any department-issued property or equipment assigned for their use.
 - 1. A supervisor receiving such a report shall conduct an appropriate investigation and direct a memo to the appropriate Supervisor that shall include the result of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss, damage or unserviceable condition.
 - 2. A review by the staff to determine whether misconduct or negligence was involved should be completed.
- (b) The use of damaged or unserviceable Department property should be discontinued as soon as practicable and, if appropriate and approved by the staff, replaced with comparable Department property as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or required by exigent circumstances, Department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

700.3 USE OF PERSONAL PROPERTY

The carrying of personal equipment on-duty or its use in the performance of duties requires prior written approval by the Chief of Police or appropriate Supervisor. The employee should submit for approval the description of personal property that the employee has requested to carry, the reason for its use, the period of its use and the terms of its use. Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

700.3.1 DEFINITIONS

Definitions related to this policy include:

Personal property - Items or equipment owned by, provided by or purchased totally at the expense of the employee. This definition includes optional equipment items identified in the Police Uniform Regulations Policy.

700.3.2 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be submitted in writing to the employee's immediate supervisor.

The supervisor receiving such a report shall make an appropriate investigation and direct a memo to the appropriate Supervisor that shall include the result of his/her investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

Upon review by the staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, who will then forward the claim to the City.

The Department will not replace or repair costly items (e.g., jewelry, exotic equipment) that are not reasonably required as a part of work.

700.3.3 REPORTING REQUIREMENT

A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off-duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER

Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement function shall report it as provided below.

The employee shall submit a written report before going off-duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Supervisor.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Idaho Springs Police Department allows employees to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files, without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done in the presence of the

affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

701.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless an employee is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Carrying a personally owned PCD is a privilege, not a right.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) Employees shall promptly notify the Department in the event the PCD is lost or stolen.
- (d) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
- (e) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Employees will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
- (f) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police.
- (g) Use of a personally owned PCD constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, employees will provide the Department with all telephone access numbers for the device.

Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. Employees who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Personal Communication Devices

701.6 USE OF PERSONAL COMMUNICATION DEVICES

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Employees shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (c) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (d) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police, may result in discipline.
- (e) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISORY RESPONSIBILITIES

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty as such contact may be compensable.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (CRS § 42-4-239). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Vehicle Maintenance

702.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, maintained, refueled and present a clean appearance.

702.2 DEFECTIVE VEHICLES

When a Department vehicle becomes inoperative or in need of a repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who becomes aware of the defective condition. Paperwork, describing the correction needed, shall be promptly forwarded to vehicle maintenance for repair.

The employee's supervisor should be notified when an assigned vehicle becomes inoperative or needs of repair.

702.2.1 SUSPECTED DAMAGE OR POOR PERFORMANCE

Vehicles that may have suffered damage, perform poorly or whose control or safety features has been diminished shall be immediately removed from service for inspection and repair.

702.2.2 SEVERE USE INSPECTION

Vehicles operated under severe use conditions, which include operations for which the vehicle is not designed or that exceeds the manufacturer's use parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Severe conditions may include rough roadway or off-road operation, hard or extended braking, pursuits or prolonged high-speed operation.

702.2.3 REMOVAL OF WEAPONS

All firearms, weapons and kinetic impact weapons shall be removed from a vehicle and properly secured in the armory prior to the vehicle being released for maintenance, service or repair.

702.3 VEHICLE EQUIPMENT

Certain items shall be maintained in all Department vehicles for emergency purposes and to perform routine duties.

702.4 VEHICLE REFUELING

Absent emergency conditions, officers driving patrol vehicles should not place a vehicle in service that has less than one quarter tank of fuel. Whenever practicable, vehicles should be fully fueled when placed into service and refueled before the level falls below one-quarter tank. Vehicles shall only be refueled at an authorized location.

702.5 WASHING OF VEHICLES

All units should be kept clean and, weather conditions permitting, should be washed as necessary to enhance their appearance.

702.6 CIVILIAN EMPLOYEE USE

Civilian employees using marked vehicles shall ensure all weapons are removed from the vehicle before going into service. Civilian employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department-owned vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Idaho Springs to provide assigned take-home vehicles.

703.2 POLICY

The Idaho Springs Police Department provides vehicles for department-related business use and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES

The Supervisor shall ensure a copy of the shift assignment roster, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

703.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Supervisor. A notation will be made on the shift assignment roster indicating the member's name and vehicle number.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance yard or car wash.

703.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

Vehicle Use

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.4 MOBILE DATA TERMINAL

Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. If the vehicle is not equipped with a working MDT, the member shall notify Dispatch. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

703.3.5 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Supervisor approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

703.3.6 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

703.3.7 AUTHORIZED PASSENGERS

Members operating department vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

703.3.8 ALCOHOL

Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

703.3.9 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

703.3.10 ACCESSORIES AND/OR MODIFICATIONS

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

703.3.11 CIVILIAN MEMBER USE

Civilian members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Civilian members shall prominently display the "out of service" placards or light bar covers at all times. Civilian members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

703.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Take home vehicles are used to maintain the effectiveness and efficiency of the Department by allowing personnel to rapidly respond to situations involving the health, safety, or welfare of the community. Take home vehicle assignments may be on an on-call or permanent basis.

- (a) Take home vehicle assignments will be determined by the Chief of Police or designee.
- (b) Employees will not be assigned a take home vehicle if their residence is more than 25 road miles from the city limit of Idaho Springs. Personnel outside the 25 mile limit may be assigned a take home vehicle on a rotating basis and only when officers volunteer for call-back.
- (c) Take home vehicles will be secured in a safe area when not in use. Officers must understand that they are accountable for their take home vehicle and it is incumbent upon them to provide for the security of that vehicle as well as the equipment stored inside.
- (d) Employees assigned a take home vehicle and those officers volunteering for on-call take home vehicles will complete an initial Take Home Vehicle Authorization (ISPD0003) before the employee uses that vehicle. An updated form will be completed each December of each subsequent year.
- (e) Authorization for a take home vehicle may be rescinded by the Chief of Police or designee at any time with or without cause.
- (f) Authorization for take home vehicles is automatically suspended at any time the officer is on disciplinary leave, performance improvement or success strategy plan or disciplinary action.

703.4.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or

utilized by other department members at the discretion of the Chief of Police or the authorized designee.

703.4.2 UNSCHEDULED TAKE-HOME USE

Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

- (a) The circumstances are unplanned and were created by the needs of the Department.

- (e) Vehicles will be locked when not attended.

703.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence, the nature of the member's duties, job description and essential functions, and employment or appointment status. Residence in the City of Idaho Springs is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Idaho Springs may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Supervisor gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:

 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.
- (i) The member is responsible for the care and maintenance of the vehicle.
- (j) All take home vehicles are subject to spot inspection to insure guidelines are followed and by the presence of the vehicle on the employee's property, the employee authorizes the chief of police or designees to enter upon the officers property to inspect, swap vehicles or remove the vehicle from the property when the employee is otherwise not available.

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

- (g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

703.5 UNMARKED VEHICLES

Unmarked vehicles are assigned to various sections and their use is restricted to the respective section and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the section for that purpose. Any use of unmarked vehicles by those who are not assigned to the section to which the vehicle is assigned shall also be recorded with the Supervisor on the shift assignment roster.

Damage to any department vehicle that was not caused by a traffic accident shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Supervisor. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

703.7 ATTIRE AND APPEARANCE

This audit requires that the manager and at least one other command staff member, selected by the Chief of Police, review the ledger and verify the accuracy of the accounting. A discrepancy in the audit requires documentation by those performing the audit and immediate reporting of the discrepancy to the Chief of Police.

subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

802.7 RELEASED RECORDS TO BE MARKED

Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

802.8 SECURITY BREACHES

Members who become aware that any Idaho Springs Police Department system containing personal information may have been breached should notify the Custodian of Records as soon as practicable.

The Custodian of Records shall ensure the required notice is given to any resident of this state whose unsecured personal information is reasonably believed to have been acquired by an unauthorized person. If the security breach is reasonably believed to affect 500 or more Colorado residents, the Custodian of Records shall also notify the Colorado attorney general. Notice may not be required if the Custodian of Records, after a reasonable investigation, makes a determination that misuse of the individual's information has not occurred and is not reasonably likely to occur. Additional notices to consumer reporting agencies may be required if the security breach requires notification to more than 1,000 Colorado residents (CRS § 24-73-103).

Notice shall be given in the most expedient time possible and without unreasonable delay, and not later than 30 days from the discovery of the breach, consistent with the needs of the department and any measures necessary to determine the scope of the breach, prevent further disclosures, and restore the reasonable integrity of the data system. Notice may be delayed if notification will impede a criminal investigation. In such cases, notice shall be made not later than 30 days after a determination is made that notification will no longer impede the investigation (CRS § 24-73-103).

For the purposes of the notice requirement, personal information includes an individual's first name or first initial and last name in combination with any one or more of the following when not encrypted, redacted, or secured by any other method that renders the information unreadable or unusable (CRS § 24-73-103):

- (a) Social Security number
- (b) Driver's license number or identification card number

- (c) Student, military, passport, or health insurance identification number
- (d) Medical information
- (e) Biometric data
- (f) Username or email address, in combination with a password or security questions and answers, that would permit access to an online account
- (g) Full account number or credit or debit card number, in combination with any required security code, access code, or password that would permit access to the individual's account

If the breach reasonably appears to have been made to protected information covered in the Protected Information Policy, the Custodian of Records should promptly notify the appropriate member designated to oversee the security of protected information (see the Protected Information Policy).

802.9 EXPUNGEMENT OR SEALED RECORDS

Expungement orders or orders to seal criminal records received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall expunge or seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is expunged or sealed, members shall respond to any inquiry as though the record did not exist (CRS § 24-72-702; CRS § 24-72-703).

802.9.1 EXPUNGEMENT OF ARREST RECORDS RESULTING FROM MISTAKEN IDENTITY

If the Detective Section supervisor determines that a person was arrested based on mistaken identity and no charges were filed following the arrest, the Custodian of Records shall file a petition for an order to expunge any arrest or criminal records resulting from the mistaken identity. The petition must be filed no later than 90 days after the investigation determines the mistaken identity, in the judicial district where the arrest occurred (CRS § 24-72-702).

802.9.2 EXPUNGEMENT OF CERTAIN JUVENILE RECORDS WITHOUT COURT ORDER

The Custodian of Records shall acknowledge receipt of a notice issued by the district attorney or other diversion provider that a juvenile has successfully completed a prefiling diversion. Upon receipt of the notice, the Custodian of Records shall treat the records as expunged within 35 days and without need of a court order (CRS § 19-1-306).

Criminal History Record Information (CHRI)

803.1 PURPOSE AND SCOPE

This policy provides guidelines for the release of criminal offender records, security of those records and persons authorized to release those records.

803.2 DEFINITIONS

Definitions related to this policy include:

Criminal History Records Information (CHRI) - Information collected by Colorado criminal justice agencies on individuals consisting of identifiable descriptions and notations of arrests, detentions, indictments or other formal criminal charges, and any disposition, including acquittal, sentencing, correctional supervision or release.

803.3 RELEASE OF CHRI

The Records Supervisor is responsible for releasing CHRI of this Department as provided in the Records Release and Security.

If a record requested is in the custody or control of another agency, the Records Supervisor will notify the requestor of this fact and in writing if requested. The notification shall identify to the best of the Records Supervisor's knowledge and belief, the agency which has custody or control of the record in question.

803.4 JUVENILE RECORDS

Nothing in this procedure is intended to alter existing statutes, case law or the policies and orders of both the county juvenile board and the designated juvenile court regarding the release of juvenile offender records.

Absent a court order, juvenile records and information may only be inspected or disclosed to the public under circumstances provided by law. For example, CRS § 19-1-304(1)(b.5) may require disclosure of some records when the juvenile has been charged with or is subject to a revocation of probation for committing the crime of possession of a handgun, a class 1, 2, 3 or 4 felony, or an offense involving a weapon. However, even then the information that can be released may be limited to the following:

- (a) Physical description of the accused
- (b) Information reporting the arrest and filing of charges
- (c) Date and place of the arrest and filing of charges
- (d) Name, gender, date of birth and last known address of the accused
- (e) Nature of the charges
- (f) Disposition of the charges

803.5 CHALLENGE TO CRIMINAL OFFENDER RECORD

Any person has the right to challenge the accuracy and completeness of records pertaining to him/her and to request that said records be corrected. Any such requests shall be forwarded to the Records Supervisor.

Upon receipt of a request to correct the record, the Records Supervisor will evaluate the request as follows (CRS § 24-72-307):

- (a) The Records Supervisor will review the request for correction and make a determination of whether to grant or refuse the request, in whole or in part.
- (b) In the event that the Records Supervisor requires additional time to evaluate the merit of the request for correction, the Records Supervisor shall notify the applicant in writing.
 1. The Records Supervisor shall then have 30 days from the date of receipt of the request for correction to evaluate the request and to make a determination of whether to grant or refuse the request, in whole or in part.
 2. The Records Supervisor will communicate that decision to the applicant in writing.
- (c) If the Records Supervisor refuses to make the requested correction and the person requests a written statement of the grounds for the refusal, the Records Supervisor shall promptly provide such a written statement.
- (d) If the Records Supervisor decides to make the correction, the Records Supervisor will ensure the change is made in the records of the Idaho Springs Police Department and communicate the correction to the Colorado Bureau of Investigation.

803.6 PROTECTION OF CHRI

The Records Supervisor is responsible for setting any necessary procedures to protect confidential National Crime Information Center (NCIC) or Colorado Crime Information Center (CCIC) information, including any policies related to the following:

- (a) Where and how such records may be stored
- (b) Access to such records
- (c) Computer terminal security
- (d) Destruction of such records

803.7 PENALTIES FOR MISUSE OF RECORDS

Employees may obtain, or attempt to obtain, records or information from the Department files only in accordance with their official duties.

Criminal history record information may not be used in any unauthorized manner, for any unauthorized purpose or disclosed to any person who is not entitled to the information.

Computers and Digital Evidence

804.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information. This policy also establishes procedures for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

804.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front, back and surrounding desktop or office setup, specifically including cable connections to other items. Look for a telephone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation, such as fingerprints, biological or trace evidence and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box. If the computer is a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with the case number, evidence sheet number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, disks, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items into the Property and Evidence Vault. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether it was in operation
 2. Who was using it at the time

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Computers and Digital Evidence

3. Who claimed ownership
 4. If it can be determined, how it was being used
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (e.g., printers, remote drives, hard drives, tape drives and disk drives) should be seized along with all media. Accessories (e.g., printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or the equipment is proprietary (e.g. Apple keyboard and mouse) and necessary for examination of the associated media.

804.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Until properly secured, networked computers can be accessed remotely to alter critical hard drive data. Therefore, cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner as soon as practicable for instructions or a response to the scene. It may be possible to perform an on-site inspection or to image the hard drive only of the involved computer. This should be done by someone specifically trained in processing computers for evidence. The forensic copy of the image of the hard drive shall be marked and maintained as primary evidence.

804.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, disks or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) A copy of reports involving the computer, including the evidence/property sheet
- (b) A copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to the investigation or other legal authority for examination
- (c) A list of the items to search for (e.g., photographs, financial records, e-mail, documents)
- (d) A forensic copy of the media will be made; subsequent forensic examination of the copy will be conducted by a trained digital forensic examiner.

804.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, including hard drives, floppy disks, CDs, DVDs, tapes, memory cards or flash memory devices, should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Computers and Digital Evidence

- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, request the Property and Evidence Section to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where it would be subject to excessive heat, such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

804.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices (PCD), such as cellular phones, Personal Data Assistants (PDA) or other handheld devices connected to any communication network must be handled with care to preserve evidence that may be on the device, including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be wrapped in no less than six sheets of heavy duty aluminum foil, or placed in a solid metal container, such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead, all the data may be lost.

804.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of the evidence.

804.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

804.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Computers and Digital Evidence

- (a) The recording media (e.g., smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as reasonably possible for submission into evidence.
- (b) Officers are only authorized to review the data stored on the device that was used to record the data. Copying data from memory cards is prohibited. The Records supervisor is the only employee authorized to copy and/or distribute digital media made from the memory cards.
- (c) As soon as reasonably possible following the collection of evidence, the camera operator is to remove the memory card from his/her digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a ziplock-type baggie. The camera operator shall write his/her name and the related case number on the outside of the baggie before placing it in the film drop box along with the evidence form.
- (d) The Records supervisor will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the Records supervisor will erase the memory card for reuse. The storage media will be marked as the original.
- (e) Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

804.5.3 DOWNLOADING OF DIGITAL FILES

Digital information, such as video or audio files recorded on devices using internal memory, must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where reasonably possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

804.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only the Records supervisor is authorized to copy original digital media that is related to case documentation and held as evidence. Only digital forensic examiners are authorized to copy original media seized as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding report.

Animal Control

805.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

805.2 [ANIMAL CONTROL] RESPONSIBILITIES

Animal control services are generally the primary responsibility of the Code Enforcement/Community Services Officer and include:

- (a) Animal-related matters that do not require the assistance of the greater trained Clear Creek County Animal Control Officer(s).
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that the Code Enforcement/Community Services Officer is available for investigation and resolution. During periods when the CEO/CSO is off-duty a patrol officer will be dispatched.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.
- (d) Tasks identified in the Colorado Animal Protection Act (CRS § 35-42-101 et seq.).

805.3 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture and pick up any injured or aggressive animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
 - 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
 - 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Animal Control

805.4 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

805.5 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts shall be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

805.6 POLICY

It is the policy of the Idaho Springs Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

805.7 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to CRS § 18-9-202 et seq.

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

805.8 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

If a biting dog has been killed (see Destruction of Animals section) in order to prevent further injury or death, the local board of health shall be notified of the facts related to the bite and the killing, and the body of the dog shall be held for release to the board of health (6 CCR 1009-1:1).

805.9 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

Idaho Springs PD Policy Manual

Animal Control

805.10 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Supervisor will be contacted to determine available resources, including requesting the assistance of animal control services from the Clear Creek County Sheriff's Department

805.11 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

805.12 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor. The incident will be documented with an incident report.

Chapter 9 - Custody

Custodial Searches

900.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Idaho Springs Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

900.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

900.5 STRIP SEARCHES

No individual in temporary custody at any Idaho Springs Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Entry-level training and a probationary period of at least 12 months are required before members are considered for regular employee status for officers that are POST certified. Employees that are hired and sent to a law enforcement academy are placed on an 18 month probationary period.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Idaho Springs Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel should attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Evaluation of Employees

1001.4 EVALUATION FREQUENCY

Employees are evaluated based on the following chart:

Position	Evaluated every	Evaluated yearly	Length of probation
	2 months		
Probationary certified employees	X		1 Year
Non-probationary certified employees		X	
Probationary civilian employees	X		1 Year
Non-probationary, civilian employees		X	

1001.4.1 RESERVE OFFICER EVALUATIONS

Reserve officer evaluations are covered in the Reserve Officers Policy.

1001.4.2 VOLUNTEER EVALUATIONS

Volunteer evaluations are covered in the Volunteer Policy.

1001.5 FULL-TIME PROBATIONARY PERSONNEL

Personnel must successfully complete the probationary period before being eligible for certification as regular employees. An evaluation will be completed monthly for all full-time civilian personnel during the probationary period. Probationary certified personnel are evaluated daily, weekly and monthly during the probationary period.

1001.6 FULL-TIME REGULAR STATUS PERSONNEL

Regular employees are subject to three types of performance evaluations:

Regular - An employee performance evaluation shall be completed once each year by the employee's immediate supervisor on or near the anniversary of the employee's date of hire, except for employees who have been promoted, in which case an employee performance evaluation shall be completed on the anniversary of the employee's date of last promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, an evaluation shall be completed by the current supervisor with contributions from the previous supervisor.

Special - A special evaluation may be completed any time the rater or the rater's supervisor determine one is necessary for other reasons, including an assessment of employee performance that appears to have become substandard. Generally, when used to demonstrate those areas of performance that appear to be substandard the evaluation would include followup action (e.g., action plan, remedial training, retraining). The evaluation form and any documentation shall be submitted as one package.

Evaluation of Employees

1001.6.1 RATINGS

Individual job requirements/standards or performance expectations are established for each employee that reflects the level of performance that is expected. The overall rating should reflect the result of the past year's work. It is not an average because some areas being evaluated are more important or critical to the successful performance of an individual job than others.

Successful Performance: Check this box when the employee being evaluated completes key or critical core value standards relating to the stated job requirements and supervisor's expectations for the rating period. This rating also applies to those regularly demonstrate a higher level of productivity than is routinely expected or who consistently go above and beyond stated job requirements.

Performance Improvement Required: Check this box when the employee being evaluated accomplishes some of the stated job requirements and expectations, but is lacking in one or more key critical core values or job requirements. At this point it is recommended that a Performance Action Plan be initiated to give direction and resources to the employee for improving performance and outline disciplinary consequences if performance does not improve.

Employees may also write comments in the employee comments section of the performance evaluation report.

Grievance Procedure

1002.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance. The Department's philosophy is to promote free verbal communication between employees and supervisors.

1002.1.1 GRIEVANCE DEFINED

A grievance is any difference of opinion concerning terms or conditions of employment, or the interpretation or application of any of the following documents:

- The employee collective bargaining agreement
- This Policy Manual
- City rules and regulations covering personnel practices or working conditions

Grievances may be brought by an individual employee or by an employee bargaining group representative.

Specifically excluded from the category of grievances are:

- (a) Complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy.
- (b) Complaints related to state workers' compensation.
- (c) Personnel complaints consisting of any allegation of misconduct or improper job performance by any department employee that, if true, would constitute a violation of department policy, federal, state, or local law as set forth in the Personnel Complaint Procedure Policy.

1002.2 PROCEDURE

Except as otherwise required under a collective bargaining agreement, if an employee believes that he/she has a grievance as defined above, the employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with the immediate supervisor.
- (b) If after a reasonable period of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request interviews through the chain of command up to the Supervisor of the affected section.
- (c) If a successful resolution is not found through the chain of command, the employee may request a meeting with the Chief of Police.
- (d) If the employee and the Chief of Police are unable to arrive at a mutual solution, the employee shall submit a written statement of the grievance and deliver one copy to the Chief of Police and another copy to the immediate supervisor that includes the following information:
 1. The basis for the grievance (e.g., the facts of the case)

The Chief of Police will receive the written grievance. The Chief of Police and the Mayor will review and analyze the facts or allegations and respond to the employee within five business days. The response will be in writing and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the Chief of Police and/or Mayor is considered final.

1002.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1002.4 PUNITIVE ACTION

At no time will punitive action be taken against an employee for exercising any rights during the grievance procedure.

1002.5 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the Mayor's office to monitor the grievance process.

1002.6 GRIEVANCE AUDITS

The Chief of Police should perform an annual audit of all grievances filed the previous calendar year to evaluate whether any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Chief of Police shall record these findings in a memorandum to the Chief of Police without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this Policy Manual, the Chief of Police should promptly notify the Chief of Police.

Anti-Retaliation

1003.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1003.2 POLICY

The Idaho Springs Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1003.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1003.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City City Administrator.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1003.4.1 WHISTLE-BLOWING

Members who believe they have been the subject of retaliation for engaging in protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Chief of Police for investigation in accordance with the Personnel Complaints Policy.

1003.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.

- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

All members shall receive periodic refresher training on the requirements of this policy (CRS § 24-31-906).

Reporting of Employee Convictions

1004.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1004.2 DOMESTIC VIOLENCE CONVICTIONS AND PROTECTION ORDERS

Colorado and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; CRS § 18-12-108).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1004.3 CRIMINAL CONVICTIONS

Any person convicted of a felony is prohibited from being a peace officer in the State of Colorado (CRS § 24-31-305(1.5)).

If a person is convicted of a misdemeanor crime listed in CRS § 24-31-305(1.5) after July 1, 2001, they may not obtain POST certification without a waiver or may have their POST certification suspended or revoked.

Even when legal restrictions are not imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by a member of this department may prohibit him/her from carrying out law enforcement duties.

1004.3.1 COURT ORDERS

All employees shall promptly notify the department if they are part of any criminal or civil court order. Court orders may prevent peace officers from possessing a firearm or require suspension or revocation of their peace officer POST certificate (see generally CRS § 24-31-303).

1004.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction, regardless of whether the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

1004.4.1 ANNUAL CERTIFICATION OF PEACE OFFICER RECORDS

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1005.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1005.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Supervisor or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1005.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1005.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

1005.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Personnel Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1005.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening test under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.

- (a) The test will be given to detect alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but that refusal may result in dismissal or other disciplinary action.

1005.7.2 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

1005.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1005.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Communicable Diseases

1007.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1007.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Idaho Springs Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1007.2 POLICY

The Idaho Springs Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1007.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Providing baseline testing for members who are exposed to known or possible sources of hepatitis C during the course and within the scope of employment (CRS § 8-42-101).

Communicable Diseases

2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
3. Reporting of diseases (6 CCR 1009-1:1 et seq.; 6 CCR 1009-7:1 et seq.).
4. Reporting cases of active or suspected tuberculosis to the Colorado Department of Public Health and Environment (CRS § 25-4-502; 6 CCR 1009-1:4).

The ECO should periodically review and update the exposure control plan and review implementation of the plan.

1007.4 EXPOSURE PREVENTION AND MITIGATION

1007.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to:

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1007.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost.

1007.5 POST EXPOSURE

1007.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1007.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented:

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury and Death Reporting and Illness and Injury Prevention policies).

1007.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Idaho Springs PD Policy Manual

Communicable Diseases

- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1007.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure.

1007.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Working with the Colorado Department of Public Health and Environment or local health officers through their authority to investigate and control communicable diseases (CRS § 25-1.5-102; CRS § 25-4-506; CRS § 25-4-408; CRS § 25-4-412; CRS § 25-4-413).
- (c) Obtaining a court order for exposures related to assault offenses (CRS § 16-3-303.8; CRS § 18-3-202; CRS § 18-3-203; CRS § 18-3-204; CRS § 18-3-415).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1007.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law).

Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1007.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training:

- (a) Should be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. Personnel Complaints

1009.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Supervisor or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complaints in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - (a) Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - (b) If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Supervisor.
- (d) Ensuring that upon receipt of a complaint involving allegations of potentially serious misconduct, the Supervisor and Chief of Police are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Personnel Department and the Supervisor for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Supervisor, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within a reasonable period of time.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.

- (i) Ensuring that the procedural rights of the accused member are followed.
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1009.6.2 NOTIFICATION TO COMPLAINANT

Supervisors should periodically communicate the status of an investigation to the complainant. Upon final disposition of a formal Chief of Police investigation and after taking into account any restrictions provided in applicable collective bargaining agreements and by Colorado law, the complaining party should be provided written notification of the outcome of the investigation.

1009.6.3 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Chief of Police, the following applies to employees:

- (f) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

- (i) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
1. Uninvolved attorneys or representatives present during interviews shall not be required to disclose any information received from the employee during the administrative investigation.
- (j) All employees shall provide complete and truthful responses to questions posed during interviews.

1009.6.4 DISPOSITIONS

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1009.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. - (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

1009.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Idaho Springs Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction.

- (e) Educational based suspension
- (f) Loss of leave
- (g) Suspension without pay
- (h) Punitive transfer

1009.10.3 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Supervisor for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline for serious misconduct (educational based suspension or higher), that should be imposed.  - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1009.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

1009.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

The Chief of Police or the authorized designee shall notify the Division of Criminal Justice when an officer resigned while under investigation for violating department policy (CRS § 24-31-903).

1009.13 POST-DISCIPLINE APPEAL RIGHTS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1009.16 NOTIFICATION OF POST

The Chief of Police or the authorized designee shall notify POST of any sustained findings of use or threatened use of unlawful force or failure to intervene by any officer currently employed by this department (CRS § 18-1-707; CRS § 24-31-904; 4 CCR 901-1:17).

The Chief of Police or the authorized designee shall provide information regarding officer misconduct (e.g., knowingly making an untruthful statement, termination for cause, resignation or retirement pending investigation, conduct that subjects the officer to criminal investigation) to the POST Board misconduct database as required (CRS § 24-31-303; 4 CCR 901-1:17).

Seat Belts

1010.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1010.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 (CRS § 42-4-236).

1010.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty or when in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (CRS § 42-4-236; CRS § 42-4-237).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1010.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1010.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1010.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operating requirements for safe use.

1010.6 POLICY

It is the policy of the Idaho Springs Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle accident.

1010.7 TRANSPORTING CHILDREN

All children younger than 8 years of age shall be restrained in a child restraint system (CRS § 42-4-236).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1010.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

Nothing in this policy is intended to preclude review of personnel records by the Mayor, City Attorney or other attorneys or representatives of the City in connection with official business.

1012.8.1 REQUESTS FOR DISCLOSURE

Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made.

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

1012.8.2 RELEASE OF PERSONNEL INFORMATION

Upon receipt of a valid waiver, the Custodian of Records shall disclose data in the personnel file of a current or former officer, including internal affairs files, within 21 days to another law enforcement or governmental agency that is interviewing the officer. Prior to release, the Custodian of Records shall ensure that the information is not subject to a binding nondisclosure agreement. 1014.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.).

1014.2 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (CRS § 8-13.3-404; CRS § 8-13.3-405). Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both (CRS § 8-13.3-418).

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1014.2.1 NOTIFICATION

All members should notify the Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (CRS § 8-13.3-404).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1014.2 MEMBER RESPONSIBILITIES

It shall be the responsibility of each member of this department to maintain physical stamina and psychological stability sufficient to safely and effectively perform the essential duties of the position.

During working hours, all members are required to be alert, attentive, and capable of performing their assigned responsibilities.

Members who feel unable to perform their duties shall promptly notify a supervisor. In the event that a member believes that another department member is unable to perform the member's duties, such observations shall be promptly reported to a supervisor.

1014.3 SUPERVISOR RESPONSIBILITIES

All supervisors should be alert to any indication that a member may be unable to safely perform the member's duties due to an underlying physical or psychological impairment or condition.

Such indications may include:

In conjunction with the Supervisor or the member's Supervisor, the supervisor should make a preliminary determination regarding the member's duty status.

If a determination is made that the member can safely and effectively perform the essential functions of the member's job, the member should be returned to duty and arrangements made for appropriate follow-up.

The Chief of Police shall be promptly notified in the event that any member is relieved of duty.

Except in unusual circumstances, members should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve any member who has exceeded the above guidelines to off-duty status.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, special events, contract work, general overtime, and any other work assignments.

1014.6 POLICY

The Idaho Springs Police Department strives to provide a safe and productive work environment and ensure that all members of this department can safely and effectively perform the essential functions of their jobs. Under limited circumstances, the Department may require a professional evaluation of a member's physical and/or mental capabilities to determine the member's ability to perform essential functions.

1014.7 FITNESS-FOR-DUTY EVALUATIONS

A fitness-for-duty evaluation may be ordered whenever circumstances reasonably indicate that a member is unfit for duty or following an officer-involved shooting or death-in-custody incident.

1014.7.1 PROCESS

The Chief of Police, in cooperation with the Personnel Department, may order the member to undergo a fitness-for-duty evaluation.

The examining practitioner will provide the Department with a report indicating whether the member is fit for duty. If the member is not fit for duty, the practitioner will include the existing restrictions or conditions in the report.

All reports and evaluations submitted by the examining practitioner shall be part of the member's confidential medical file.

Any member ordered to undergo a fitness-for-duty evaluation shall comply with the terms of the order and cooperate fully with the examining practitioner. Any failure to comply with such an order and any failure to cooperate with the practitioner may be deemed insubordination and shall subject the member to discipline, up to and including termination.

Employees are responsible for the accurate and timely submission of payroll records for the payment of wages.

Overtime Compensation Requests

1017.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate nonexempt salaried employees who work authorized overtime by payment of wages.

1017.1.1 DEPARTMENT POLICY

Because of the nature of law enforcement work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Nonexempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked, rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a request for such a period, the employee shall comply.

1017.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to the Chief of Police.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1017.2.1 EMPLOYEE RESPONSIBILITY

Employees shall complete the request in a timely manner after working the overtime and submit it to their immediate supervisor or the Chief of Police.

1017.2.2 SUPERVISOR RESPONSIBILITIES

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made in the employee's payroll record, the overtime payment request will be forwarded to the Chief of Police for final approval.

Outside Employment

1018.1 PURPOSE AND SCOPE

To avoid actual or perceived conflicts of interest for Department employees engaging in outside employment, all employees shall initially obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1018.1.1 DEFINITIONS

Definitions related to this policy include:

Outside employment - The employment of any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, products or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, products or benefits rendered.

Outside overtime - Overtime involving any member of this department who performs duties or services on behalf of an outside organization, company or individual within this jurisdiction on behalf of the Department. Such outside overtime shall be requested and scheduled directly through this department.

1018.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy is grounds for disciplinary action.

To obtain approval for outside employment, the employee must complete an application that shall be submitted to the employee's immediate supervisor. The application will then be forwarded through the appropriate chain of command to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved application. Unless otherwise indicated in writing on the approved application, an approved application will be valid through the end of the calendar year in which it is approved. Any employee seeking to continue outside employment shall submit a new application in a timely manner.

Any employee seeking approval of outside employment whose application has been denied shall be provided with a written reason for the denial of the application at the time of the denial and within 30 days of the application.

1018.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's application is denied or rescinded by the Department, the employee may file a written notice of appeal to the Chief of Police within 10 days of the date of denial.

Outside Employment

If the employee's appeal is denied, the employee may file a grievance pursuant to the Grievance Procedure Policy or the procedure set forth in the current collective bargaining agreement.

1018.2.2 REVOCATION/SUSPENSION OF AN APPROVED OUTSIDE EMPLOYMENT APPLICATION

Any approved outside employment application may be revoked or suspended after the employee has received written notification of the reasons for revocation or suspension. Additionally, revocation or suspension will only be implemented after the employee has exhausted the appeal process.

The outside employment may be revoked:

- (a) If an employee's performance declines to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of minimum acceptable competency, and the outside employment may be related to the employee's performance. The Chief of Police may, at his/her discretion, notify the employee of the intent to revoke any previously approved outside employment application. After the appeal process has concluded, the revocation will remain in force until the employee's performance directly related to the outside employment has been re-established to the minimum level of acceptable competency.
- (b) If, at any time during the term of an approved outside employment application, an employee's conduct or outside employment conflicts with the provisions of Department policy, or any law.
- (c) The outside employment creates an actual or apparent conflict of interest with the Department or City.

1018.3 PROHIBITED OUTSIDE EMPLOYMENT

The Department expressly reserves the right to deny any application submitted by an employee seeking to engage in any activity that:

- (a) Involves the employee's use of Department time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act that the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

Idaho Springs Police Department

Idaho Springs PD Policy Manual

Outside Employment

- (d) Involves time demands that would render performance of the employee's duties for this department below minimum standards or would render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.

1018.3.1 OUTSIDE SECURITY EMPLOYMENT

Due to the potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside overtime will be monitored by the patrol supervisor.

- (a) The applicant will be required to enter into a written indemnification agreement prior to approval.
- (b) The applicant will be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) If such a request is approved, any employee working outside overtime shall be subject to the following conditions:
 1. The officer shall wear the Department uniform/identification.
 2. The officer shall be subject to all the rules and regulations of this department.
 3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket or other physical demonstration of a labor dispute.
 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 5. Outside security services, outside employment or outside overtime shall not be subject to the collective bargaining process.
 6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1018.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official law enforcement action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to Department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1018.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Chief of Police, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other

assignments in a uniformed or other capacity that might reasonably disclose the officer's law enforcement status.

1018.4 DEPARTMENT RESOURCES

Employees are prohibited from using any Department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1018.4.1 REVIEW OF FINANCIAL RECORDS

Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists.

Failure of the employee to provide the requested personal financial records could result in revocation of the outside employment application. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her outside employment application may be revoked pursuant to this policy.

1018.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his/her outside employment during the period of an approved application, the employee shall promptly submit written notification of such termination to the Chief of Police through the appropriate chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material shall report the change.

1018.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY OR ADMINISTRATIVE LEAVE

Department members engaged in outside employment who are placed on disability or administrative leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether they intend to continue to engage in outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any work-related doctor's orders and make a recommendation to the Chief of Police whether such outside employment should continue or the approved application be suspended or revoked.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify the supervisor of his/her intentions regarding the employment application, a notice of intent to revoke the employee's application will be forwarded to

- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty employee.
- (c) The employee's failure to make timely notice of his/her intentions to his/her supervisor.
- (d) The outside employment is not compatible with the reason the employee is on administrative leave.

Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Performance History Audits

1025.1 PURPOSE AND SCOPE

Performance History Audits are collections of data designed to assist supervisors in evaluating the performance of their employees. Performance History Audits can help identify commendable performance as well as early recognition of training needs and other potential issues. While it is understood that the statistical compilation of data may be helpful to supervisors, it cannot account for and must be carefully balanced with the many variables in law enforcement, such as:

- An officer's ability to detect crime
- An officer's work ethic
- An officer's work assignment and shift
- An officer's physical abilities, stature, etc.
- Randomness of events

1025.2 RESPONSIBILITIES

Under the authority of the Chief of Police, the Supervisor is responsible for collecting performance indicators and other relevant data to generate and provide a quarterly Performance History Audit Report for each officer to the Chief of Police. Though generated quarterly, each Performance History Audit will contain data from a one-year time period.

1025.3 COMPONENTS OF PERFORMANCE HISTORY AUDITS

Performance History Audit will include the following components:

- Performance indicators
- Data analysis
- Employee review
- Follow-up monitoring

1025.4 PERFORMANCE INDICATORS

Performance indicators represent the categories of employee performance activity that the Chief of Police of Idaho Springs Police Department has determined may be relevant data for the generation and analysis of Performance History Audits. Performance indicators may include, but are not limited to:

- (a) The frequency and findings of use-of-force incidents.
- (b) Frequency of involvement and conduct during vehicle pursuits.
- (c) Frequency and findings of citizen complaints.
- (d) Number of commendations, compliments and awards (citizen and Department).
- (e) Claims and civil suits related to the employee's actions or alleged actions.

- (h) Intentional or unintentional firearm discharges (regardless of injury).
- (i) Vehicle collisions.
- (j) Missed court appearances.

1025.5 COMPILATION OF DATA

The Chief of Police will utilize secure systems and other methods to compile and track performance indicators for each officer during each quarter in order to prepare Performance History Audit Reports.

1025.6 EMPLOYEE NOTIFICATION AND RESPONSE

The Chief of Police will notify each officer prior to retaining any performance indicator for entry into a Performance History Audit Report. The affected officer may submit a written comment regarding each performance indicator. Any such written comment will be attached to the related performance indicator in such a way as to be readily noticed by supervisors reviewing a Performance History Audit Report.

1025.7 DATA ANALYSIS AND ACTION

Upon receipt, the Supervisor will review each Performance History Audit Report and determine whether it should be provided to an officer's immediate supervisor for further consideration. The officer's immediate supervisor will carefully review the Performance History Audit Report with the officer to assess any potential trends or other issues that may warrant informal counseling, additional training or a recommendation for other action, including discipline. The officer shall date and sign the Performance History Audit Report and may be provided a copy of the report upon request.

If a supervisor determines that an officer's performance warrants action beyond informal counseling, the supervisor shall advise the Supervisor through the chain of command of such recommendation. If the Supervisor concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.

If discipline or other adverse action is initiated against an officer as a result of a Performance History Audit, the officer shall be entitled to all rights and process set forth in the Personnel Complaints Policy.

1025.8 CONFIDENTIALITY OF DATA

Information, data and copies of material compiled to develop Performance History Audit Reports shall be considered part of the employee's personnel file and will not be subject to discovery or release except as provided by law. Access to the data in the system will be governed under the same process as access to an officer's personnel file as outlined in the Personnel Records Policy.

1025.9 RETENTION AND PURGING

Except as incorporated in separate training or disciplinary records, all performance indicators and Performance History Audit Reports shall be purged from the Chief of Police and all other locations within the Department one year from the date generated.

Employee Speech, Expression and Social Networking

1026.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balance of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1026.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to film, video, print media or public speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, wikis, video and other file sharing sites.

1026.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Idaho Springs Police Department will carefully balance the individual employee's rights against the organization's needs and interests when exercising a reasonable degree of control over employee speech and expression.

1026.3 SAFETY

Employees should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Idaho Springs Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1026.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Idaho Springs Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to or related to the Idaho Springs Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Idaho Springs Police Department or its employees. Examples include statements that indicate disregard for the law or the state or U.S. Constitution; expression that demonstrates support for criminal activity; participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen to jeopardize employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Idaho Springs Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial gain, or data classified as confidential by state or federal law, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Idaho Springs Police Department on any personal or social networking or other website or web page without the express authorization of the Chief of Police.
- (h) Accessing websites for unauthorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:

In addition, an employee is required to take reasonable and prompt action to remove any content that is in violation of this policy, whether posted by the employee and/or others, from any web page or website maintained by the employee (e.g., social or personal website).

1026.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Idaho Springs Police Department or identify themselves in any way that could be reasonably perceived as representing the Idaho Springs Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1026.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1026.5.1 OTHER PRIVACY CONSIDERATIONS

Members should consider that privacy protection varies among social media sites and personal information posted on such sites may not be protected.

1026.6 CONSIDERATIONS

1026.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

Line-of-Duty Deaths

1030.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Idaho Springs Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1030.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1030.2 POLICY

It is the policy of the Idaho Springs Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1030.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Supervisor and Dispatch.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Chief of Police section of this policy).
- (b) The Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Supervisor or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

Idaho Springs Police Department

Line-of-Duty Deaths

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1030.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Supervisor or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Idaho Springs Police Department members may be apprised that survivor notifications are complete.

1030.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1030.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

 - 4. Related funding or accounting questions and issues.
- (c) Working with the Benefits Liaison to establish a process for the receipt of public donations to the deceased member's survivors.
- (d) Providing accounting and cost information as needed.

1030.7 CHIEF OF POLICE

In the event of a line-of-duty death, the department's [PIO] should be the department's contact point for the media. As such, the [PIO] should coordinate with the Department Liaison to:

- (a) Collect and maintain the most current incident information and determine what information should be released.
- (b) Ensure that department members are instructed to direct any media inquiries to the [PIO].
- (c) Prepare necessary press releases.
 - 1. Ensure coordination with other entities having media roles (e.g., outside agencies involved in the investigation or incident).
 - 2. Ensure that important public information is disseminated, such as information on how the public can show support for the Department and deceased member's survivors.
- (d) Arrange for community and media briefings by the Chief of Police or the authorized designee as appropriate.
- (e) Respond, or coordinate the response, to media inquiries.
- (f) If requested, assist the member's survivors with media inquiries.
 - 1. Brief the survivors on handling sensitive issues such as the types of questions that reasonably could jeopardize future legal proceedings.
- (g) Release information regarding memorial services and funeral arrangements to department members, other agencies and the media as appropriate.
- (h) If desired by the survivors, arrange for the recording of memorial and funeral services via photos and/or video.

Line-of-Duty Deaths

The identity of deceased members should be withheld until the member's survivors have been notified. If the media has obtained identifying information for the deceased member prior to survivor notification, the [PIO] should request that the media withhold the information from release until proper notification can be made to survivors. The [PIO] should ensure that media are notified when survivor notifications have been made.

1030.8 DEPARTMENT CHAPLAIN

The Department chaplain may serve a significant role in line-of-duty deaths. His/her duties may include, but are not limited to:

- Assisting with survivor notifications and assisting the survivors with counseling, emotional support or other matters, as appropriate.
- Assisting liaisons and coordinators with their assignments, as appropriate.
- Assisting department members with counseling or emotional support, as requested and appropriate.

Further information on the potential roles and responsibilities of the chaplain are in the Chaplains Policy.

1030.9 INVESTIGATION OF THE INCIDENT

The Chief of Police shall ensure that line-of-duty deaths are investigated thoroughly and may choose to use the investigation process outlined in the Officer-Involved Shootings and Deaths Policy.

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

Involved department members should be kept informed of the progress of the investigations and provide investigators with any information that may be pertinent to the investigations.

1030.10 LINE-OF-DUTY DEATH OF A LAW ENFORCEMENT ANIMAL

The Chief of Police may authorize appropriate memorial and funeral services for law enforcement animals killed in the line of duty.

1030.11 NON-LINE-OF-DUTY DEATH

The Chief of Police may authorize certain support services for the death of a member not occurring in the line of duty.

Wellness Program

1031.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance on establishing and maintaining a proactive wellness program for department members.

The wellness program is intended to be a holistic approach to a member's well-being and encompasses aspects such as such as physical fitness, mental health, and overall wellness.

Additional information on member wellness is provided in the:

- Chaplains Policy.
- Line-of-Duty Deaths Policy.

Peer support – Mental and emotional wellness support provided by peers trained to help members cope with critical incidents and certain personal or professional problems.

1031.2 POLICY

It is the policy of the Idaho Springs Police Department to prioritize member wellness to foster fitness for duty and support a healthy quality of life for department members. The Department will maintain a wellness program that supports its members with proactive wellness resources, critical incident response, and follow-up support.

1031.3 WELLNESS COORDINATOR

The Chief of Police should appoint trained a wellness coordinator. The coordinator should report directly to the Chief of Police or the authorized designee and should collaborate with advisers (e.g., Personnel Department, legal counsel, licensed psychotherapist, qualified health professionals), as appropriate, to fulfill the responsibilities of the position, including but not limited to:

- (a) Identifying wellness support providers (e.g., licensed psychotherapists, external peer support providers, physical therapists, dietitians, physical fitness trainers holding accredited certifications).
 1. As appropriate, selected providers should be trained and experienced in providing mental wellness support and counseling to public safety personnel.

 2. Training and applicable certification requirements.
 3. Deployment.
 4. Managing potential conflicts between peer support members and those seeking service.
 5. Monitoring and mitigating peer support member emotional fatigue (i.e., compassion fatigue) associated with providing peer support.

- (c) Verifying members have reasonable access to peer support or licensed psychotherapist support.
- (d) Establishing procedures for CISDs, including:

A Critical Incident Stress Debriefing should occur as soon as practicable following a critical incident. The coordinator is responsible for organizing the debriefing. Notes and recorded statements shall not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a critical incident.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law, or a valid court order.

Attendance at the debriefing should only include peer support members and those directly involved in the incident.
