### Effective Training Applied in Overdose Incident

12/09/22

On November 02, 2022, Clear Creek County Public Health Department's staff members trained members of the Idaho Springs Police Department and Clear Creek County Sheriff's Deputies on safely and effectively administering Naloxone also known as NARCAN ©. The course taught Officers and Deputies how to recognize the signs of and opioid overdose and how to administer the opioid overdose reversal drug known as Naloxone.

On December 08, 2022, ISPD officers and CCSO deputies responded to 2300 block of Virginia Street on a report of CPR in progress for an unresponsive 34-year-old male. The male party was suspected to have overdosed on Fentanyl. Officers and deputies were able to perform CPR and successfully administer Naloxone. The male party began breathing and regained consciousness as Clear Creek County EMS personnel arrived on the scene. The male was transported to hospital in the Denver Metro area where is expected to make a full recovery.
